case number -23 BA-CV03947
806 Doe Run Court

Ashland, Mo 65010

Dear Honorable Shaw

I would like to request a continuance on this matter, as I am having surgery on 11-7-2023 for a complete hysterectomy and will not be able to drive and do not know how my recovery will be this soon after procedure. My doctor has informed me I will need 6-8 weeks for recovery as I have had a biopsy with a positive Uterine Cancer diagnosis.

I have included the aapointment letter from the University Hospital.

Thank you for you consideration with this matter.

I would like to request another continuance in this matter. I am still on medical leave + recovering. Approx release date from dr is now 1-2.

Thank you
