Dear Reader,

I write this letter to whom it may concern that I do not wish to raise my right to my Preliminary hearing. For my attourney to do so would be a violation of my rights to my Preliminary hearing if he is to do so without my Pemission. He can lose his license to Practice law in the State of missouri and get disbarred. He has a duty to work with me and at least give me the respect to spend time with me about my wishes. I would like him removed from my case if and only if he does so. I understand that the Judge took an oath to defend my right's as a court apponited offical. I dont believe a man of the Judges civic Stature and intellect could ill afford to embrace base law breaking. I ask that the prosecution does not ask to send my case to the grand Jury and that my lawyer, does defend me and that the Judge doesn't allow the Prosecution to do so. I am mailing this letter to the following Parties my lawyer, the Prosecution and the Judge and I am keeping a copy for myself for a Paper trail in case I need one to file a writ to Jefferson city Supreme court.

My Best,
Mr. Evans
