**OPINION SUMMARY**

Anthony K. Hill appeals the judgment entered upon a jury verdict convicting him of two counts of first-degree statutory rape, one count of second-degree statutory rape, three counts of first-degree statutory sodomy, one count of second-degree statutory sodomy, and one count of first-degree child molestation.

AFFIRMED.

Division One holds:

The record does not support Hill's claim that juror nondisclosure actually occurred. Accordingly, the trial court did not abuse its discretion in denying Hill's motion for a new trial based on juror misconduct.
