Brief Description of Case (May be completed on a separate page) The case being appealed is a judgment and decree of dissolution of marriage issued on June 26, 2023.

Issues Expected To Be Raised On Appeal (May be completed on a separate page. Appellant is not bound by this list.) Appellant expects to raise the following issues on appeal: (1) The trial court erred in finding the parties had settled or resolved all issues except fees and payment of a loan, thus impermissibly limiting the trial testimony and judgment; (2) The trial court erred as a matter of law by awarding a premarital loan in the name of Petitioner to Respondent. (3) The trial court abused the discovery when it awarded the balance of Petitioner's premarital loan to Respondent. (4) The trial court abused its discretion in awarding fess to Petitioner.
