Ryan – I am still catching up on everything, but a couple of things of note. First, it's Kolb not Kob. Second, please make sure you include Frank on any communications with me. Third, it's hard to decipher through the name calling, self-adulation, etc. below exactly what you think the issues are here.

Do you want additional depos? Do you just want a custodian of record affidavit? What exactly remains incomplete about the prior document production? Etc.

If you care to distill those issues down, I think I can be of some help here. Thanks.
