Brief Description of Case (May be completed on a separate page)

Custody/ Paternity matter which has resulted in the violation of the Respondent's parental rights. Sole legal custody was granted to the paternal grandfather, Brian Wach, who has a criminal past of sexual harassment and violence on the Respondent.

Issues Expected To Be Raised On Appeal (May be completed on a seperate page. Appellant is not bound by this list.)

I, Alexandra M. Dean, hereby submit this Notice of Appeal to bring the unfortunate issue(s) of venue and jurisdiction, the denial of due process, and many other critical errors to the attention of the Court. It is my sincere belief that the Circuit Court's ruling in this case was made in grave error due to neglect, fraud, and irregular/void judgment. This is due to the fact that the original petition was filed in the wrong jurisdiction, they failed to hold a preliminary injunction trial, and my previous councils were colluding inorder to grant a Temporary Restraining Order. This unlawful T.R.O. resulted in my offspring being removed from my custody in breach of Supreme Court Rule 74.06 - Relief From Judgment or Order. Not to mention, my offspring at the center of this custody dispute were not born out of wedlock, which draws question(s) to why I am being upheld to laws that fall under a dissolution of marriage.
