Phi H. Nguyen (Appellant) appeals from the trial court’s judgment entered upon a jury verdict convicting him of second-degree domestic assault and armed criminal action. On appeal, Appellant contends the trial court erred in overruling his objections to the court’s questioning of a witness and to the admission of the victim’s medical records.

AFFIRMED.

Division Two Holds: Appellant has failed to demonstrate any trial court error, plain or otherwise, related to the court’s examination of the witness. Appellant waived appellate review of the admission of the victim’s medical records by consenting to their admission at trial.
