In re the Matter of: **JAMES MOTLIK,** **Petitioner,** **and** **KATHRYN DAVIS,** **Respondent.**	**Cause No. 23SL-DR04759** **Division 64**

CONSENT JUDGMENT AND ORDER FOR OUR FAMILY WIZARD

COME NOW the parties, by and through their respective undersigned counsel, and for their Consent Judgment and Order for Our Family Wizard, hereby agree as follows:

1. Petitioner and Respondent agree that communication is an essential tool for parents when making arrangements according to established parenting time schedules. It is in the best interests of the children to have both parties aware of events in the children's life and keep up-to-date with any modifications or exchanges.

2. This Order is intended to require both parties to utilize this program so that their communication is documented by using the Message Board, and to provide a method by which they may advise each other of his/her schedule and the children's schedules and to communicate concerning scheduling issues or changes by using the program's calendar features. The parties shall thereafter not e-mail or text message each other directly regarding issues relating to the children but shall post all communication exclusively on the website. The parties shall elect to receive texts or email alerts about new activity using the Daily Digest or On Action Option. If a parent has downloaded the Our Family Wizard app (recommended), they shall activate the Push

Notifications to ensure they receive notices of any changes. Once they are enrolled in the program, they shall not communicate by text or telephone except regarding matters of emergency regarding the child that must be acted upon in less than 24 hours. This is in no way meant to limit a parent from calling the other parent to speak with or FaceTime with the children. Both parties shall sign in to the "Our Family Wizard" at least once per day and reply to any messages left there for them by the other parent. If a parent posts a message on the website that requires a response by the other parent, such parent shall respond within 48 hours unless it is clear from the message itself that a longer response time is acceptable.

3. The parties are required to utilize the program fully to schedule and advise the other of scheduling changes or requests with regard to each parent's parenting time with the children and such other communication that is necessary in relation to their children. Each parent shall update Family Wizard with all appointments, activities, practices, games, lessons, tutoring, etc., so that the complete schedule for each child is visible to both parents. Changes to the children's schedules shall be made in Family Wizard the day the schedule, appointment, etc., is known to the parent(s). The parties shall utilize the OFW pay expense feature to record and formalize all potentially reimbursable expenses in order to mitigate the necessity to litigate in the future each request or record. In the event there is a request for reimbursement for a caretaker or individual childcare provider (where there is not a formal receipt for services), a log of the hours and days of child care shall be attached. Each parent shall preserve the original of any scanned or photographed document posted.

4. Neither parent may commit either child to an activity without the prior agreement of the other parent in some written format. Changes in schedule within an already approved activity should be communicated following the rules set out above.

5. Both parties shall authorize Professional Access to a Guardian ad Litem appointed in their case and any mediator in the case, and any Parent Coordinator and/or any co-parenting counselor requesting access, using the "Permission for Professional Access" document.

6. This Order of the Court shall remain in full force and effect until further Order of the Court or written agreement of the parties.
