2019

CALENDAR YEAR

MISSOURI

JUVENILE & FAMILY DIVISION

ANNUAL REPORT

MISSOURI COURTS
Judicial Branch of Government

Submitted by:
Supreme Court of Missouri
Office of State Courts Administrator (OSCA)
Prepared by:
Court Business Services Division
Research Unit

Table of Contents

Introduction

The *Missouri Juvenile and Family Division Annual Report* provides a comprehensive account of both case activity and youth served for calendar 2019. This report presents general population data for Missouri youth; summary statistics on the youth referred for status, law, and abuse and neglect to Missouri's juvenile division; the risk and needs characteristics of the juvenile offender population; detention and DYS populations; recidivism rates; certifications of juveniles to adult court; disproportionate minority contact rates; Juvenile Officer Weighted Workload; time standards for child abuse and neglect cases; self-reported compliance rates for the recently adopted Juvenile Officer Performance Standards; and Juvenile and Family Division programs with participation rates.

The *Missouri Juvenile and Family Division Annual Report* is not possible without the help of Missouri's juvenile and family court staff. It is their commitment to improving outcomes for court involved youth and their families that ensures the integrity of the information reported here.

Section 1: Missouri's Youth Population

Section 1 describes the 2018 population of Missouri's youth (ages 10-17). This description provides a useful context for considering subsequent sections of the report related to a subset of youth involved with juvenile and family court divisions in Missouri [Source: Missouri Census Data Center].

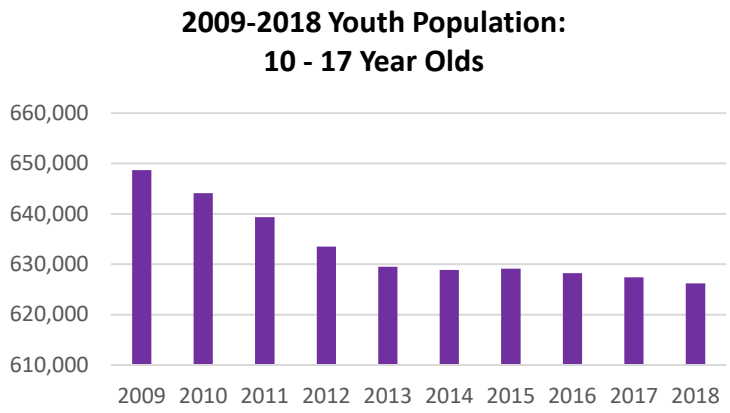

Figure 1-1 Youth Population
In CY18, Missouri's youth population, ages 10-17, was 626,170. This represents less than a 1% decrease from the previous year; and a 3.5% decrease from 2009.

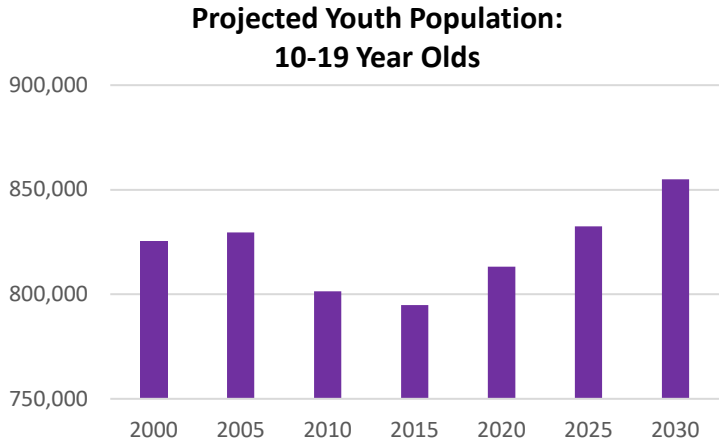

Figure 1-2 Projected Youth Population
Population projections, compiled in 2008 for the Missouri youth population, suggested it will decrease until approximately 2015 at which time the population will increase at an average rate of nearly 2.5% every 5 years until 2030.

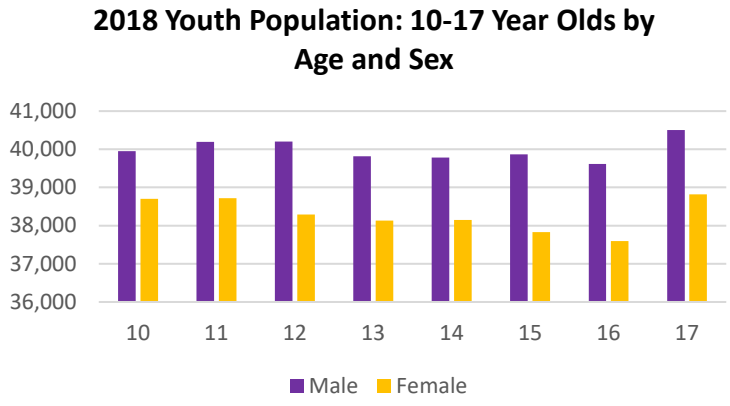

Figure 1-3 Youth Population by Age and Sex
In CY18, males outnumbered females across all age groups in Missouri's population of 10-17 year old youths.

Figure 1-4 Youth Population by Sex

In CY18, 51% [319,938] of Missouri's youth population was male and 49% [306,232] was female. These percentages have not changed over the last five years.

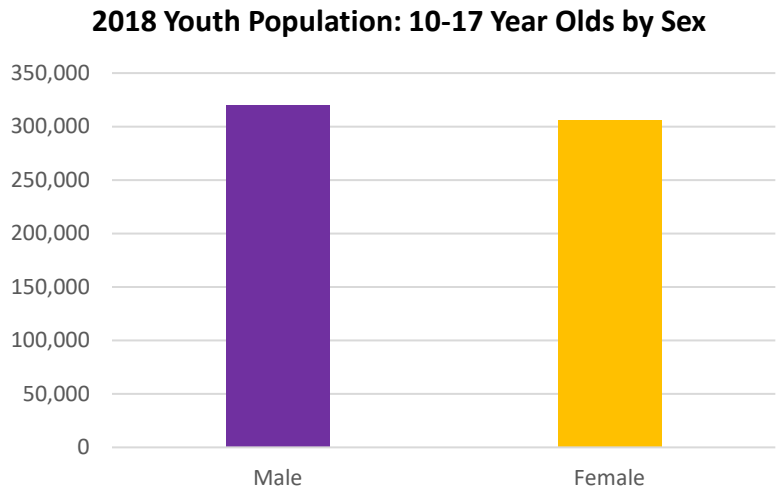

Figure 1-5 Youth Population by Race

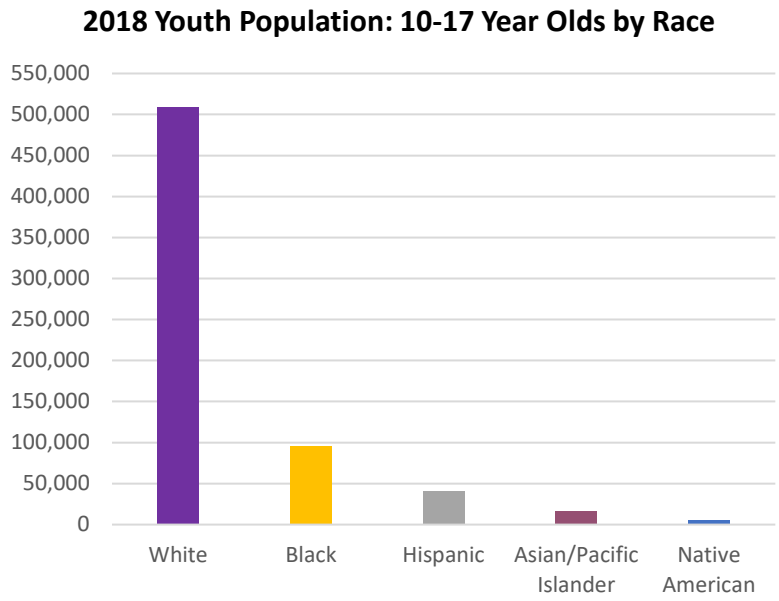
Between CY17 and CY18, the Missouri population of Asian/Pacific Islander youth increased by 3.8% to 16,811. The population of Hispanic youth increased by 1.9% to 41,313, while the population of Black youth increased .3% from the previous year to 95,705. The population of Native American youth decreased by 1.8% to 4,892 over the previous year, and the population of White youth decreased .4%, to 508,762.



Section 2: Juvenile & Family Division Referrals

The Missouri Juvenile Officer Performance Standards (2017) define a juvenile and family division referral as *"the initial information provided to the juvenile officer from the referring agency inclusive of the identifying information and basis for the jurisdiction of the juvenile court."* For the purpose of annual reporting, unless otherwise indicated, disposed referrals represent the unit of measurement, not individual youth. A disposition refers to the outcome or finding of a referral [see pages 14-15 for details about how these dispositions are reported in Missouri's Judicial Information System (JIS)].

The juvenile and family division is responsible for processing and supervising four referral types:

- **Status Offenses:** Status offense referrals include Behavior Injurious to Self/Others, Habitually Absent from Home, Truancy, Beyond Parental Control, and Status-Other. **Note:** The following offenses were also counted as Status Offenses: Juvenile Municipal Ordinance violations, which are those municipal ordinance violations that are explicitly labeled with "JUVMUNI" in the charge code (http://www.mshp.dps.missouri.gov/MSHPWeb/PatrolDivisions/CRID/documents/2016JuvenileChargeCodes.pdf).

- **Law Offenses:** Law offense referrals include all criminal violations listed in the Missouri Charge Code Manual, including infraction and ordinance violations, except Juvenile Municipal Ordinance violations.

- **Child Abuse and Neglect (CA/N):** CA/N referrals are allegations of child abuse or neglect where the child is the victim or custody related matters are an issue. Abuse referrals include Abuse-Emotional, Abuse-Incest, Abuse-Other Sexual, and Physical Abuse. Neglect referrals include Abandonment, Neglect-Education, Neglect-Improper Care/Supervision, Neglect-Medical Care, Neglect-Surgical Care, and Neglect-Other. Custody referrals include Abduction, Protective Custody, Transfer of Custody, Termination of Parental Rights, and Relief of Custody.

- **Administrative:** Administrative referrals include Violation of Valid Court Order, Juvenile Informal Supervision/Technical Violation, and Juvenile Formal Supervision/Technical Violation.[1]

Section 2 presents information on disposed referrals at the state level for the juvenile and family division in calendar year 2019.

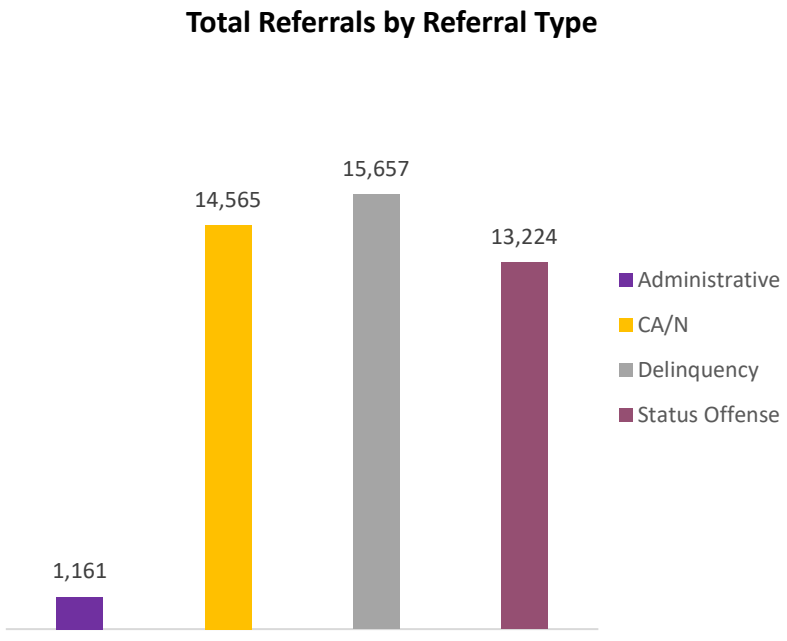
[1] Counts of Administrative referrals throughout this report include these additional violations: Prob / Parole Violation and Probation Violation (Municipal Ordinance). While not sanctioned for use on juvenile referrals, circuits have used these charge codes in calendar year 2019.

Table 2-1 Source of Referrals
Referrals to Missouri's juvenile and family division originate from a variety of sources. In CY19, 46% of all referrals originated from some type of law enforcement agency (Municipal Police, County Sheriff, Highway Patrol, and Other Law Enforcement), primarily municipal police [37%]. The Children's Division of Missouri's Department of Social Services accounted for 21% of all referrals. An additional 21% of referrals occurred at schools (School Personnel and Resource Officer).
Missing Data [488]

Source of Referral	Frequency	Percentage
Municipal Police	16,686	37.8%
Children's Division	9,221	20.9%
School Personnel	6,191	14.0%
County Sheriff	3,229	7.3%
School Resource Officer	2,957	6.7%
Juv Court Personnel	2,039	4.6%
Parent	1,432	3.2%
Other	941	2.1%
Other Law Enforcement	404	0.9%
Other Juv Court	403	0.9%
Private Social Agency	233	0.5%
Highway Patrol	167	0.4%
Other Relative	135	0.3%
Public Social Agency	35	0.1%
Victim or Self	33	0.1%
DMH	13	0.0%
Grand Total	**44,119**	**100.00 %**

Figure 2-1 Referrals by Referral Type
In CY19, a total of 44,607 referrals were disposed. The largest percentage [35%, 15,657] was for law violations. The rest of the referrals were divided between abuse/neglect allegations [33%, 14,565], status offenses [30%, 13,224], and administrative offenses [3%, 1,161].
Missing Data [0]

Note: Juvenile Municipal Ordinance violations are included with status referrals.



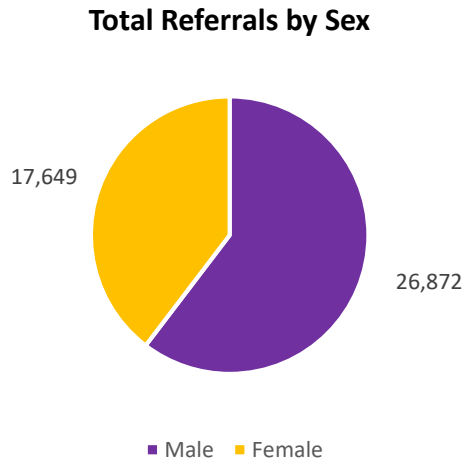


Figure 2-2 Referrals by Sex
For all the disposed referrals in CY19, males were responsible for 60% [26,872] and females for the remaining 40% [17,649].
Missing Data [86]

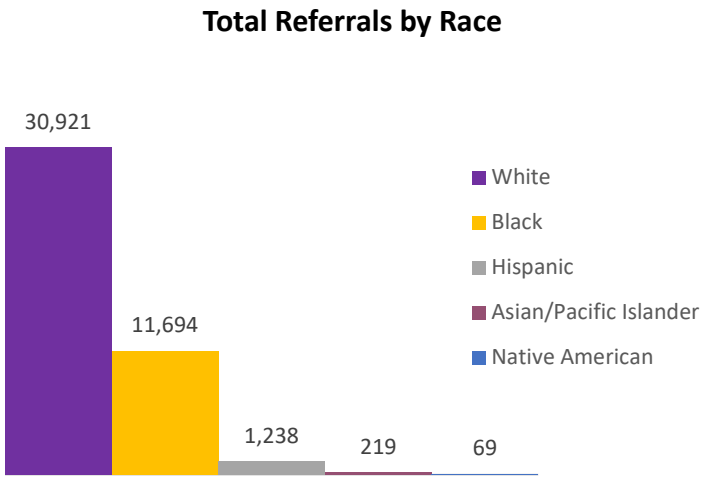

Figure 2-3 Referrals by Race
Approximately, 69% [30,921] of all disposed referrals were for white youth and 26% [11,694] for black youth. Hispanic youth accounted for 2.8% [1,238], Asian/Pacific Islander youth accounted for 0.5% [219], and Native American youth accounted for 0.2% [69].
Missing Data [466]

Total Referrals by Age

Age	Frequency	Percentage
< 10	10,501	23.6
10	1,465	3.3
11	2,074	4.7
12	3,154	7.1
13	4,583	10.3
14	6,336	14.2
15	7,274	16.3
16	7,922	17.8
> = 17	1,279	2.9
Grand Total	**44,588**	**100.0 %**

Table 2-2 Referrals by Age
The youngest age group, under 10 years, was responsible for 23.6% [10,501] of all referrals. Youth aged 16, were responsible for the next largest proportion of referrals, [17.8%, 7,922], followed by youth aged 15, [16.3%, 7,274] and youth aged 14 [14.2%, 6,336].
Missing Data [19]

Figure 2-4 Youth Referral Trend
The total number of disposed referrals declined by 33% from 2008 to 2019. The trend shows the greatest decrease in delinquency referrals (-56%). While status referrals decreased (-23%), CA/N referrals increased (17%), and administrative referrals decreased (-43%) over that period. Since last year, there was a decrease in status referrals (-2%), delinquency (-3%), and administrative referrals (-25%) and an increase in CA/N referrals (1%).

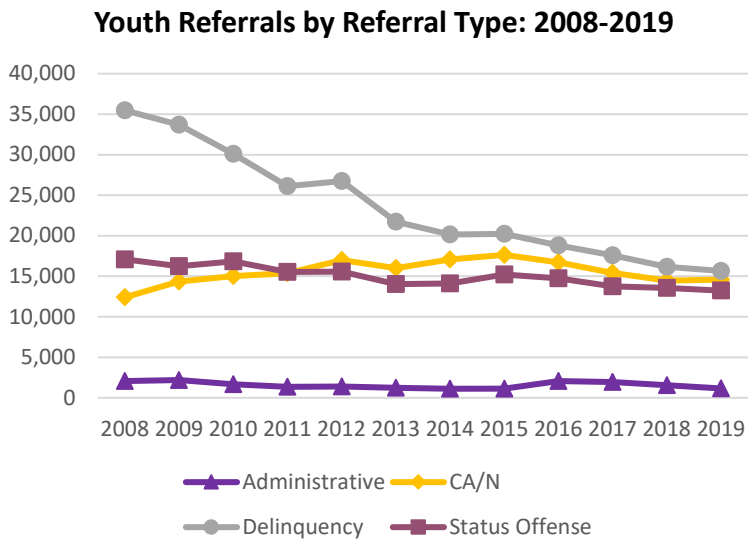

Figure 2-5 Youth Referrals by Sex
Disposed referrals declined more for males (-36.8%) than for females (-27%) from 2008 to 2019. Between 2018 and 2019, the number of referrals of males declined by 4.2% but the referrals of females increased by 2.4%.

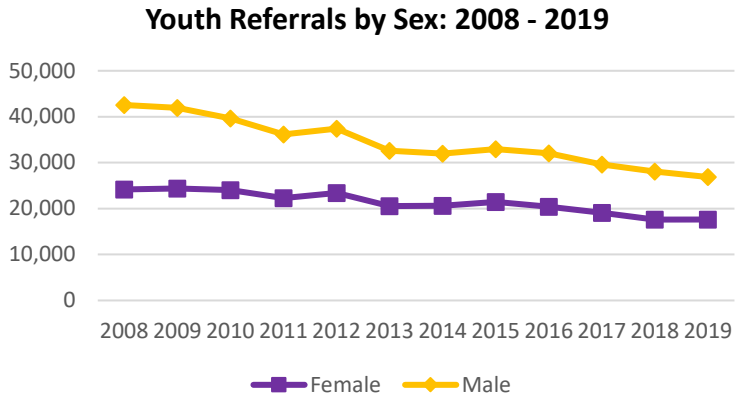

Figure 2-6 Youth Referrals by Race
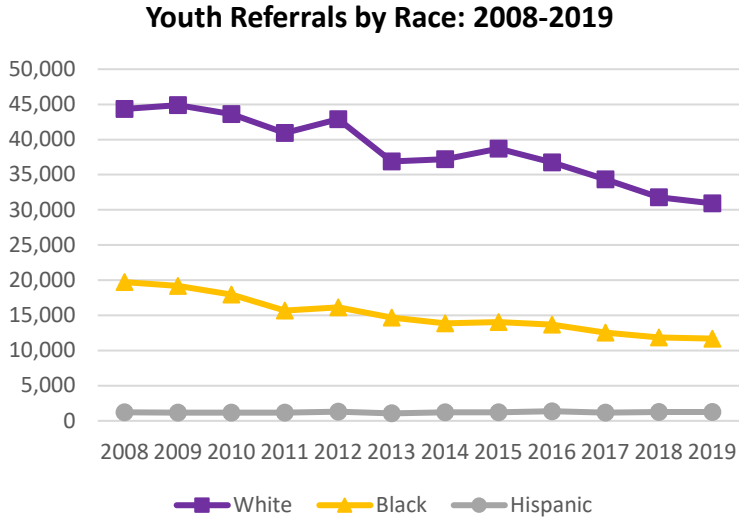
From 2008-2019, disposed referrals declined for black youth (-40.7%), white youth (-30.2%), Asian/Pacific Islander youth (-2.7%) and Native American youth (-25.8%). Disposed referrals of Hispanic youth increased (3.8%).

Note: Asian/Pacific Islander and Native American youth are not displayed to maintain readability.



The juvenile and family division responds to referrals either through a formal or informal process. Through the formal process, a juvenile officer files a petition in the juvenile and family division to have a judge hear and determine the outcome of the allegations contained in the petition. Through the informal process, a juvenile officer determines the disposition of the allegations contained in the referral without filing a petition seeking formal judicial jurisdiction. The following referral dispositions are recorded on the ***Site Defined (COASITE)*** form of the ***Custom Docket Entry and Maintenance (CDADOCT)*** of JIS.

Formal Dispositions:

Allegation True, Youth Receives Out-of-Home Placement – A judicial action finding the allegation true. Youth is placed out-of-home with the Division of Youth Services (DYS), in foster care, with a relative, or with a private or public agency. [JIS Docket = DVPTN]

Allegation True, Youth Receives In-Home Services – A judicial action finding the allegation true. Youth receives services while remaining in his or her home. This disposition requires the youth to receive supervision through the juvenile division. [JIS Docket = DVPTN]

Allegation True, No Services – A judicial action finding the allegation true; however, the youth receives no services or supervision. [JIS Docket = DVPTN]

Allegation Not True – A judicial action which results in the termination of a juvenile case during the initial juvenile division hearing because the allegation is found not true. [JIS Docket = DVPTN]

Sustain Motion to Dismiss – A judicial action which results in a motion to dismiss the petition before the initial division hearing. [JIS Docket = DVPTN]

Juvenile Certified – Felony Allegation - A judicial action sustaining a motion to dismiss a petition to the juvenile division and allow prosecution of youth under the general law. [JIS Docket = DVPTN]

Informal Dispositions:

Informal Adjustment with Supervision: Any informal non-judicial activity that occurs without the filing of a petition and involves supervision of youth by written agreement and complies with Missouri Supreme Court Rules for an informal adjustment conference and the relevant contact standards contained in the Missouri Juvenile Officer Performance Standards. This disposition requires completion of the risk and needs assessment when the referral is for a status or delinquency allegation. [JIS Docket = VIAWS]

Informal Adjustment without Supervision: Any informal non-judicial activity that occurs without the filing of a petition and involves supervision of youth by written agreement and complies with Missouri Supreme Court Rules for an informal adjustment conference. Although services may be monitored, this disposition does not include direct supervision of a youth in accordance with the Missouri Juvenile Officer Performance Standards. However, because the disposition is applied on the basis of an informal adjustment conference, completion of the mandated risk and needs assessments is required when the referral is for a status or delinquency allegation. [JIS Docket = VIANS]

Informal Adjustment, Counseled and Warned: Any informal non-judicial activity that entails no more than brief face-to-face, telephone, or warning letter with the intent to inform, counsel, and warn the youth and/or family regarding a referral received. No official informal adjustment conference, per Supreme Court Rule is held; therefore completion of the mandated risk or needs assessments is not required when the referral is for a status or delinquency allegation. [JIS Docket = DVCAW]

Transfer to Other Juvenile Division: A non-judicial activity where a youth's case file and associated records are transferred to another juvenile division for disposition. Depending on when this disposition is applied, an official informal adjustment conference and associated assessments may or may not occur. [JIS Docket = DVTJC]

Transfer to Other Agency: A non-judicial activity where a youth's case file and associated records are transferred to another agency (CD, DMH, DYS, or other public or private agency) for disposition. Depending on when this disposition is applied, an official informal adjustment conference and associated assessments may or may not occur. [JIS Docket = DVTA]

Referral Rejected: The referral is rejected because there is insufficient information for administrative action to proceed or the referral is found not true. No informal adjustment conference is conducted and no assessments are required. [JIS Docket = DVRIE – Insufficient information; DVRNT – Not True]

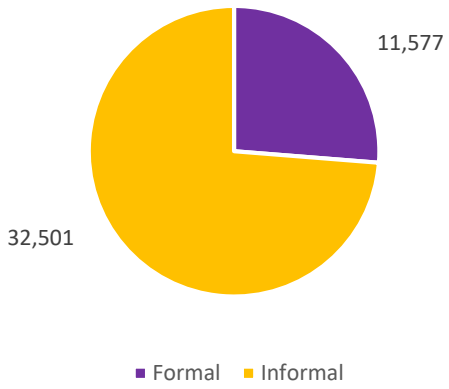


Figure 2-7 Youth Referrals by Action Taken

In CY19, 73% [32,501] of all referrals were disposed through the informal process. Only 26% [11,577] of referrals required formal court intervention.

Missing Data [529]

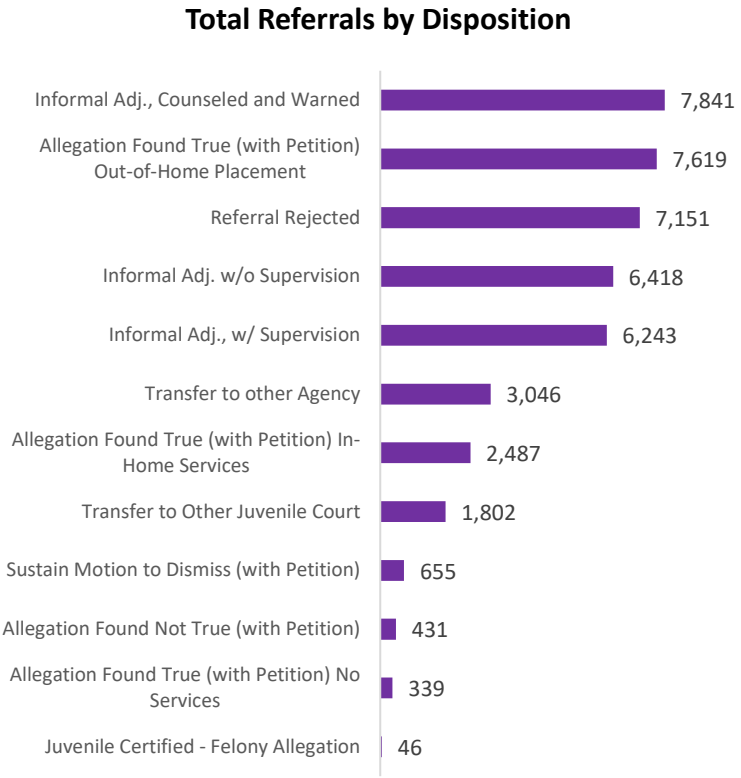

Figure 2-8 Youth Referrals by Disposition

Informal Adjustment, Counseled and Warned [17.6%, 7,841], Referral Rejected [16%, 7,151], and Informal Adjustment, Without Supervision [14.4%, 6,418] were the most frequently used method of disposing referrals. Allegation Found True with Out-of-Home Placement [17.1%, 7,619] was the most frequently applied formal disposition, followed by referrals where supervision was applied as an in-home service [5.6%, 2,487].

Missing Data [529]

Section 3: Law Violation Referrals

Section 3 describes law violation referrals disposed by Missouri's juvenile and family division. Law violation referrals made up 35% of all referrals disposed in calendar 2019. A law violation referral is counted as a single delinquent act represented by the most serious allegation charged (misdemeanor or higher). However, multiple delinquent acts may be associated with a single referral. **Note:** Infractions and municipal ordinances are included under law violations. Juvenile municipal ordinances are listed under status offenses.

Table 3-1 Source of Law Violation Referrals

The source of 81% of law violation referrals was some form of law enforcement agency (Municipal Police, County Sheriff, Highway Patrol, and Other Law Enforcement), primarily municipal police [67%] and county sheriff departments [12%]. Schools were the second highest referring agency [15%] (School Personnel and Resource Officer combined).

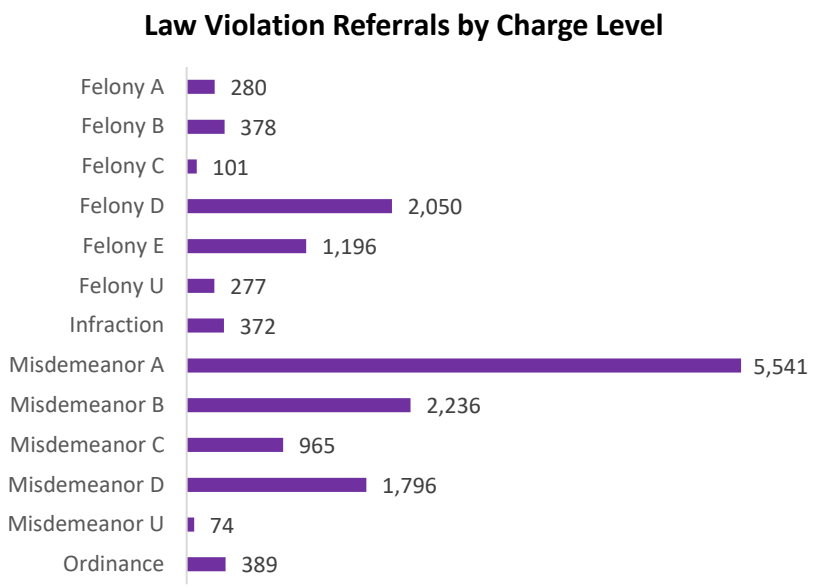
Missing Data [65]

Source of Referral	Frequency	Percentage
Municipal Police	10,518	67.5 %
School Resource Officer	1,978	12.7 %
County Sheriff	1,831	11.7 %
School Personnel	400	2.6 %
Other Law Enforcement	239	1.5 %
CD	168	1.1 %
Other Juv Court	166	1.1 %
Highway Patrol	107	0.7 %
Juv Court Personnel	98	0.6 %
Parent	48	0.3 %
Other	19	0.1 %
Victim or Self	10	0.1 %
Other Relative	4	0.0 %
DMH	2	0.0 %
Private Social Agency	2	0.0 %
Public Social Agency	2	0.0 %
Grand Total	**15,592**	**100.00 %**

Figure 3-1 Law Violation Referrals by Charge Level

Class A misdemeanors accounted for most of the law referrals [35.4%, 5,541], followed by Class B misdemeanors [14.3%, 2,236]. Felonies represented 27.3% of law referrals, with Class D being the most common type of felony referral [13%, 2,050]. Four percent of all law violations were for Class A and B felonies [280 & 378].

Missing Data [0]



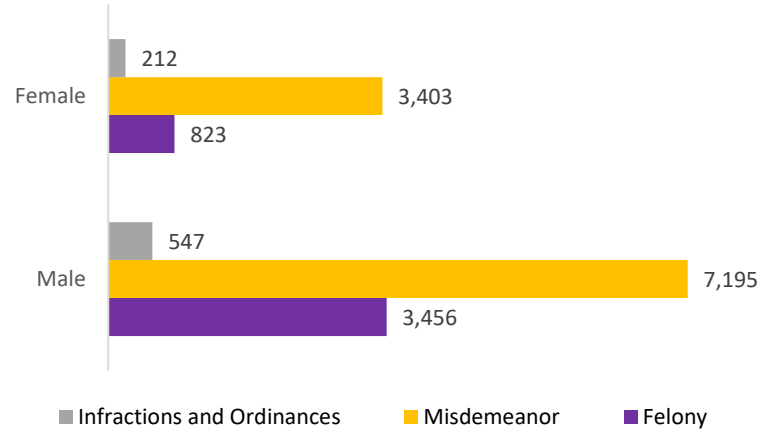


Figure 3-2 Law Violation Referrals by Charge Level and Sex

Law violations at the misdemeanor level were the most common allegation for both male and female offenders. However, within sex, the percentage of referrals for misdemeanors was higher for females [77%, 3,403] than for males [64%, 7,195]. Conversely, males were referred at a higher rate [31%, 3,456] for felonies than were females [19%, 823].

Missing Data [19]

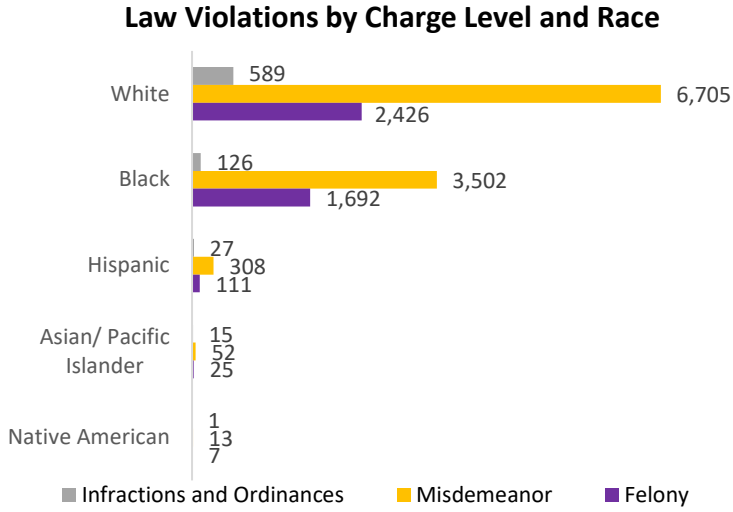

Figure 3-3 Law Violation Referrals by Charge Level and Race

Misdemeanor was the most common charge for all law violations. However, within race, the percentage of felony referrals was higher for most youth of color than white youth: Black youth [32%, 1,692], Asian/Pacific Islander youth [27%, 25], Hispanic youth [25%, 111], Native American youth [33%, 7], White youth [25%, 2,426].

Missing Data [56]

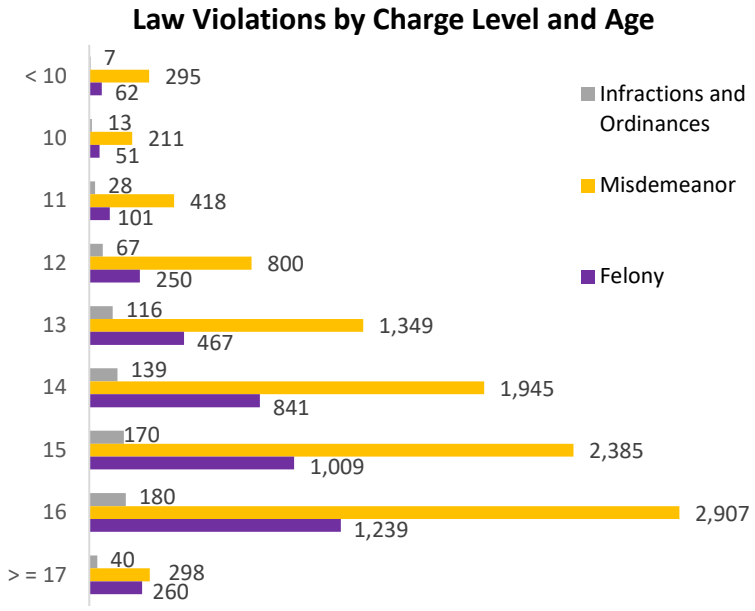

Figure 3-4 Law Violation Referrals by Charge Level and Age

Youth aged 15 and 16 years old were responsible for the largest number of misdemeanors and the largest number of felonies. However, youth under age 10 were proportionally the most likely to commit misdemeanors (81% of their violations), while youth aged 17 and older were proportionally the most likely to commit felonies (43% of their violations).

Missing Data [7]

Table 3-2 Top Law Violation Referrals

Violations for Assault, Stealing, Property Damage, Dangerous Drugs, and Peace Disturbance accounted for the majority [70%] of major allegations on law referrals. The Top 5 Law Violations remain unchanged from the previous year.

Missing Data [0]

The Top 5 Law Violations for Missouri is also in line with the *2014 National report of Juvenile Offenders and Victims* published by the National Center for Juvenile Justice.[2] In the United States, Larceny-Theft, Simple Assault, Drug Abuse Violations and Disorderly Conduct accounted for half of all juvenile arrests in 2010.

Note: Juvenile municipal ordinances are listed under status offenses.

Top Law Violations CY19	Frequency	Percentage
Assault	4,106	26.2%
Stealing	2,190	14.0%
Property Damage	1,895	12.1%
Dangerous Drugs	1,488	9.5%
Peace Disturbance	1,278	8.2%
Sexual Assault	771	4.9%
Invasion of Privacy	474	3.0%
Burglary	471	3.0%

Kidnapping	6	0.0%
Grand Total	**15,655**	**100.00 %**

[2] (National Center for Juvenile Justice, 2014)

Table 3-3 Law Violation Referrals by Major Allegation and Age Group

Fifty percent of all juvenile law violation referrals were committed by youth aged 15 and 16. These youth were responsible for 61% of homicides, 69% of drug charges, 64% of liquor law violations, 69% of robberies, and 56% of stealing referrals. Only kidnapping (67%) and public order crimes (42%) were committed at a higher rate by youth under the age of 12. Missing Data [7]

Note: Juvenile municipal ordinances are listed under status offenses.

Major Allegation	Age Range									Total
	<10	10	11	12	13	14	15	16	> =17

Figure 3-5 Law Violation Referrals by Action Taken

Eighty-two percent [12,884] of law violation referrals were disposed through the informal court process. Seventeen percent [2,680] required formal court intervention.

Missing Data [93]

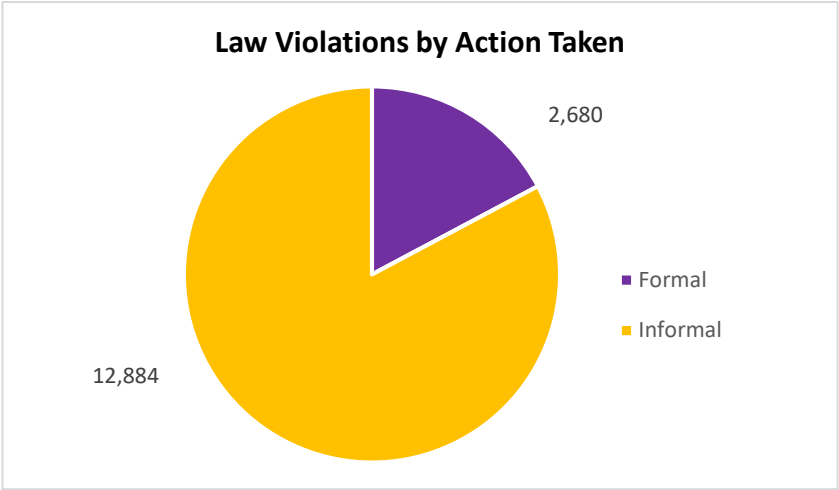

Figure 3-6 Law Violation Referrals by Disposition

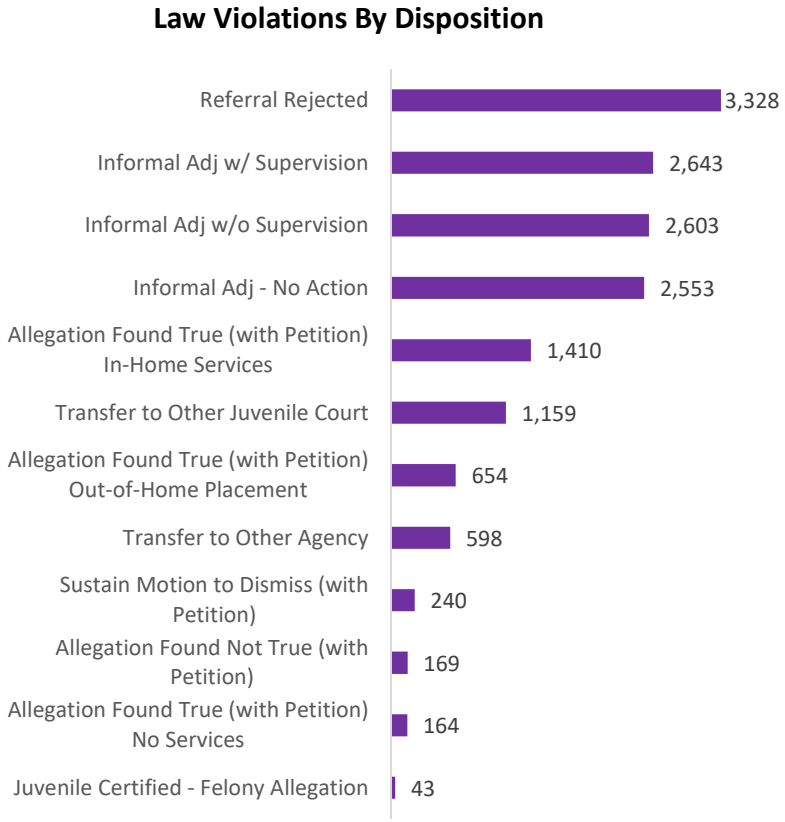
The most frequently used methods of disposing law violation referrals were Referral Rejected [21%, 3,328] and Informal Adj w/ Supervision [17%, 2,643]. Allegation Found True With In-Home Services was the most frequently applied formal disposition [9%, 1,410], followed by Allegation Found True-Out-of-Home Placement [4%, 654]. Less than 1% [43] of referrals resulted in petitions for Certification to Adult Court.

Missing Data [93]



Section 4: Status Offense Referrals

Section 4 describes status offense referrals disposed by the juvenile and family division. Status offense referrals made up 30% of all referrals in calendar 2019. A status violation referral is counted as a single behavioral act represented by the most serious allegation charged. However, multiple status offense acts may be associated with a single referral. **Note:** Juvenile Municipal Ordinances are included in Status Offenses.

Source of Referral	Frequency	Percentage
Municipal Police	4,975	37.7 %
School Personnel	4,266	32.3 %
County Sheriff	963	7.3 %
School Resource Officer	914	6.9 %
Parent	890	6.7 %
Children's Division	523	4.0 %
Juv Court Personnel	275	2.1 %
Other Law Enforcement	90	0.7 %
Other Relative	78	0.6 %
Other Juv Court	71	0.5 %
Other	71	0.5 %
Private Social Agency	35	0.3 %
Highway Patrol	30	0.2 %
Victim or Self	14	0.1 %
Public Social Agency	7	0.1 %
DMH	4	0.0 %
Grand Total	**13,206**	**100.0 %**

Table 4-1 Source of Status Offense Referrals

Forty-six percent of status violation referrals originated from some form of law enforcement agency (Municipal Police, County Sheriff, Highway Patrol, and Other Law Enforcement), primarily municipal police [38%] and county sheriff departments [7%]. Schools [39%] were the second highest referring agency (School Personnel and Resource Officer combined), followed by parents [7%] and Children's Division [4%].

Missing Data [18]

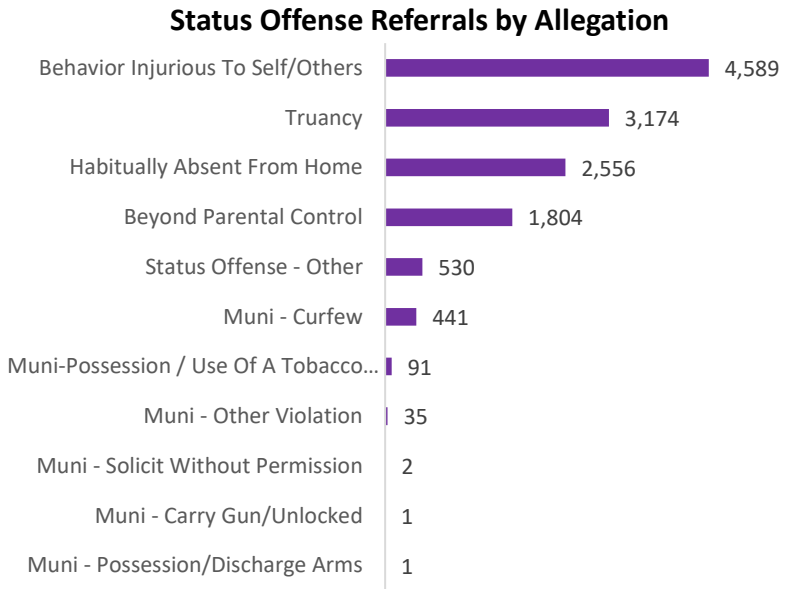


Figure 4-1 Status Offense Referrals by Allegation

Behavior Injurious to Self or Others [35%, 4,589] was the most frequent status offense for which youth were referred, followed closely by Truancy [24%, 3,174]. Muni-Curfew constitutes 3% of status offense referrals, while the remaining Juvenile Municipal Ordinance charges combined account for 1% of all status offense referrals.

Missing data [0].

Figure 4-2 Status Offense Referrals by Allegation and Sex

Behavior Injurious to Self/Others was the most common allegation for both males [38%, 2,963] and females [30%, 1,619]. An equal percentage of males [14%, 1,062] and females [14%, 739] were referred for Beyond Parental Control. Females were more likely than males to be referred for Truancy and Habitually Absent From Home. Males were more likely to be referred for all other offenses. Missing Data [15]

Note: Due to space constraints, only Muni-Curfew is included.

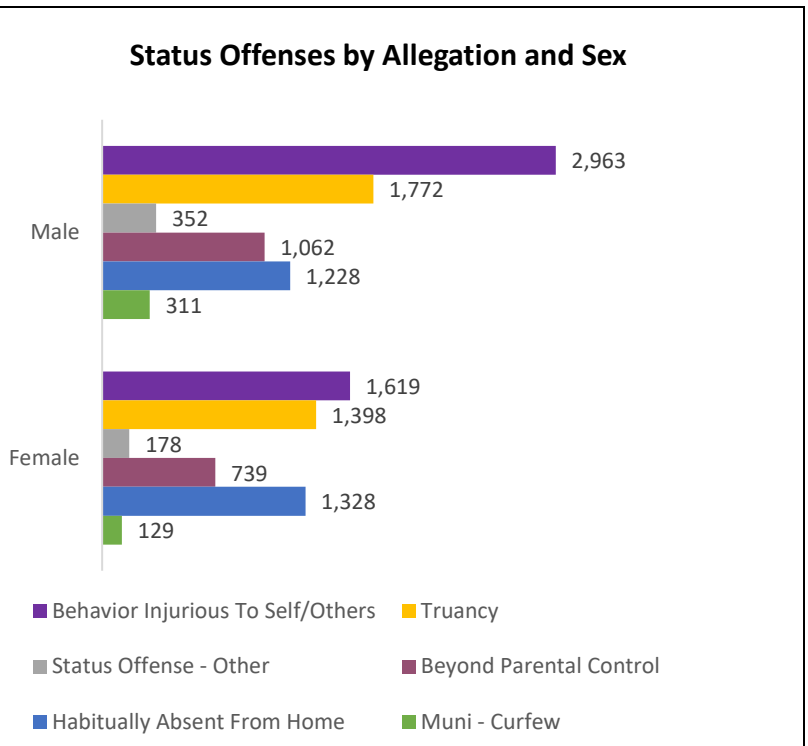

Figure 4-3 Status Offense Referrals by Allegation and Race

Behavior Injurious to Self/Others was the most common reason to be referred for White youth [38%, 3,775], Hispanic youth [36%, 124], and Native American youth [43%, 6]. Black youth were most frequently referred for Habitually Absent from Home [34%, 948]. Asian/Pacific Islander [39%, 21] youth were most referred for Truancy. Missing Data [162]

Note: Due to space constraints, only Muni-Curfew is included.

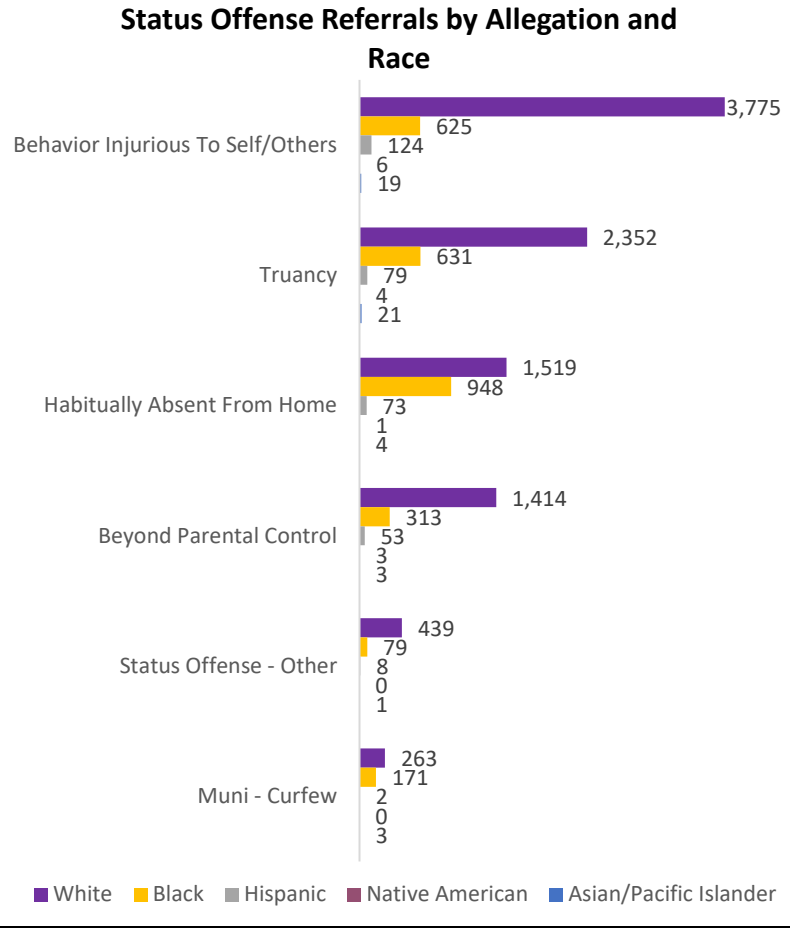

Table 4-2 Status Offense Referrals by Allegation and Age

Behavior Injurious to Self/Others was the most common type of referral for youth aged 12 and younger [50%, 1,626], youth in 13-14 age group [34%. 1,460**],** and youth age 17 or over [32%, 99]**.** Youth aged 15-16 years were referred an equal percentage for Truancy [26%, 1,395], Behavior Injurious to Self/Others [26%, 1,398], and Habitually Absent From Home [26%, 1,371]. Missing Data [8]

Grand Total	**831**	**426**	**745**	**1,277**	**1,812**	**2,452**	**2,658**	**2,702**	**313**

Figure 4-4 Status Offense Referrals by Action Taken
The vast majority of status offense referrals [92%, 12,189] were disposed through the informal process, leaving only 8% [1,009] to be disposed through the formal court process.
Missing Data [26]

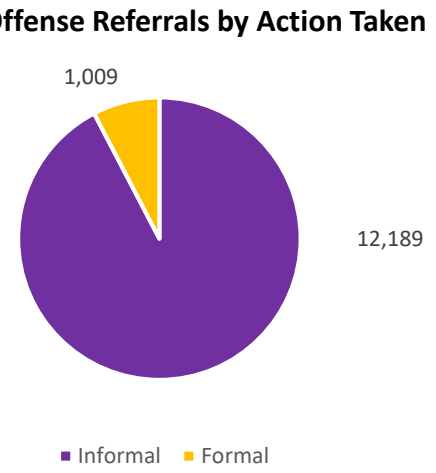

Figure 4-5 Status Offense Referrals by Disposition
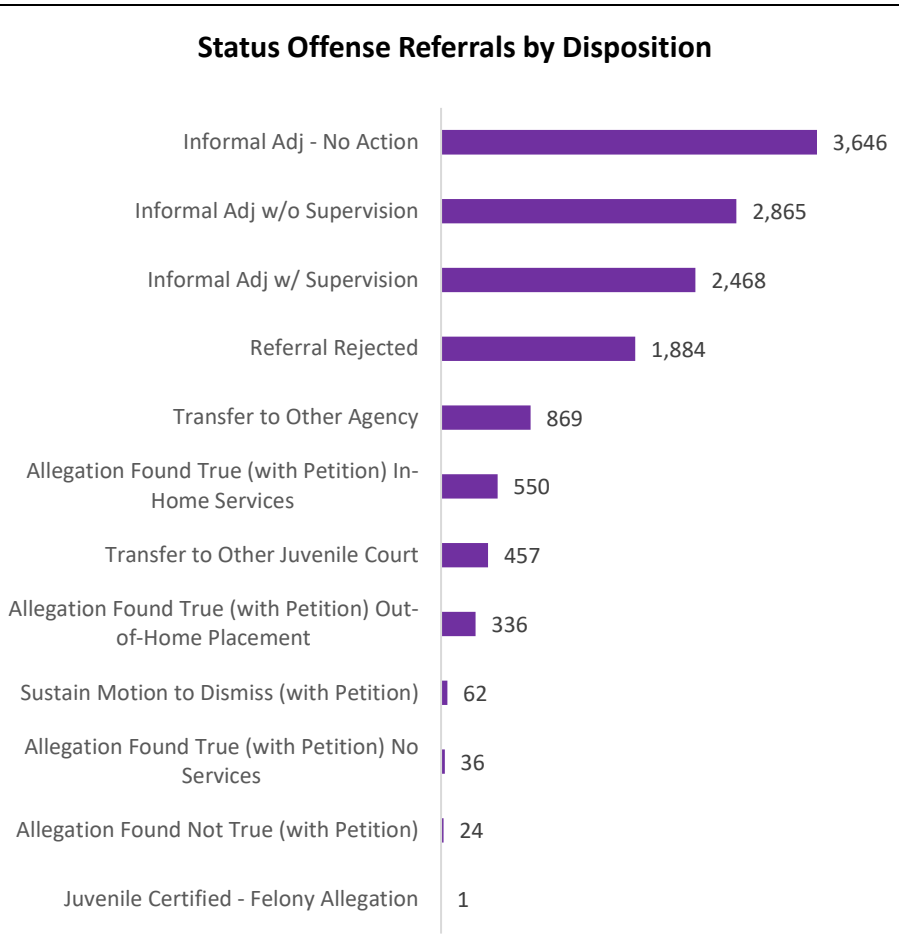
Informal Adjustment, No Action [28%, 3,646] was the most frequently used method for disposing status referrals, followed by Informal Adjustment without Supervision [22%, 2,865]. Allegation True with In-Home Services was the most frequently applied formal disposition [4%, 550].
Missing Data [26]



Section 5: Child Abuse and Neglect Referrals

Section 5 describes child abuse and neglect (CA/N) referrals disposed by Missouri's juvenile and family division. CA/N referrals made up 33% of all referrals in calendar 2019. A CA/N referral is counted as a single event, represented by the most serious allegation where a youth is the victim. However, a youth may be the victim of multiple incidences of abuse and/or neglect at the time at which they are referred.

Source of Referral	Frequency	Percent
Children's Division	8,486	59.9%
School Personnel	1,461	10.3%
Municipal Police	1,058	7.5%
Other	849	6.0%
Juv Court Personnel	834	5.9%
Parent	474	3.3%
County Sheriff	429	3.0%
Private Social Agency	185	1.3%
Other Juv Court	163	1.1%
Other Law Enforcement	75	0.5%
School Resource Officer	56	0.4%
Other Relative	47	0.3%
Highway Patrol	28	0.2%
Public Social Agency	19	0.1%
DMH	7	0.0%
Victim or Self	4	0.0%
Total	**14,175**	**100 %**

Table 5-1 Source of CA/N Referrals

The source of 58% of all CA/N referrals was Children's Division (CD) of Missouri's Department of Social Services (DSS). Law enforcement agencies (Municipal Police, County Sheriff, Highway Patrol, and Other Law Enforcement) were responsible for 11% of the referrals. Approximately, 10% of the referrals originated from schools (School Personnel and Resource Officer combined).

Missing Data [390]

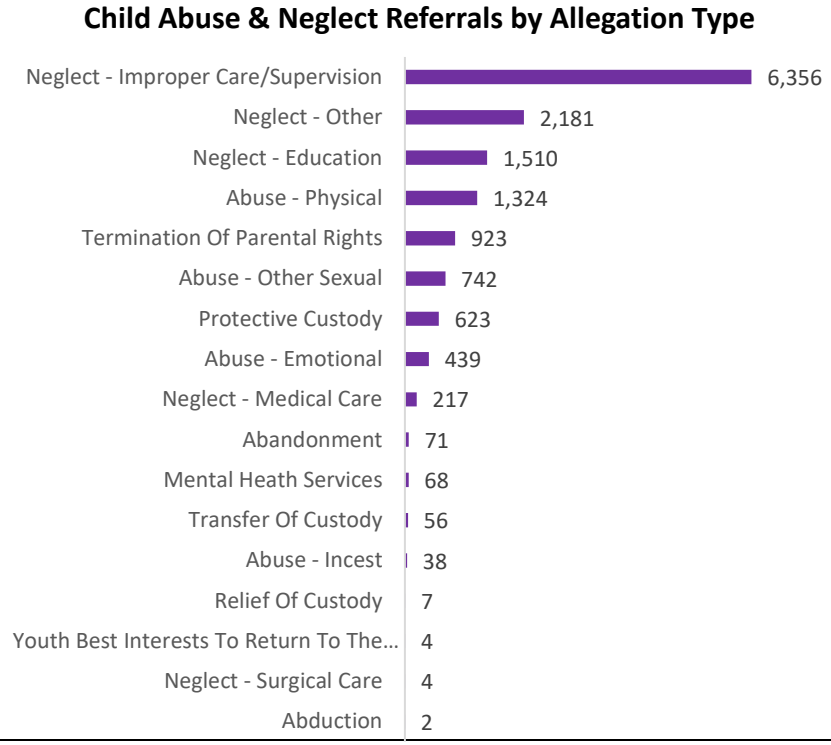


Figure 5-1 CA/N Referrals by Allegation Type

Neglect-Improper Care/Supervision represented [44%, 6,356] of all CA/N referrals, followed by Neglect-Other [15%, 2,181] and Neglect-Education [10%, 1,510].

Missing Data [0]

Figure 5-2 CA/N Referrals by Allegation and Sex

Within sex, the percentage of neglect related referrals were higher for males [73%, 5,156] than for females [70%, 5,153]. Conversely, referrals for abuse were greater for females [19%, 1,443] compared with their male counterparts [15%, 1,084].

Missing Data [52]

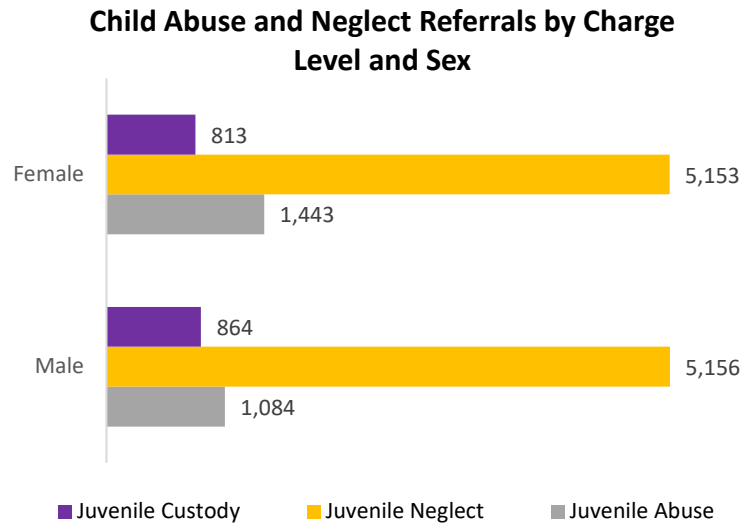

Table 5-2 CA/N Referrals by Allegation and Race

Neglect was the most common type of referral for all youth [71%, 10,152]. Proportionately, Hispanic youth were the most likely group to be referred for abuse [24%, 87].

Missing Data [248]

Race/Ethnicity	Juvenile Abuse	Juvenile Custody	Juvenile Neglect	Total
White	1,761	1,194	7,752	10,707
Black	627	434	2,088	3,149
Hispanic	87	33	246	366
Native American	6	5	23	34
Asian/Pacific Islander	12	6	43	61
Grand Total	**2,493**	**1,672**	**10,152**	**14,317**

Table 5-3 CA/N Referrals by Allegation and Age

The vast majority of abuse, neglect, and custody referrals were for youth 10 years of age and younger [64%, 9,299]. Neglect [71%, 10,338] was the most frequently reported allegation for all age groups.

Missing Data [4]

Age	Juvenile Abuse	Juvenile Custody	Juvenile Neglect	Total
< 10	1,371	1,127	6,801	9,299
10	135	78	551	764
11	172	78	526	776
12	152	71	500	723
13	168	70	492	730
14	171	85	499	755
15	172	81	463	716
16	150	59	340	549
> = 17	49	34	166	249
Grand Total	**2,540**	**1,683**	**10,338**	**14,561**

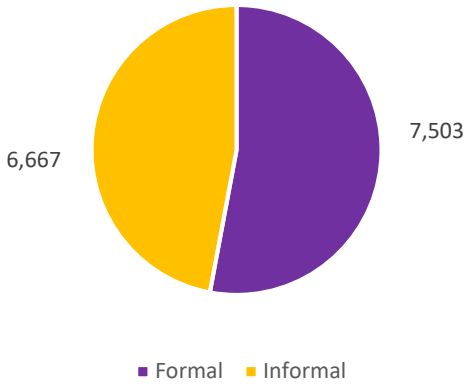

Figure 5-3 CA/N Referrals by Action Taken

Fifty-two percent of CA/N referrals were disposed through the formal court process [7,503]. Forty six percent [6,667] of referrals were handled through the informal court process.

Missing Data [395]

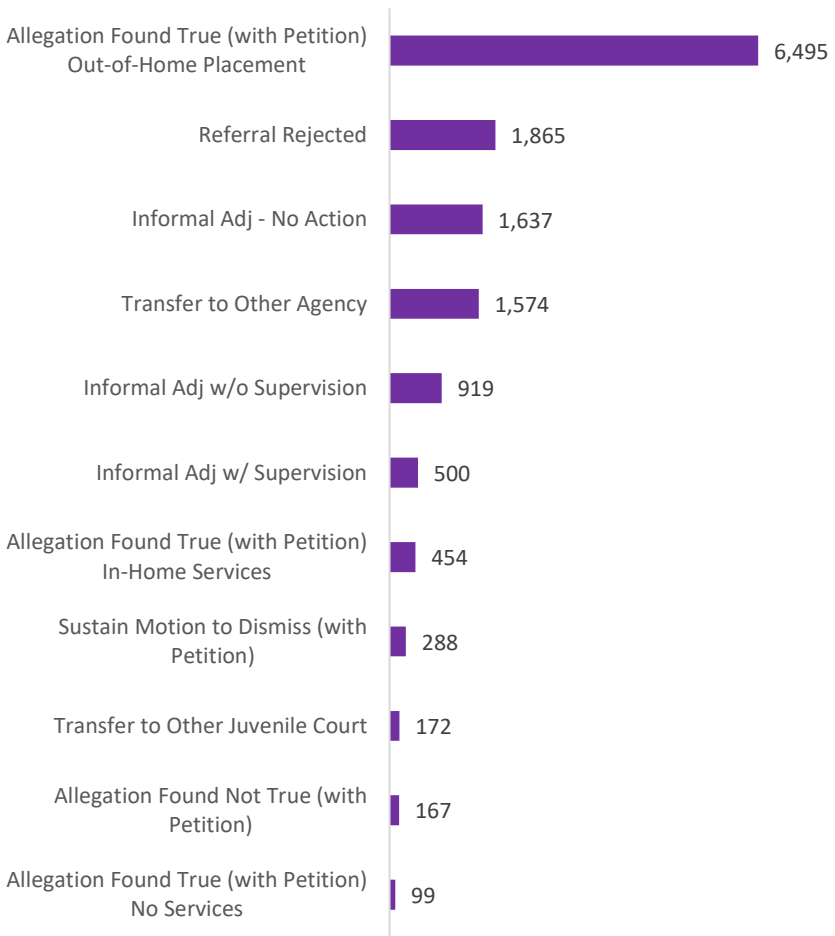

Figure 5-4 CA/N Referrals by Disposition

Allegation True, Out-of-Home Placement was the most frequently applied disposition [45%, 6,495] to CA/N referrals, followed by Referral Rejected Informal Adjustment, No Action [13%, 1,865] and Informal Adjustment, No Action [11%, 1,637].

Missing Data [395]

Section 6: Assessment & Classification

In 1995, the Missouri General Assembly passed the Juvenile Crime and Crime Prevention Bill [HB 174]. The bill was aimed at reshaping Missouri's juvenile justice system through the development of a comprehensive juvenile justice strategy. As part of the strategy, the Office of State Courts Administrator was charged with coordinating an effort to design and implement a standardized assessment process for classifying juvenile offenders. The result of this effort was the Missouri Juvenile Offender Classification System.

The Missouri Juvenile Offender Classification System includes an empirically validated risk assessment for estimating a youthful offender's relative likelihood of future delinquency and a classification matrix that links the level of risk and offense severity to a recommended set of graduated sanctions. The system also includes a needs assessment for identifying the underlying psychosocial needs of youth.

Since its inception, the Missouri Juvenile Offender Classification system has helped Missouri's juvenile justice professionals to ensure public safety and promote statewide consistency in the services and supervision of youthful offenders.

The Missouri Juvenile Officer Performance Standards (2017) sections 2.6 Risk Assessment and 2.7 Needs Assessment mandates the juvenile officer complete a Missouri Juvenile Officer Risk Assessment and Missouri Juvenile Officer Needs Assessment on "all juveniles with a legally sufficient referral for a delinquent or status offense if an informal adjustment conference was conducted, or the matter was subject to adjudication." Subsequent risk assessments are to be completed "if the juvenile receiving services is subject to a new delinquent or status offense referral, and additional sanctions or services will be required." Subsequent needs assessments are to be completed "upon significant changes in the juvenile's circumstances or every 90 days as an indicator of progress toward the supervision or treatment goals."

Section 6 presents information on juveniles with referrals, who were disposed during calendar 2019, and who had risk and needs assessments entered on the ***Custom Assessment Maintenance (CZAASMT)*** form of JIS. When a referral has more than one associated risk/needs assessment(s), the highest score is reported. When a referral is not associated with any risk/needs assessment(s) in the reporting year, the score associated with the risk/needs

assessment that was completed on the nearest date before or after the initial filing date of the referral is the one that is reported, regardless of the year the assessment was completed. Figures 6-1 to 6-3 provide risk level information with Tables 6-1 and 6-2 providing information about the prevalence of individual risk factors. **

***Readers should refer to Missouri's Juvenile Offender Risk & Needs Assessment and Classification System Manual (2005) for the operational definitions of risk and needs factors.*

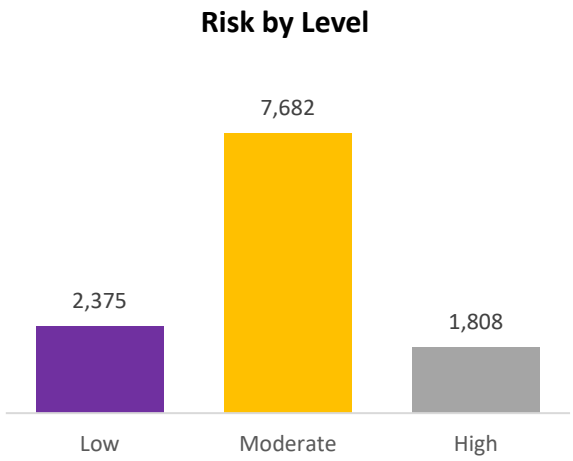

Figure 6-1 Risk by Level
The majority of youth [65%, 7,682] scored at moderate risk for future delinquent acts on risk assessments in CY19. The remaining youth scored at low [20%, 2,375] or high risk levels [15%, 1,808]. Missing Data [0]

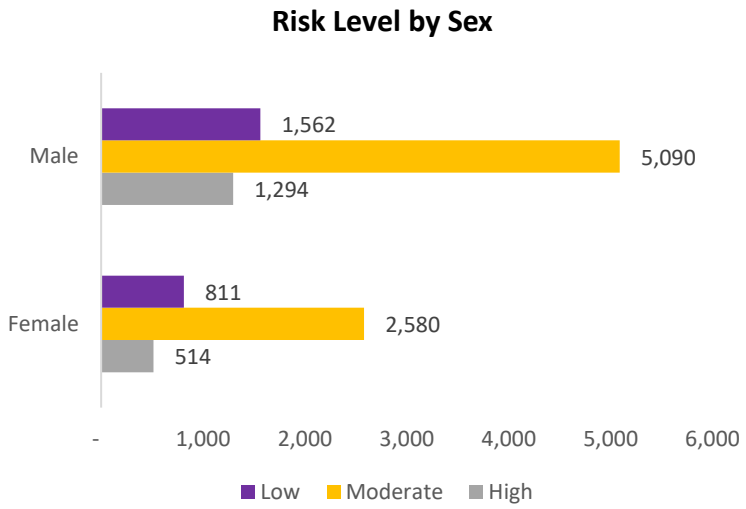

Figure 6-2 Risk by Sex
Proportionately, more male youth [16%, 1,294] were assessed high risk than females [13%, 514]. Females [21%, 811] were slightly more likely than their male counterparts [20%, 1,562] to be assessed low risk. Female youth were more likely [66%, 2,580] than male youth [64%, 5,090] assessed as moderate risk.
Missing Data [14]

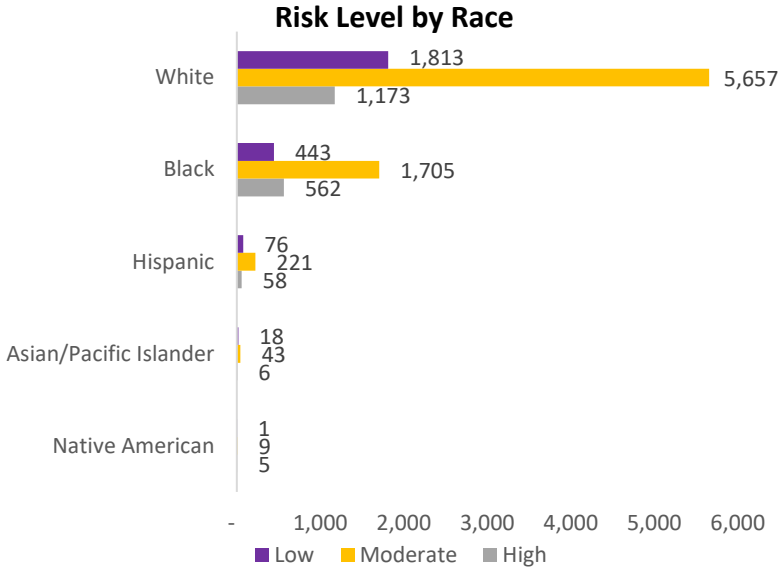

Figure 6-3 Risk by Race
Proportionately, more black youth [21%, 562] were assessed high risk than white youth [14%, 1,173]. White youth [21%, 1,813] were more likely than their black counterparts [16%, 443] to be assessed low risk.
Missing Data [75]

Table 6-1 Risk Factors

Age at First Referral	Frequency	Percentage
12 and under	4,718	39.8
13	1,419	12.0
14	1,727	14.6
15	2,057	17.3

Strong social support system	5,687	48.8
Limited support system, with one positive role model	4,763	40.8
Weak support system; no positive role models	953	8.2
Strong negative or criminal influence	146	1.3

Section 7: Detention Services

Missouri's juvenile and family division of the circuit court includes 18 detention facilities to house youth in need of secure detention. Juvenile justice personnel identify offenders most in need of secure detention using the objective criteria contained in Missouri's Juvenile Detention Assessment (JDTA). In addition, 17 detention centers participate in the Annie Casey Foundation Juvenile Detention Alternatives Initiative (JDAI) [highlighted in table 7-1] for calendar 2019. [The 32nd circuit also participates in JDAI but do not have detention centers.] JDAI is an effort to assist the juvenile and family division with development and use of community-based alternatives to secure detention when detention is determined to be unnecessary or inappropriate. The initiative emphasizes the collection and application of objective data to identify practices that may contribute to over-utilization of secure detention, detention overcrowding, and disproportionate minority confinement.

Section 7 presents admission, discharge, population, and length of stay information entered on the ***Custom Room Facility Assignment (CZAROOM)*** form of JIS for Missouri's secure detention facilities. Depending on the reporting objective, counts are based on admissions or discharges; a single youth may be counted multiple times if they were detained on more than one occasion.

Table 7-1 Youth Population August 31, 2019

Metropolitan circuits [16, 21, & 22] account for more than 50% of all youth detained in Missouri as of the last day of August 2019.

Note: Non-JDAI sites with detention facilities are shaded.

Youth Population on August 31, 2019		
Circuit	**Population**	**Percent MO Youth Detained**
2	5	3.7 %
5	5	3.7 %
7	3	2.2 %
11	7	5.2 %
13	11	8.1 %
16	23	16.9 %
17	1	0.7 %

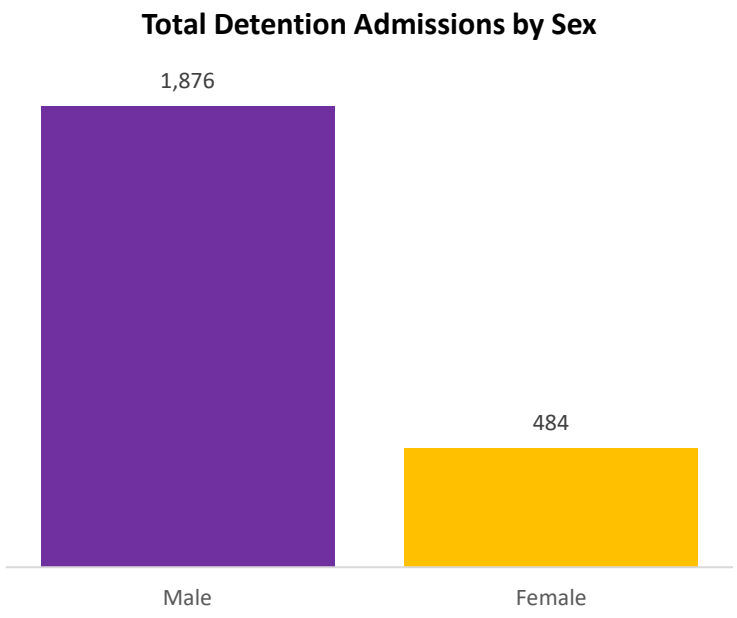
44	7	5.2 %
Grand Total	**136**	**100.0 %**

Figure 7-1 Total Admissions by Sex

There were 2,363 admissions to secure detention facilities in CY19. Males [1,876] accounted for 79% of these admissions. Females accounted for 20% [484].

Missing Data [3]



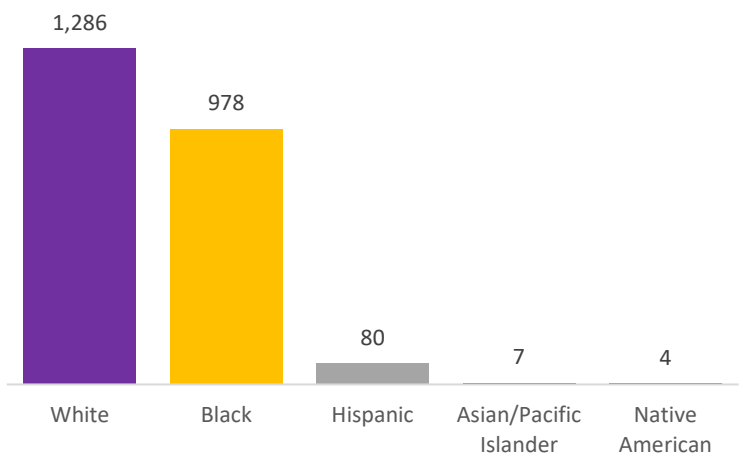


Figure 7-2 Total Admissions by Race

White youth accounted for 54% [1,286] of admissions to secure detention facilities while black youth accounted for 41% [978]. Hispanic youth accounted for 3% [80] of admissions, while Asian/Pacific Islander youth [7] and Native American youth [4] accounted for less than 1% combined.

Missing Data [8]

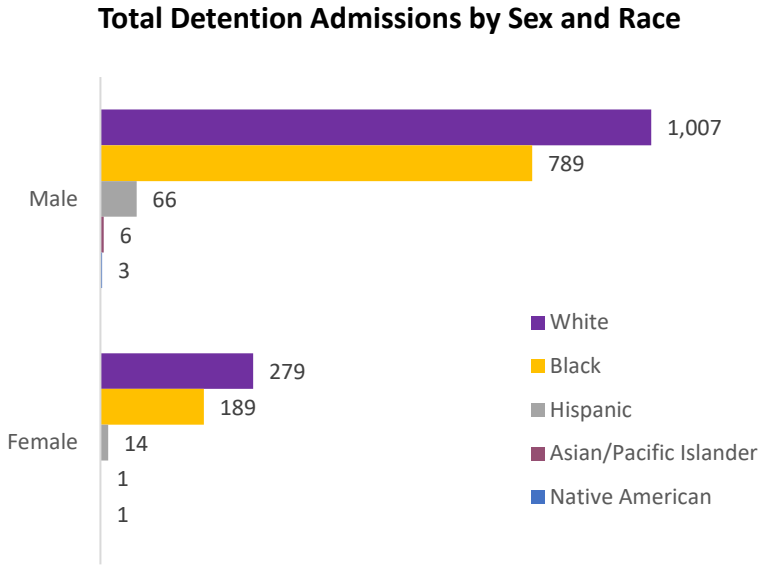

Figure 7-3 Total Admissions by Sex and Race

Among male detainees, white males accounted for the largest number of admissions to secure detention facilities [54%, 1,007], followed by black males [42%, 789]. Among female detainees, white females accounted for the largest percentage of admissions to a detention center [58%, 279], followed by black females [39%, 189].

Missing data [8]

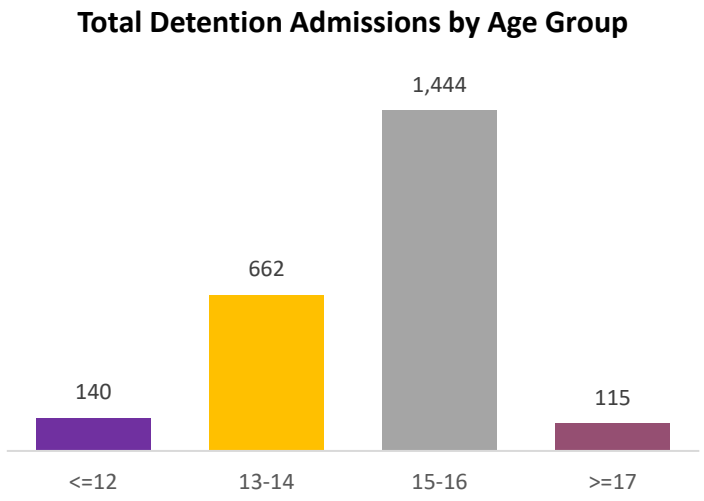

Figure 7-4 Total Admissions by Age Group

Youth between the ages of 15 and 16 years accounted for the majority of admissions [61%, 1,444], followed by ages 13-14 [28%, 662]. The age groups of 12 years or younger [6%, 140] and 17 years or older [5%, 115] accounted for the lowest percentage of admissions across age groups.

Missing Data [2]

Figure 7-5 Total Admissions by Sex and Age Group

Male youth, 15 to 16 years old, represented the greatest number of admissions to detention facilities [49%, 1,155].

Missing Data [2]

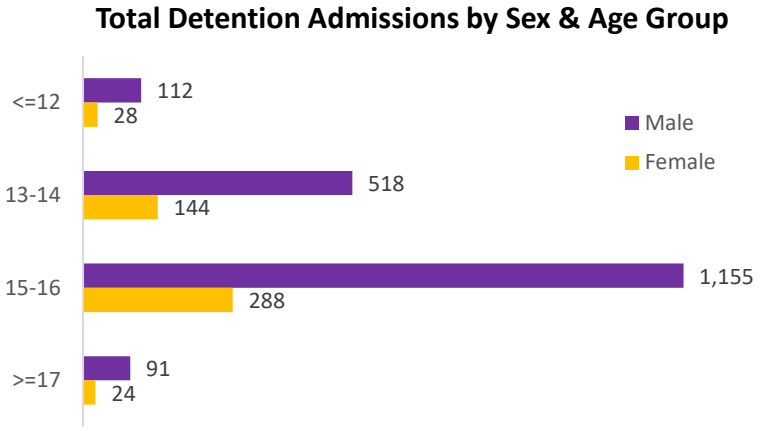

Figure 7-6 Total Admissions by Race and Age Group

White youth, 15 to 16 years old, represented the greatest number of admissions to detention facilities [32%, 756], followed by black youth of the same age group [26%, 618].

Missing Data [8]

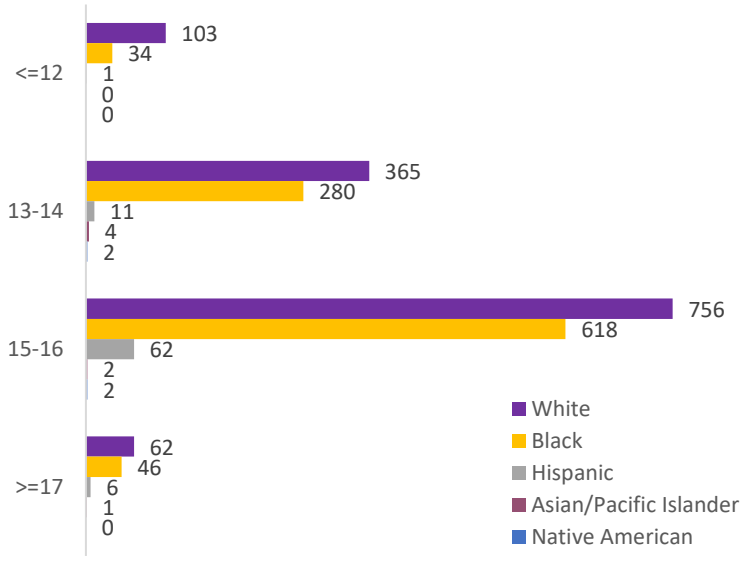

Figure 7-7 Average Daily Population by Sex

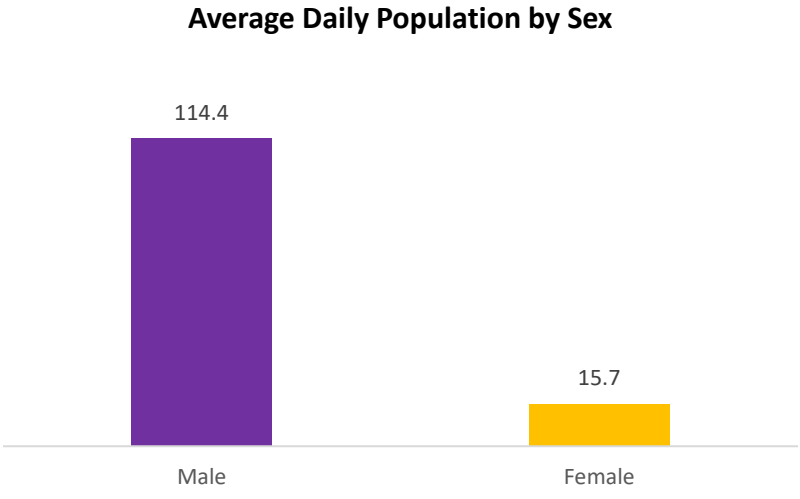
The statewide average daily detention population was 130. The vast majority [114, 88%] of these detainees were male.

Missing Data [3]



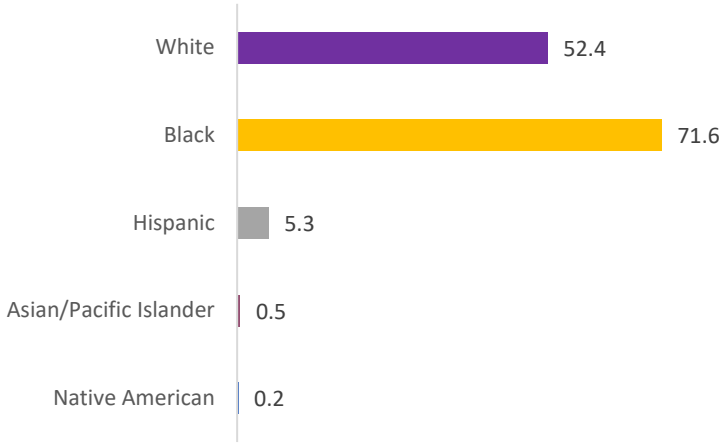


Figure 7-8 Average Daily Population by Race
The statewide average daily population for black youth [72] in secure detention was greater than all other youth combined [58].
Missing Data [8]

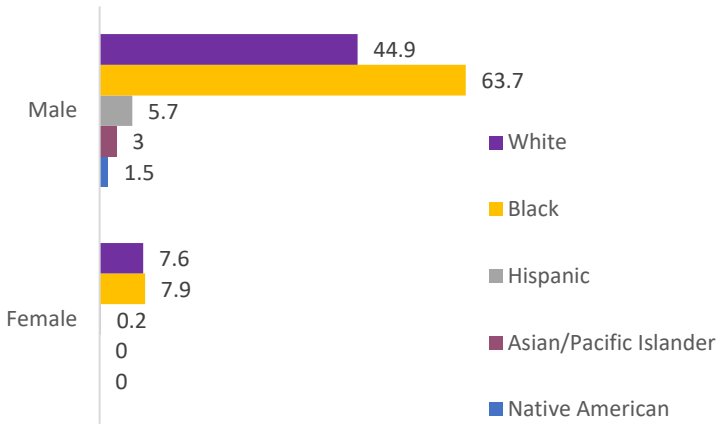

Figure 7-9 Average Daily Population by Sex and Race
Within sex, the statewide average daily detention population was greatest for black males [64]. For the female population, white and black detainees had the highest average daily detention population [8].
Missing Data [8]

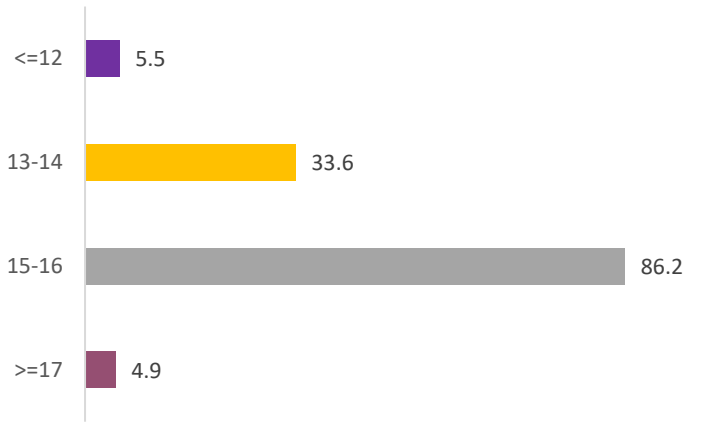

Figure 7-10 Average Daily Population by Age Group
Within age groups, the statewide average daily detention population was greatest for 15-16 year old youth [86], followed by 13-14 year old youth [34]. The average daily population was the lowest for ages 17 and older [5].
Missing Data [2]

Figure 7-11 Average and Median Length of Stay by Sex

The statewide average length of stay in detention facilities was 23 days for males and 12 days for females.

Missing Data [3]

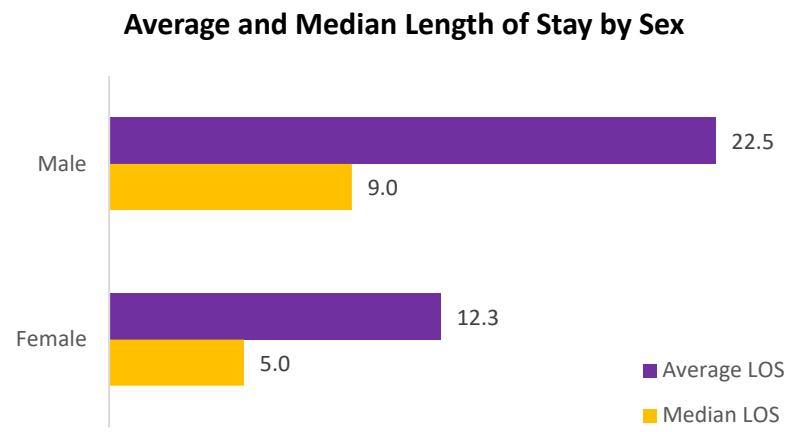

Figure 7-12 Average and Median Length of Stay by Race

Statewide, black youth had the longest average length of stay of 27 days. Native American youth had the longest median length of stay of 11 days.

Missing Data [8]

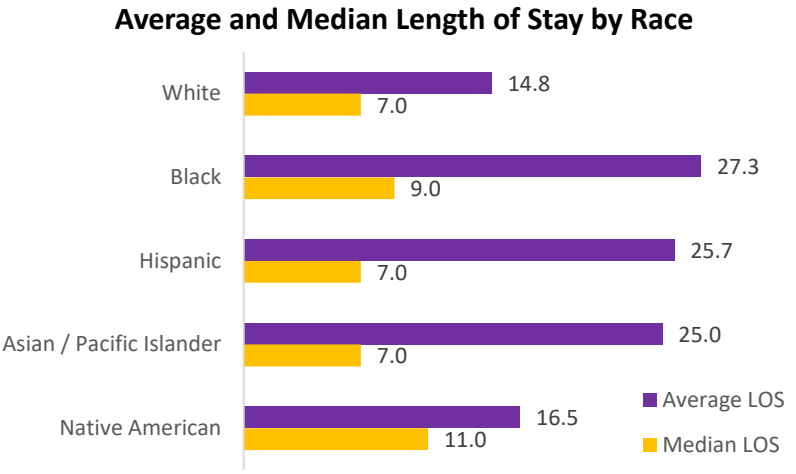

Figure 7-13 Average Length of Stay by Sex and Race

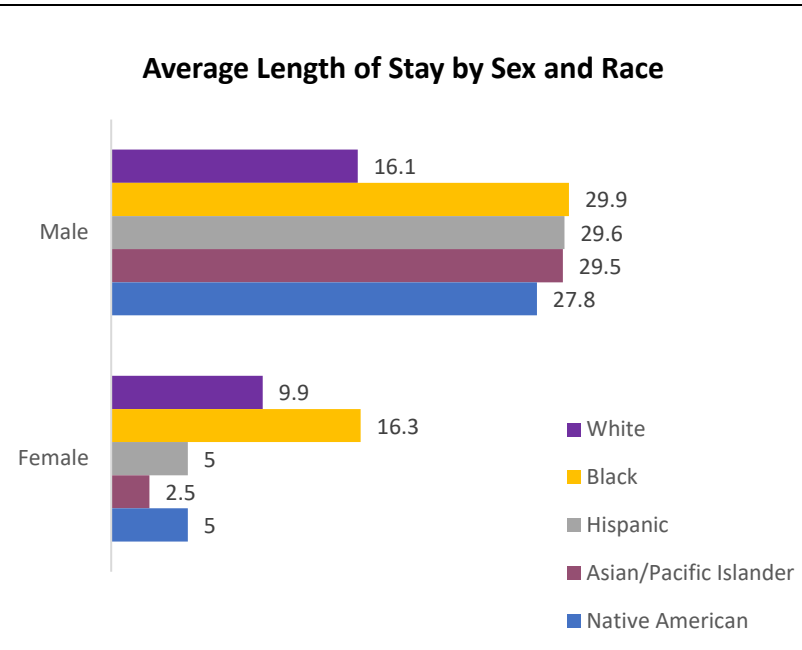
The statewide average length of stay was longest for Black, Asian and Hispanic males at 30 days. The average length of stay was the longest for Black females at 16 days.

Missing Data [8]



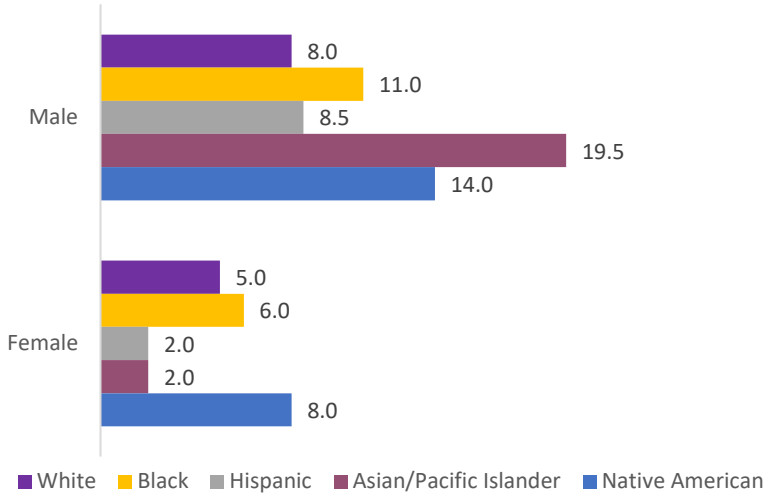


Figure 7-14 Median Length of Stay by Sex and Race

The statewide median length of stay was longest for Asian/Pacific Islander males [20 days], Native American males [14 days] and Native American females [8 days].

Missing Data [8]

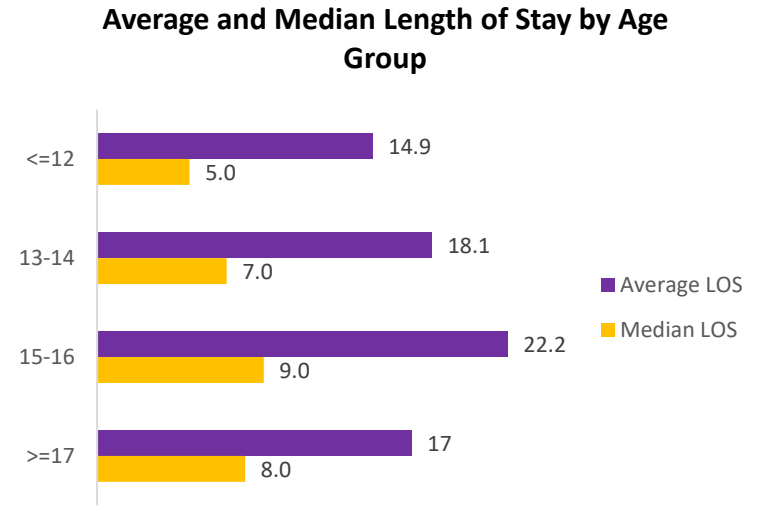

Figure 7-15 Average and Median Length of Stay by Age Group

Youth between the age of 15 and 16 years represented the longest average length of stay [22 days]. The average length of stay for the youngest detainees (12 years and younger) was the shortest [15 days].

Missing Data [2]

Section 8: Division of Youth Services Commitments

Section 8 presents demographic information on youth committed to the Division of Youth Services (DYS) identified by a docket entry of DDYS – Committed to DYS on the ***Custom Docket Entry and Maintenance (CDADOCT)*** form of JIS in calendar 2019. For circuit level information on these commitments, refer to Appendix M. Assuming commitments to DYS are entered into JIS only once for a youth, the count is unduplicated. (**Note:** Docket entries in JIS produce data different from that historically reported by DYS.)

Figure 8-1 Statewide DYS Commitments by Sex and Race

There were 425 youths committed to the custody of DYS in CY19. The majority [87%, 267] were male. White youth accounted for 63% [267] of juveniles committed to DYS, while black youth accounted for 32% [135]. The remaining 5% [23] were from other race groups.
Missing Data [0]

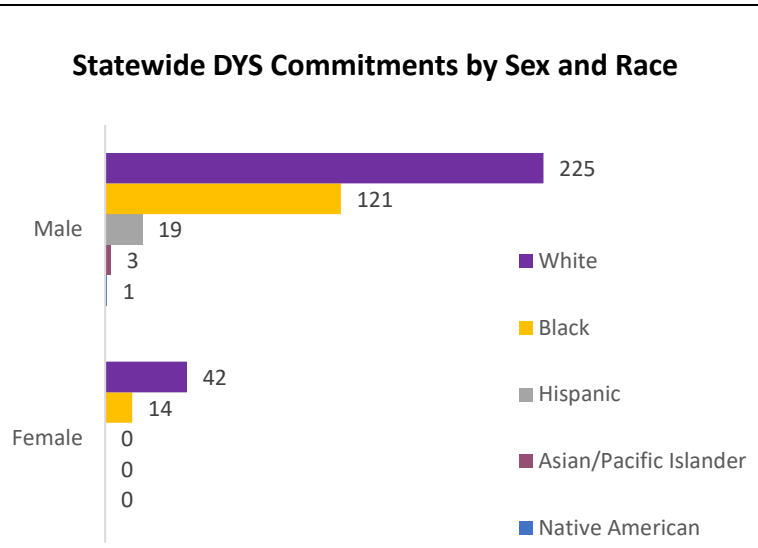

Figure 8-2 Statewide DYS Commitments by Age Group

Sixty-four percent [272] of youth committed to DYS were between the ages of 15 and 16. An additional 23% [99] were between 13-14 years of age. Youth younger than 13 years accounted for 3% [13], while 10% [41] of youth were aged 17 or older.
Missing Data [0]

				Race				
				White	Black	Hispanic	Native American	Asian/ Pacific Islander
Sex	Male	Age	<=12	10	2	0	0	0
			13	25	6	0	1	0
			14	33	17	2	0	1
			15	54	33	6	0	2
			16	82	50	10	0	0
			>=17	21	13	1	0	0
Total				225	121	19	1	3
Sex	Female	Age	<=12	1	0	0	0	0
			13	2	1	0	0	0
			14	9	2	0	0	0
			15	12	3	0	0	0
			16	14	6	0	0	0
			>=17	4	2	0	0	0
Total				42	14	0	0	0

Figure 8-3 Statewide DYS Commitments by Sex, Race, and Age Group

More white males, aged 15-16 years [136], were committed to DYS than all females combined [56].

Missing Data [0]

Section 9: Certification to Adult Court

Section 9 presents demographic information about youth certified to adult court, identified by the docket entry of DJVCA - JUV Certified to Adult Court on the ***Custom Docket Entry and Maintenance (CDADOCT)*** form of JIS in calendar 2019. For additional circuit level information about these certifications, refer to Appendix N. Assuming certifications are entered into JIS only once for a youth, the count presented is unduplicated.

The Missouri Juvenile Officer Performance Standards (2017) section 5.4 Certification mandates "the juvenile officer shall consider the implications of certification and consider certification only in circumstances in which issues of public safety cannot be mitigated by supervision and services in the juvenile justice system."

Figure 9-1 Certifications by Sex

The statewide total for offenders certified to adult court was 45. All certifications were male.

Missing Data [0]

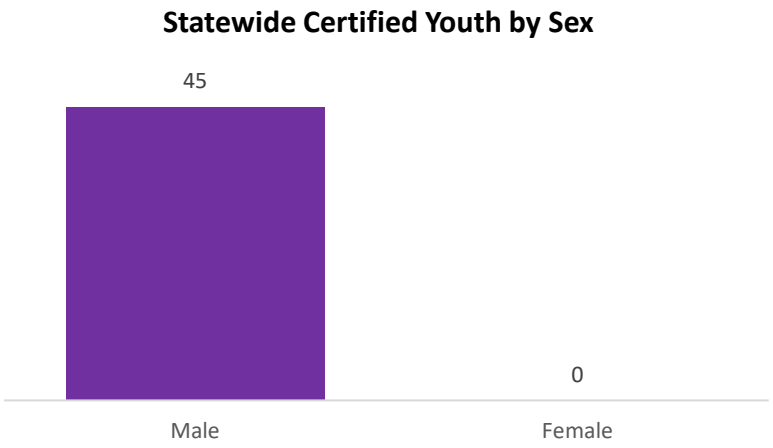

Figure 9-2 Certifications by Race

The percentage of offenders certified to adult court was greater for black youth [49%, 22] than for white youth [47%, 21].

Missing Data [0]

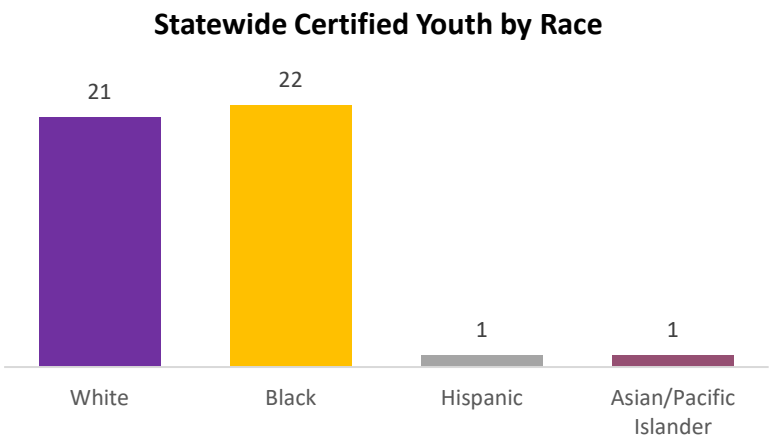

Figure 9-3 Certifications by Age

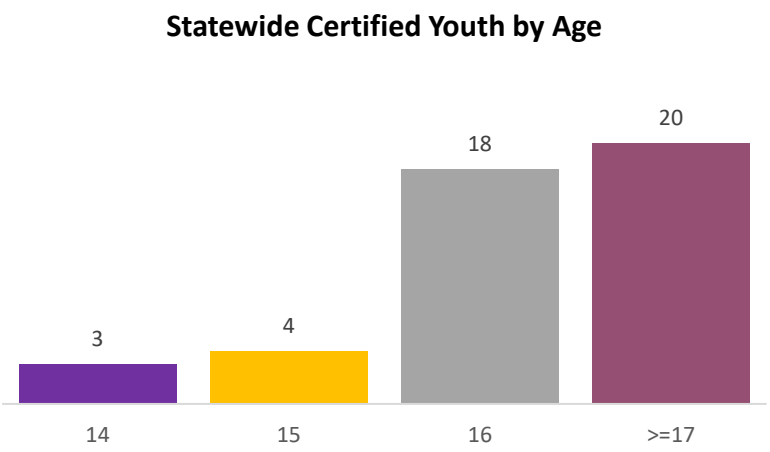
The largest portions of offenders certified to adult courts were 17 years or older [44%, 20] and 16 years old [40%, 18]. Nine percent [4] were 15 years old and the remaining 7% [3] were 14 years old.

Missing Data [0]



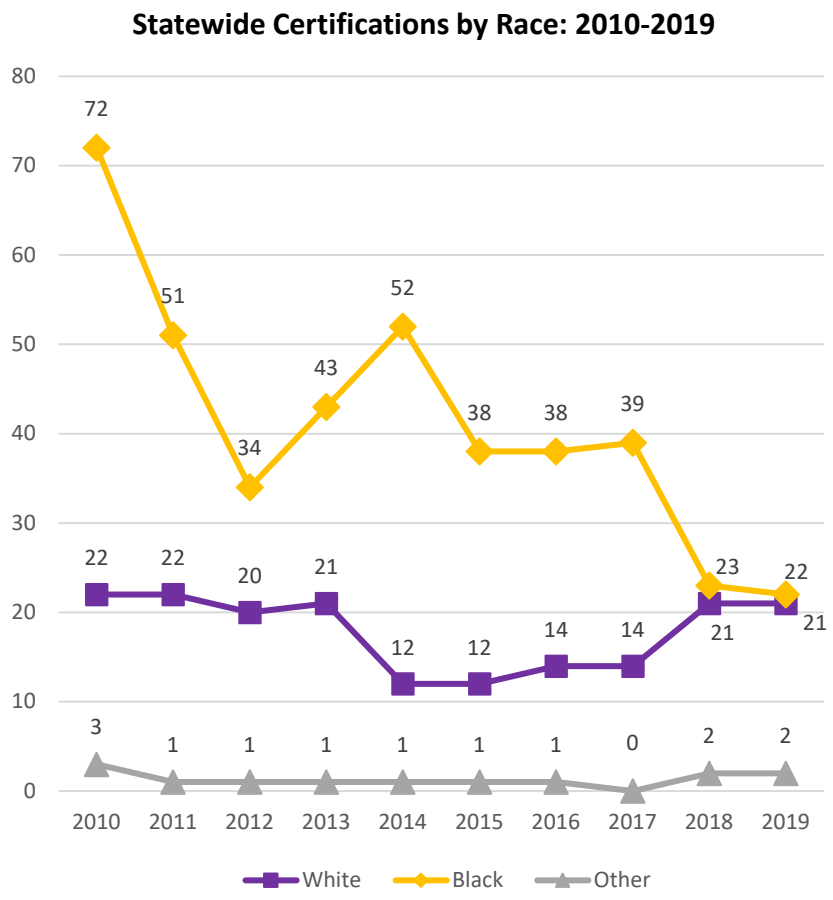


Figure 9-4 Certification Trends by Race

Since 2010, the number of black offenders certified to adult courts has decreased 69%. In the most recent years, the number of white youth offenders increased back to the roughly the same number as in 2010. The number of youth offenders certified to adult courts that identify as races other than black or white, has remained relatively unchanged since 2010.

In 2019, the total number of certifications only decreased by 1%, and the number of black youth certified declined by only 1%. From 2018 to 2019, the number of white offenders and the number of offenders that identify to races other than black or white certified to adult courts remained the same.

Section 10: Juvenile Offender Recidivism

Juvenile divisions across the country are being asked to provide evidence that public funds are used in cost-effective ways to reduce and prevent juvenile crime. For Missouri juvenile divisions to measure progress in this area, the following statewide definition of juvenile offender recidivism was developed through consensus:

"A juvenile offender recidivist is any youth, referred to the juvenile office for a legally sufficient law violation during a calendar year, who receives one or more legally sufficient law violation(s) to the juvenile or adult court within one year of the initial referral's disposition date."

Section 10 presents the demographic and offense characteristics that influenced recidivism rates for the calendar 2017 cohort of Missouri juvenile law offenders who were tracked through calendar 2018 for recidivism.

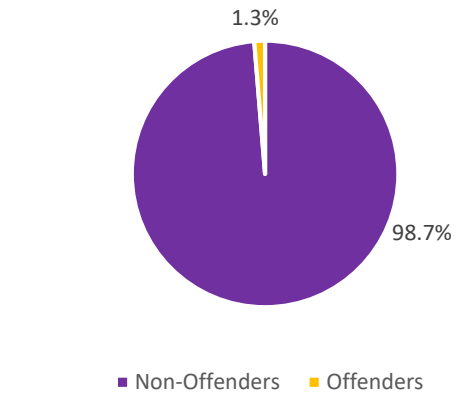

Figure 10-1 Missouri Youth Offender Population
Approximately 1.3% [7,878] of the 626,170 juveniles aged 10-17 were referred to Missouri's juvenile and family division for legally sufficient law violation referrals in CY18.

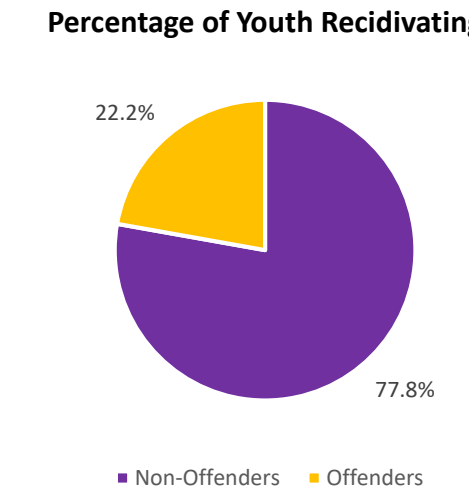

Figure 10-2 Percentage of Youth Recidivating (All Law)
Twenty-two percent [1,748] of the 7,878 juvenile law offenders in CY18 recidivated through a new law violation within one year of the disposition date of their initial referral.

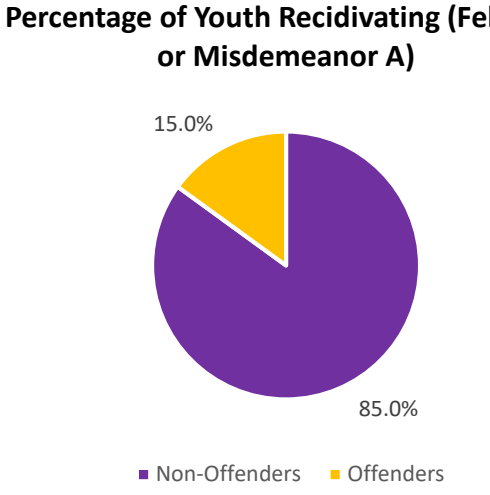

Figure 10-3 Percentage of Youth Recidivating (Misd A or Felony)
Fifteen percent [1,183] of the 7,878 juvenile law offenders in CY18 recidivated either with a new Class A misdemeanor or felony offense within one year of the disposition date of their initial referral.

Figure 10-4 Percentage of Youth Recidivating (Felony)
Seven percent [557] of the 7,878 juvenile law offenders in CY18 recidivated with a felony offense within one year of the disposition date of their initial referral.

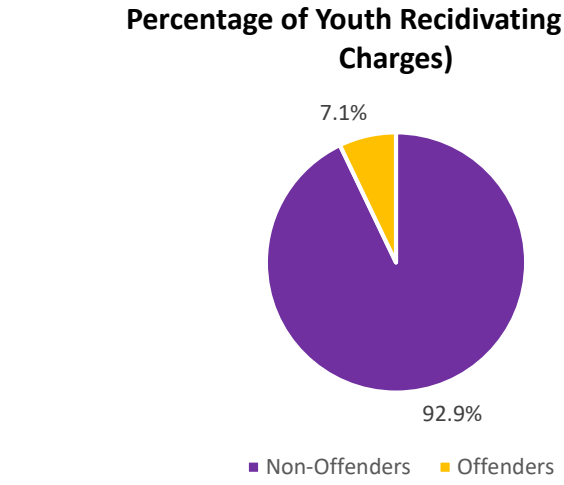

Figure 10-5 Percentage of Youth Recidivating by Year
The percentage of the recidivists with any law violation increased by 0.9% between the 2017 cohort and the 2018 cohort. Additionally, the percent of youth who recidivated with either a Class A misdemeanor or felony increased from 14.5% to 15.0%. The percentage of youth recidivating with a felony increased by 1% from CY17.

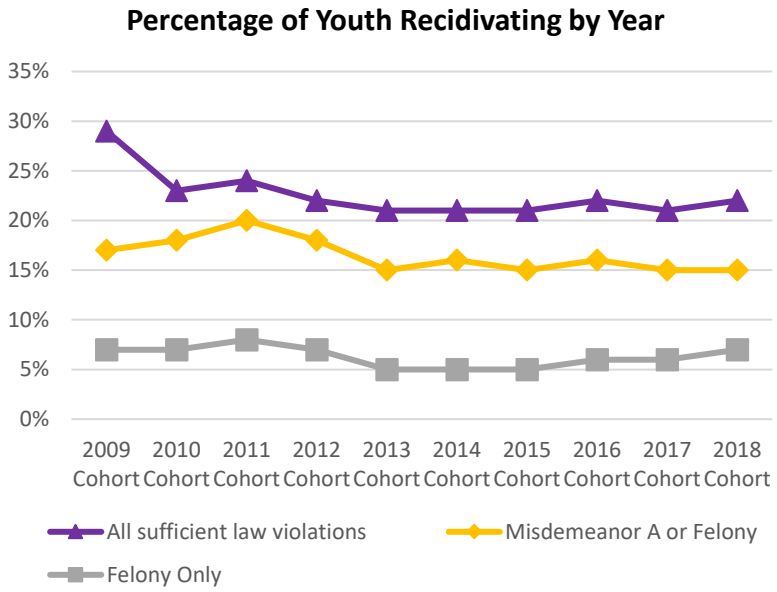

Figure 10-6 Percentage of Youth Recidivating by Sex
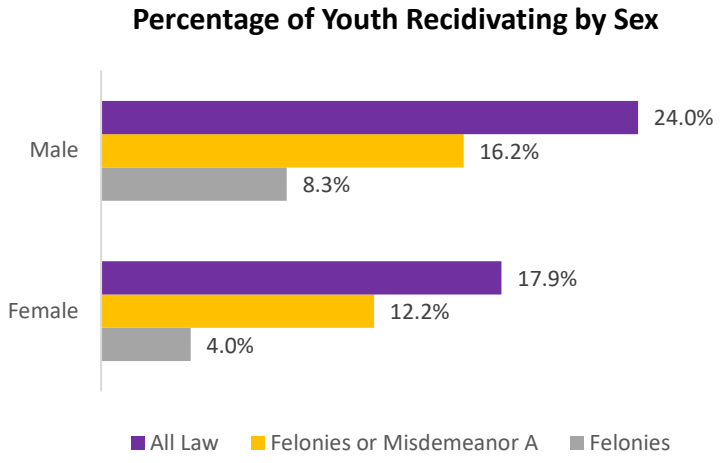
Males [24%] from the CY18 cohort recidivated at a higher rate than their female [18%] counterparts. This holds true for those who recidivated with either Class A misdemeanor or felony offense, as well as for those who recidivated with only a felony offense.



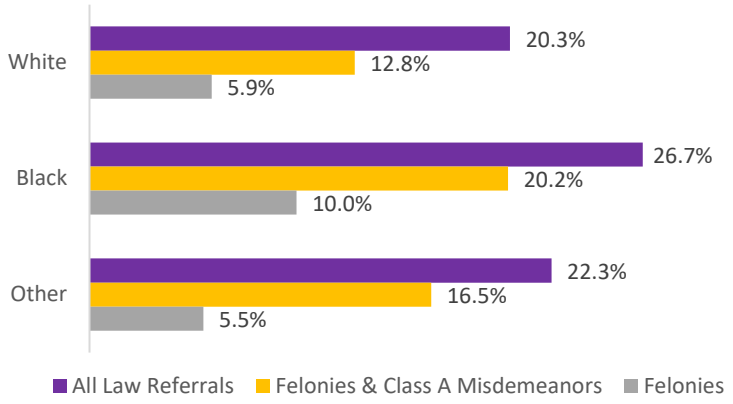


Figure 10-7 Percentage of Youth Recidivating by Race

Proportionately, black youth [27%, 600] from the CY18 cohort had a higher rate of recidivism than their other minority counterparts [22%, 73] and white counterparts [20%, 1,073] for all law referrals. The same holds true for referrals for felonies with class A misdemeanors, as well as all felony charges.

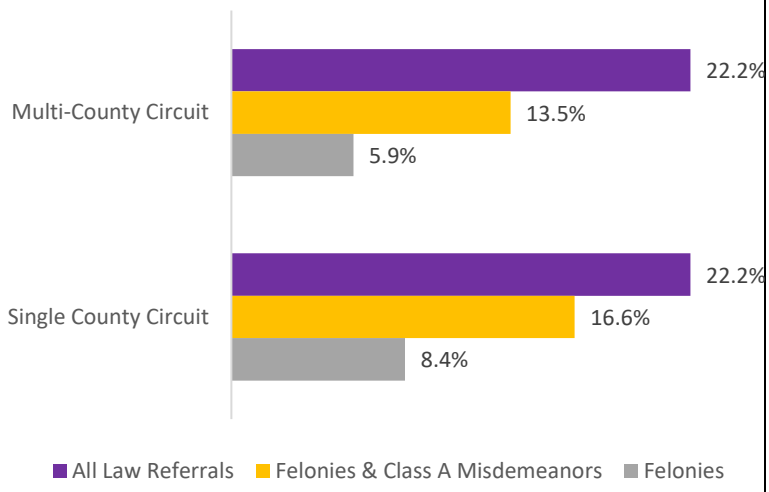

Figure 10-8 Percentage of Youth Recidivating by Circuit Type

Recidivism from CY18 for all law violations was equal for youth in multi-county circuits [22%, 905] than for youth in single county circuits, [22%, 843]. The percentages were higher for Class A misdemeanors and felonies [17%, 631] in single county circuits than in multi-county circuits [14%, 552], and also higher for just felony referrals in single county circuits [8%, 318] than in multi-county circuits [6%, 239].

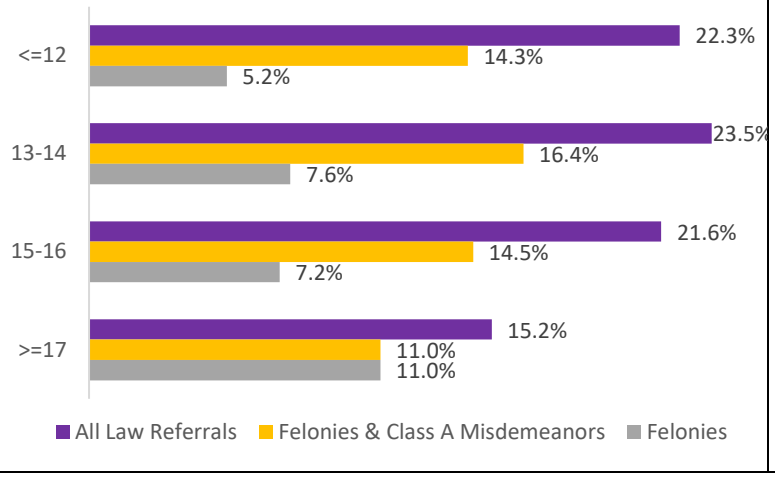

Figure 10-9 Percentage of Youth Recidivating by Age

The percentage of recidivism is highest for youth between the ages of 13 and 14 years for all types of offenses, except felony only charges. Proportionally, youth 17 years or older had a higher recidivism rate for felonies [11%, 16].

Section 11: Disproportionate Minority Contact (DMC)

Disproportionate Minority Contact (DMC) Initiative

DMC is one of four core requirements of the Juvenile Justice and Delinquency Prevention Act of 1974, as amended in 2002. All states are required by the Office of Juvenile Justice and Delinquency Prevention (OJJDP) to make efforts to document and reduce DMC. The Juvenile Justice and Delinquency Prevention Act was reauthorized in 2018, also known as the Juvenile Justice Reform Act of 2018. One of its key components is to further determine if there are racial and ethnic disparities (RED) identified within in the juvenile justice system and actively work to address those issues.

DMC occurs whenever the overall volume of activity for minority youth at various juvenile justice contact points is disproportionately larger than the volume of activity for white youth at those points. It is important to examine *all* juvenile justice contact points due to the likelihood that minority youth will penetrate deeper into the juvenile justice system as a result of disproportionate minority contact with the system. Racial and ethnic disparities further involve the unfair or inequitable treatment of youth of color at those decision points in the juvenile justice system due to various reasons.

The existence of disproportionality does not necessarily mean that minority youth are experiencing disparity (or unequal treatment), because further analysis is needed to determine whether or not disproportionality is a consequence of disparities and/or other contributing mechanisms.

The Missouri Juvenile Officer Performance Standards (2017) section 1.15 Antidiscrimination and Disproportionate Minority Contact mandates "the juvenile officer shall prohibit discrimination and proactively address racial and ethnic disparities to ensure fundamental fairness and equal justice for those served by the juvenile office."

What is a Relative Rate Index (RRI)?

The data analysis of the OJJDP Relative Rate Index (RRI) compares the relative volume of activity (rate) for eight court contact points for each minority youth group with the volume of activity (rate) for the majority group (white youth). It provides a single index number that indicates the extent to which the volume of contact differs.

Because the Relative Rate Index is intended to capture the overall extent of youth involvement with the juvenile justice system, the RRI calculation is based on *cases*, not individual *youth*. If a youth is referred to the juvenile court multiple times during the course of a single year, all of those referrals are included. Therefore, the data provided include ***duplicated*** counts for all court contact points.

Example: The RRI comparing rates of referral to juvenile court:

Rate of Referral for black youth:

# of black youth referred	150	= 0.30 X 1000	= 300
# of black youth in population	500		

Rate of Referral for white youth:

# of white youth referred	200	= 0.04 X 1000	= 40

# of white youth in population	5000	

Relative Rate Calculation for Referrals:

Rate of Referral for black youth	300	= **7.5 RRI**
Rate of Referral for white youth	40	

If the RRI is larger than 1.0, that means that the minority group experiences contact more often than white youth. If it is less than 1.0, that means that contact is less frequent. In this example, the RRI for black referrals is 7.5. This means that black youth are seven and a half times more likely to be referred to the juvenile office than white youth.

With the exception of the first rate (referral), which is calculated using the base of the number of youth in each major racial/ethnic grouping in the general population, each of the subsequent RRIs is calculated based on the volume of activity for that racial/ethnic group in a proceeding stage in the case process. See Table 11-1.

Table 11-1: Identifying the Numerical Bases for Rate Calculations

Decision Stage / Contact Point	Base for Rates
Referrals to Juvenile Court	Rate per 1,000 Population
Referrals Diverted	Rate per 100 Referrals
Referrals Involving Secure Detention	Rate per 100 Referrals
Referrals Petitioned	Rate per 100 Referrals
Referrals Resulting in Delinquency Findings	Rate per 100 Petitions
Referrals Resulting in Supervision / Probation Placement	Rate per 100 Delinquency Findings
Referrals Resulting in Confinement in Secure Juvenile Correctional Facilities	Rate per 100 Delinquency Findings
Referrals Transferred to Adult Court	Rate per 100 Petitions Filed

Table 11-2: Relative Rate Index (RRI) Values

Area of Concern	Decision States or Contact Points
More than 1.00	Referrals to Juvenile Court Referrals Involving Secure Detention Referrals Petitioned Referrals Resulting in Delinquency Findings Referrals Resulting in Confinement in Secure Juvenile Correctional Facilities Referrals Transferred to Adult Court
Less Than 1.00	Referrals Diverted Referrals Resulting in Supervision / Probation Placement

Note: RRI values that cause DMC concern can be greater than 1.00 or less than 1.00.

What Data are Used?

- U.S. Census data for youth ages 10-16 in all counties in Missouri. Seventeen year olds were not included, because they are under the jurisdiction of the adult court.
- Census data from the previous calendar year was used, because the Census population updates for the current year are not available at the time of publication.
- Office of State Courts Administrator delinquency data in the Judicial Information System (JIS). Law violation referrals and status referrals (but not child abuse and neglect referrals) were included.
- Transfers to other juvenile court referrals were not included.

What is a Parity Number?

- This is the number of minority referrals that would need to be reduced for the rate of juvenile justice involvement to be statistically equal for white and minority youth.

Table 11-3: 2019 Statewide Relative Rate Indices

Black youth experienced the largest disproportionality overall. Black youth were over-represented at referral, while Hispanic and Asian /Pacific Islander youth were under-represented at that point. Black youth and Hispanic youth were under-represented at supervision. Black youth also experienced disproportionality at: diversion, secure detention, petition, secure confinement, and certification.

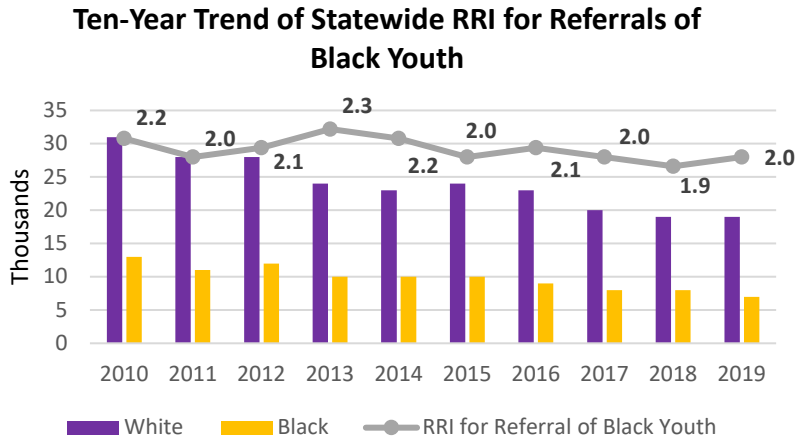
Contact Point	Black	Hispanic	Asian / Pacific Islander	Native American
Referral	2.02			
Diversion	0.96			
Secure Detention	1.41			
Petition	1.25	1.30		
Adjudication				
Supervision				
Secure Confinement				
Certification				

Note: Caution should be used when interpreting the Hispanic data, because race and ethnicity are not separated in JIS. Thus, Hispanic youth are under-counted.

Note: If the RRI is blank, this means it was not statistically significant.

Figure 11-1 Ten-Year Trend of Statewide RRI for Referrals of Black Youth

While the number of referrals has declined over the last decade, the RRI for referrals of black youth has remained relatively steady with the highest in 2013 at 2.3 and the lowest in 2018 at 1.9. The reason for this is that, although referrals declined for all youth from 2010 to 2019, they did not do so evenly across groups in each year.



Section 12: Juvenile Officer Workload

The Juvenile Officer Weighted Workload (JOWWL) system is an automated means of estimating the direct service need for additional deputy juvenile officers in Missouri's 35 multi-county circuits. The JOWWL compares the number of staff hours required to screen and process the status, law, and CA/N referrals received by juvenile divisions and to supervise youth in accordance with the ***Missouri Juvenile Officer Performance Standards,*** against the actual number of staff hours available to complete these direct service activities. When workload demand exceeds the number of staff hours available to meet it, a need for additional direct service personnel is projected. The Circuit Court Budget Committee (CCBC) adopted and first used the results of the JOWWL for estimating FTE needs for juvenile officers in fiscal 2004. The CCBC has since used the JOWWL annually for this budgetary purpose. In the Spring of 2013 a new workload study was conducted by the National Center for State Courts, and a new model was delivered January 2014. The new model required new methods of retrieving data from JIS pertaining to different activities conducted in Juvenile Courts, including diversion programs. The old model was used until January 2015 until sufficient data had been collected to calculate an annual workload using the new model.

Example of Workload Estimate for Mock Multi-County Circuit

Annual Case-Specific Workload: Annual total work hours required to service juvenile cases at established standards includes screening, processing and supervising delinquency and CA/N cases, based on workload values identified by the 2013 juvenile officer workload study [Table 12-1].

Example: Mock Circuit, 5,264 hours of direct service work are required to accommodate case management demand.

Staffing Demand: Total number of direct service staff needed to meet Annual Case-Specific Workload. (Annual available work hours per Juvenile Office is 1,316)

Example: Mock Circuit, Total Annual Case-Specific Workload / 1,316 hrs. = Staffing Demand (5,264 /1,316 hrs. = 4.0 direct service staff needed).

Circuit FTE: Total number of direct service staff currently employed by circuit.

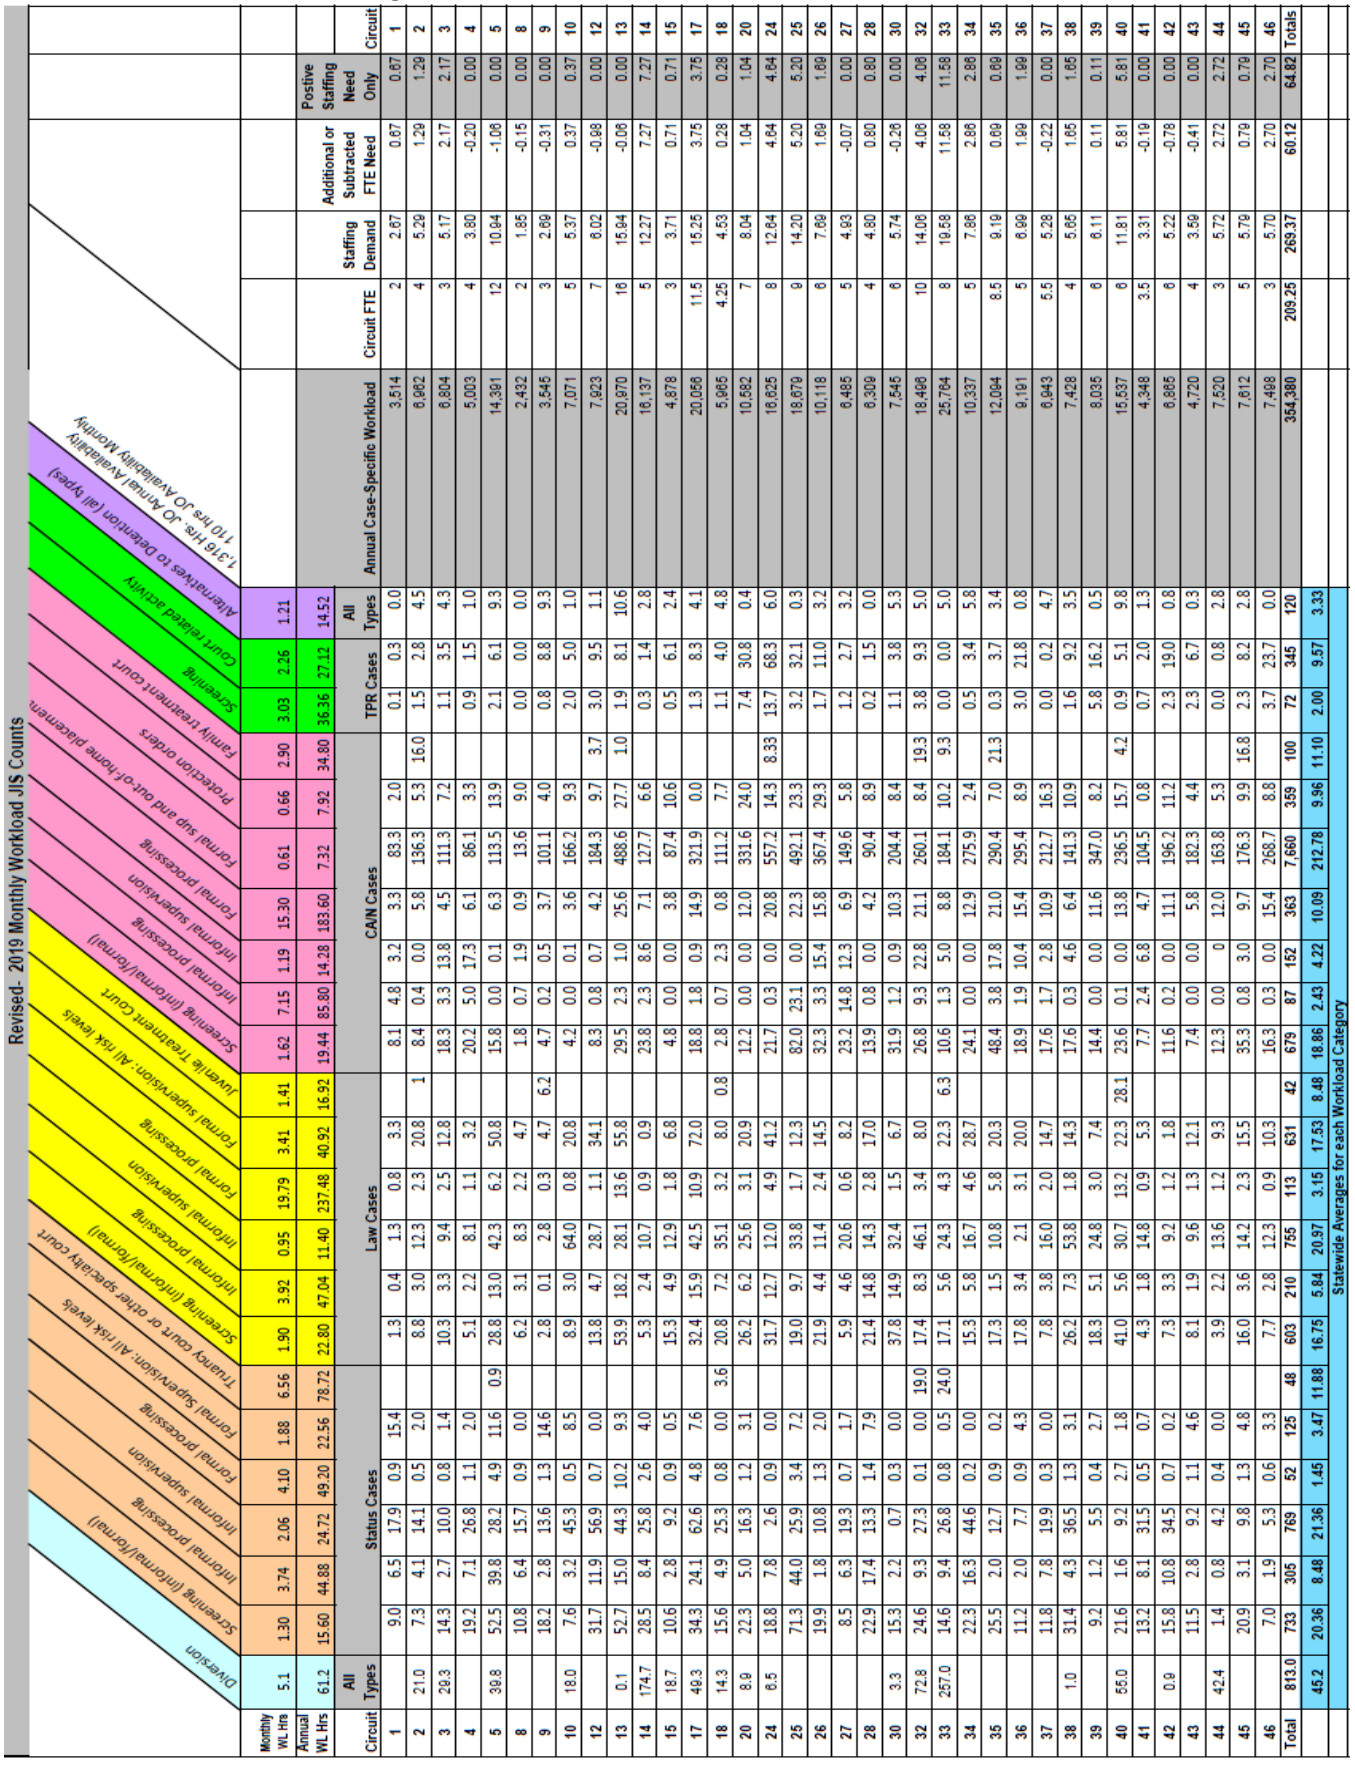
Example: Mock Circuit employs 3 direct service staff. Currently this includes all state-paid DJO I & II positions and all full-time staff paid through DYS diversion grant funds.

FTE Need: Additional direct service staff needed to service Total Workload Hours per standards.

Example: Mock Circuit, Staffing Demand – Circuit FTE = FTE Need (4.0 - 3.0 = 1.0 additional direct service staff).

Table 12-1 Workload Values per Year from Juvenile Officer Workload Study (2013)		
Section Name	Column Description	Workload Value (hrs.)
Diversion	Diversion	61.20
Status Cases	Screening (Informal/formal)	15.60
	Informal Processing	44.88
	Informal Supervision	24.72
	Formal Processing	49.20
	Formal Supervision: All risk levels	22.56
	Truancy Court	78.72
Law Cases	Screening (Informal/formal)	22.80
	Informal Processing	47.04
	Informal Supervision	11.40
	Formal Processing	237.48
	Formal Supervision: All risk levels	40.92
	Juvenile Treatment Court	16.92
CA/N Cases	Screening (Informal/formal)	19.44
	Informal Processing	85.80
	Informal Supervision	14.28
	Formal Processing	183.60
	Formal Supervision and out-of-home placement	7.32
	Protections Orders	7.92
	Family Treatment Court	34.80
Termination of Parental Rights	Screening	36.36
	Court Related Activity	27.12
Alternatives to Detention	Alternatives (All Types)	14.52

Table 12-2: Juvenile Officer Weighted Workload CY 19



Section 13: CA/N Time Standards

In March 2005, the Supreme Court of Missouri issued an order adopting Court Operating Rule (COR) 23.01, Reporting Requirements for Child Abuse and Neglect Cases, effective July 1, 2005. This COR requires the presiding judge in each circuit to submit a quarterly report (CA/N Quarterly) to OSCA. The CA/N Quarterly Report lists all child abuse and neglect hearings where standards were not met during the quarter. These standards are based on the requirements of Supreme Court Rule 124.01, Rules of Practice and Procedure in Juvenile Divisions and Family Court Divisions of the Circuit, which states that the following hearings shall be held:

1) Within three days, excluding Saturday, Sunday and legal holidays, a protective custody hearing
2) Within 60 days, an adjudication hearing
3) Within 90 days, a dispositional hearing
4) Every 90 to 120 days after the dispositional hearing during the first 12 months in which the juvenile is in the custody of the children's division, a case review hearing
5) Within 12 months and at least annually thereafter, a permanency hearing
6) As often as necessary after each permanency hearing, but at least every six months, during the period in which the juvenile remains in the custody of the children's division, a permanency review hearing.

The data from each circuit is compiled into a final report and submitted to the Chief Justice of the Supreme Court of Missouri and the Commission on Retirement, Removal and Discipline.

The Missouri Juvenile Officer Performance Standards (2017) section 5.7 Timeliness of Proceedings and Applicable Time Standards mandates "the juvenile officer shall ensure the timely scheduling of all hearings and not be a party to undue and unnecessary delays. Further, the juvenile officer shall comply with established time standards in the scheduling of hearings to the extent such is in control of the juvenile officer and serves the interest of justice."

Table 13-1 CA/N Hearings Held Timely

In FY19, the juvenile and family divisions conducted the required CA/N hearings in a timely fashion. Forty divisions held 95% or more of their hearings on time; while at the statewide level, 96% of hearings were held timely.

Circuit	Hearings Held	Hearings Held Timely	Percent Held Timely
1	325	325	100%
2	634	634	100%
3	379	378	100%

Section 14: Juvenile Officer Performance Standards

In February of 2014, Missouri's chief juvenile officers convened to discuss concerns as to consistency of practice throughout the state and proposed juvenile justice reforms in the context of the potential positive impact versus the unintended consequences of the same. There was clear consensus by the group that it was incumbent upon each juvenile officer to ensure, on an individual and collective basis, the highest standards of professionalism and accountability in carrying out not only the statutory duties of the juvenile officer but in fulfilling the ethical obligation of the juvenile officer to ensure "excellence" as the standard for responsiveness and the provision of services to the children, youth, and families served by the juvenile office in each community.

It was that consensus that led to a collective request of the state courts administrator in March of 2014 to allow an extensive review and revision of the Revised Missouri Court Performance Standards for the Administration of Juvenile Justice (2004).

The request was approved and the Missouri Juvenile Standards Work Group was established in April of 2014 to serve as the steering committee for the standards review. By design, the steering committee consisted primarily of chief juvenile officers as the work of the group intended to deal with in-depth case management processes in the juvenile office as managed by or on behalf of the chief juvenile officer. There was a strong belief and sense of ownership by those agreeing to serve on the Missouri Juvenile Standards Work Group that the burden of necessary corrections to practice and accountability for the same rested with the juvenile officers and the juvenile officers should be responsible for "carrying the water" on the process and complete the associated tasks on behalf of the profession. Thereafter, the work to create new and more specific standards for the juvenile officer was undertaken by the work group and the subcommittees. Additional input from stakeholders in the juvenile justice system was also a critical element in the process. The result of this process was a recommendation for performance standards for juvenile officers.

After reviewing the recommendations by the Missouri Juvenile Standards Work Group, and in the exercise of the authority under section 211.326, RSMo, the state courts administrator has

adopted the attached Missouri Juvenile Officer Performance Standards (2017) which are intended to provide guidance and direction as to the legal mandates and ethical obligations of the juvenile officer in meeting challenges of the multifaceted and important role in the juvenile justice and child welfare systems and to elevate practice and accountability in each juvenile office. The implementation strategy of the new standards integrates the aspirational values and intent of the existing standards with performance based standards that address current and emerging issues in juvenile justice and child welfare.

The Missouri Juvenile Officer Performance Standards (2017)** represent clearly defined and communicated operational standards for the juvenile officer, a framework for greater consistency in practice throughout the state, a mechanism for improved and informed service provision for those in need, and broader implementation of best practices. This is a substantial step in the facilitation of fair and equitable treatment for all persons receiving services from the juvenile officer and creates a systemic connection for each juvenile office to the overall mission and purpose of the Missouri's juvenile justice system and child welfare systems. These standards represent the commitment of the profession to promoting the best possible outcomes for children, youth, families, stakeholders, and communities served by the juvenile officer and improving public trust and confidence in the role of the juvenile officer in Missouri's juvenile justice system and child welfare systems.

The Missouri Juvenile Officer Performance Standards Oversight Workgroup was established in 2017 by the State Courts Administrator to aid in the implementation of the standards and to monitor compliance. The workgroup established a three phase process to assess compliance that included a first year self-assessment and second year community assessment. The results of the year two community assessment are reported in this section and subsequent years will include a technical assessment and additional self-assessment.

***Readers should refer to Missouri's Juvenile Officer Performance Standards (2017) Manual for the full list of standards under each category listed below.*

Table 14–1 Juvenile Officer Performance Standards Compliance Assessment Section 1

Section 1 includes Administrative Standards for the Juvenile Officer, focusing on 20 general performance areas.

On average, community assessments of Juvenile Offices showed 93% [36.2] in substantial compliance, 6% [2.4] in partial compliance, and 1% [0.4] in non-compliance for all measures in Section 1.
Missing Data [7]

Section 1 CY19	Substantial Compliance	Partial Compliance	Non Compliance
1.1 General Policy & Procedure	37 (95%)	2 (5%)	0 (0%)
1.2 Organizational Chart	38 (97%)	1 (3%)	0 (0%)
1.3 Personnel Management	38 (97%)	1 (3%)	0 (0%)
1.4 Training & Staff Dev.	33 (85%)	5 (13%)	1 (3%)
1.5 Compliance Review of the Juvenile Officer	37 (95%)	1 (3%)	1 (3%)
1.6 Formal Complaint Process	27 (69%)	8 (21%)	4 (10%)
1.7 Conflict of Interest	38 (97%)	1 (3%)	0 (0%)
1.8 Ex Parte Communication w/ Juvenile Judge	38 (97%)	1 (3%)	0 (0%)
1.9 Independent Decision Making	31 (79%)	8 (21%)	0 (0%)
1.10 Authority of the Juv Officer & Limitations	37 (95%)	2 (5%)	0 (0%)
1.11 Juv Officer & Legal Representation	37 (95%)	2 (5%)	0 (0%)
1.12 Availability of Juv Officer	37 (95%)	2 (5%)	0 (0%)
1.13 Record Retention and Integrity	37 (95%)	1 (3%)	1 (3%)
1.14 Juvenile Detention Assessment (JDTA)	38 (97%)	1 (3%)	0 (0%)
1.15 Antidiscrimination & Disproportionate Minority Contact	37 (95%)	2 (5%)	0 (0%)
1.16 Use of Solitary Confinement	39 (100%)	0 (0%)	0 (0%)
1.17 Shackling of a Juvenile in Court	35 (90%)	4 (10%)	0 (0%)
1.18 Trauma Informed Practice & Behavioral Health	35 (90%)	4 (10%)	0 (0%)
1.19 Deinstitutionalization of Status Offenders	37 (95%)	1 (3%)	1 (3%)
1.20 Family & Community Engagement & Collaboration	38 (97%)	1 (3%)	0 (0%)
Average	**36.2 (93%)**	**2.4 (6%)**	**0.4 (1%)**

Table 14–2 Juvenile Officer Performance Standards Compliance Assessment Section 2

Section 2 includes Administrative Standards for the Juvenile Officer, focusing on 16 performance areas surrounding Pre-Disposition Delinquency and Status Offense matters.

On average, community assessments of Juvenile Offices showed 94% [36.8] in substantial compliance, 5% [1.9] in partial compliance, and 1% [0.3] in non-compliance for all measures in Section 2.
Missing Data [7]

Section 2 CY19	Substantial Compliance	Partial Compliance	Non Compliance
2.1 Advisement of Rights and Parental Presence	35 (90%)	4 (10%)	0 (0%)
2.2 Initial Referral Review	35 (90%)	4 (10%)	0 (0%)
2.3 Preliminary Inquiry*	37 (95%)	1 (3%)	1 (3%)
2.4 Diversion	32 (82%)	4 (10%)	3 (8%)
2.5 Informal Adjustment Conference	35 (90%)	4 (10%)	0 (0%)
2.6 Risk Assessment	37 (95%)	2 (5%)	0 (0%)
2.7 Needs Assessment	37 (95%)	2 (5%)	0 (0%)
2.8 Filing Considerations	36 (92%)	3 (8%)	0 (0%)
2.9 Competency	38 (97%)	1 (3%)	0 (0%)
2.10 Waiver of Counsel	38 (97%)	1 (3%)	0 (0%)
2.11 Juvenile Representation	37 (95%)	1 (3%)	1 (3%)
2.12 Discovery	39 (100%)	0 (0%)	0 (0%)
2.13 Status Offender Considerations	39 (100%)	0 (0%)	0 (0%)
2.14 Social Investigations and Reports	36 (92%)	3 (8%)	0 (0%)
2.15 Fingerprints and Photographs	39 (100%)	0 (0%)	0 (0%)
2.16 Non-Caretaker Reports	39 (100%)	0 (0%)	0 (0%)
Average	**36.8 (94%)**	**1.9 (5%)**	**0.3 (1%)**

*For additional circuit level information about Standard 2.3, refer to Appendix O and Appendix P.

Table 14–3 Juvenile Officer Performance Standards Compliance Assessment Section 3

Section 3 includes Administrative Standards for the Juvenile Officer, focusing on 13 performance areas surrounding Post-Disposition Delinquency and Status Offense matters.

On average, 93% [36.2] of community assessments of Juvenile Offices reported substantial compliance, 6% [2.6] reported partial compliance, and 2% [0.6] reported non-compliance for all measures in Section 3.
Missing Data [7]

Section 3 CY19	Substantial Compliance	Partial Compliance	Non Compliance
3.1 Dispositional Considerations	38 (97%)	1 (3%)	0 (0%)
3.2 Purpose and Scope of Supervision	39 (100%)	0 (0%)	0 (0%)
3.3 supervision Agreements and Case Plans	37 (95%)	2 (5%)	0 (0%)
3.4 Formal Supervision	39 (100%)	0 (0%)	0 (0%)
3.5 Use of Incentives and Sanctions	30 (77%)	8 (21%)	1 (3%)
3.6 Progress Reports	31 (79%)	7 (18%)	1 (3%)
3.7 Risk Reassessment	33 (85%)	5 (13%)	1 (3%)
3.8 Technical Violations	39 (100%)	0 (0%)	0 (0%)
3.9 Subsequent Allegations	38 (97%)	1 (3%)	0 (0%)
3.10 Graduated Sanctions	35 (90%)	2 (5%)	2 (5%)
3.11 Status Offender Issues	38 (97%)	0 (0%)	1 (3%)
3.12 Juvenile Case Review Hearings	36 (92%)	2 (5%)	1 (3%)
3.13 Status Offender Considerations	38 (97%)	0 (0%)	1 (3%)
Average	**36.2 (93%)**	**2.6 (6%)**	**0.6 (2%)**

Table 14–4 Juvenile Officer Performance Standards Compliance Assessment Section 4

Section 4 includes Administrative Standards for the Juvenile Officer, focusing on 21 performance areas for matters of Child Abuse and Neglect.

On average, 93% [36.4] of the community assessments of Juvenile Offices reported substantial compliance, 5% [1.9] reported partial compliance, and 2% [0.7] reported non-compliance for all measures in Section 4. Missing Data [7]

Section 4 CY19	Substantial Compliance	Partial Compliance	Non Compliance
4.1 Initial Referral Review and Determination	36 (92%)	3 (8%)	0 (0%)
4.2 Role of the Juvenile Officer in Child Welfare Investigation	39 (100%)	0 (0%)	0 (0%)
4.3 Preliminary Inquiry*	38 (97%)	1 (3%)	0 (0%)
4.4 Informal Adjustment	31 (79%)	3 (8%)	5 (13%)
4.5 Request for Protective Custody	36 (92%)	3 (8%)	0 (0%)
4.6 Filing Considerations	34 (87%)	4 (10%)	1 (3%)
4.7 Discovery	37 (95%)	2 (5%)	0 (0%)
4.8 Preliminary Child Welfare Process	35 (90%)	2 (5%)	2 (5%)
4.9 Guardian Ad Litem (Parent)	37 (95%)	2 (5%)	0 (0%)
4.10 Parent Representation	38 (97%)	0 (0%)	1 (3%)
4.11 Paternity	39 (100%)	0 (0%)	0 (0%)
4.12 Dispositional Recommendations by the Juvenile Officer	39 (100%)	0 (0%)	0 (0%)
4.13 Relative Resources	39 (100%)	0 (0%)	0 (0%)
4.14 Caregiver Court Information Report	31 (79%)	6 (15%)	2 (5%)

Section 15: Juvenile & Family Division Programs and Diversion

Juvenile Officers across the state of Missouri provide a variety of programming to youth and their families on a daily basis to address their particular risk and needs. These programs are intended to decrease recidivism, promote accountability, enhance community safety, enhance child and family safety, and teach prosocial behaviors. The programs detailed below are programs that have been documented in the Justice Information System.

The Missouri Juvenile Officer Performance Standards (2017) section 2.4 Diversion mandates "the juvenile officer shall utilize evidence-based diversion programming whenever appropriate." Section 3.13 Specialized Services and Treatment mandates "the juvenile officer shall provide specialized services and treatment specific to the offense, gender, and culture of the juvenile to the extent practicable based on available resources."

These programs are categorized into several main areas listed below:

- **Accountability Programs:** These programs primarily try to teach youth how to take responsibility for their actions and empower them to develop more prosocial behaviors at home, school, and in the community.

- **Alternative Court Programs:** These are specialty court dockets or programs that are meant to address a specific problem area for youth and provide accountability, education, and resources for a specific issue.

- **Anger Management/Conflict Resolution Programs:** These programs are meant to teach youth how to effectively identify their anger and manage it appropriately in a variety of social settings.

- **Diversionary Programs:** Diversionary Programs are programs that are meant to divert youth from various entry points into the juvenile justice system. Diversion programs are divided into four levels based on the time that the offense is committed by the juvenile and when the juvenile participates in the program.

    - Level one diversion programs are used to completely prevent unnecessary referrals from coming to the juvenile office.

    - Level two diversion programs are used when the actions of a juvenile could result in a referral to the juvenile officer.

    - Level three diversion programs divert youth referred to the juvenile court from formal court action into appropriate community based programs.

- Level four diversion programs divert youth referred to the juvenile office from secure confinement or commitment to the Missouri Division of Youth Services so that they can remain in the community.

- **Gender Specific Programs:** These programs provide prosocial interventions and education specific to the needs of boys or girls that are involved with the juvenile justice system.
- **Health and Fitness Programs**: These programs are meant to promote the overall health and well-being of youth referred to the juvenile justice system.
- **Mental Health Programs:** These programs provide a variety of mental health services to a youth or their family that address both the internal and external issues that may be contributing to problematic behaviors by youth.
- **Monitoring Programs:** These programs primarily monitor the whereabouts and activities of youth to promote community safety according to a youth's risk level.
- **Parenting Education and Support Programs:** These programs are meant to provide education, resources, and support to parents or guardians whose children are involved in either the juvenile justice system or child welfare system.
- **Problem Sexual Behavior and Offending Programs:** These programs are meant to provide education and support to youth referred to the court for problem sexual behaviors or sex offenses to try to prevent re-offense and promote more prosocial thought patterns.
- **Prosocial Juvenile Programs:** These programs created by juvenile officers are innovative and may fit into several categories.
- **School and Academic Related Programs:** These are programs that are meant to promote success for youth in school and the educational setting.
- **Sexual Education Programs:** These programs are meant to provide overall education and support to youth involved with the court to improve their health and who are at risk for pregnancy, sexual violence or receiving a sexually transmitted infection.
- **Substance Abuse Programs:** These are programs that are meant to provide education, treatment, and support to youth who have been referred for substance related offenses or identify as having a substance abuse problem.
- **Victim Education and Restorative Justice Programs:** These are programs that are meant to provide education to youth regarding the impact of their offense on the victim and promote empathy for the victim. These programs further provide services that are meant to restore for the victim what has been done wrong by the juvenile.

- **Vocational and Life Skills Development Programs:** These are programs that meant to teach youth skills that can help them demonstrate socially appropriate behaviors and gain and retain employment in the community.

Table 15–1 Juvenile Program Categories and the number of participants

In CY19 there were 12,283 juveniles that participated in court sponsored programs.

Victim Education and Restorative Justice was the most frequently used program category with 2,461 participants [20%].

Monitoring [2,266, 18%], Mental Health [1,610, 13%], and Vocational or Life Skills [1,881, 15%], were the other most common program categories.

Missing Data [0]

Juvenile Program Categories CY19	Number of Participants	Percent of Total
Accountability	725	5.9%
Alternative Court	294	2.4%
Anger Management/Conflict Resolution	266	2.2%
Gender Specific Programming	296	2.4%
Health and Fitness	136	1.1%
Mental Health	1,610	13.1%
Monitoring	2,266	18.4%
Parenting Education and Support	486	4.0%
Problem Sexual Behavior and Offending	41	0.3%
Prosocial Activities	97	0.8%
School or Academic Support	702	5.7%
Sexual Education	57	0.5%
Substance Abuse	965	7.9%
Victim Education and Restorative Justice	2,461	20.0%
Vocational and Life Skills Development	1,881	15.3%
Total	**12,283**	**100.0%**

Table 15–2 Juvenile Diversion Programs and the number of participants

In CY19, Juvenile Diversion Programs served 9,568 youth. A youth could have participated in more than one diversion program.

Level 1 Diversion programs were the most commonly used with 5,639 participants [59%] followed by Level 2 diversion programs with 3,829 participants [40%].

Missing Data [325]

Juvenile Diversion Programs CY19	Number of Participants	Percent of Total
Level 1 Diversion	5,639	58.9%
Level 2 Diversion	3,829	40.0%
Level 3 and 4 Diversion	100	1.0%
Total	**9,568**	**100.0%**

During CY2019, over 21,000 youth have been referred to and participated in a variety of programs and services offered by juvenile offices across the state. This section highlights several programs submitted by various juvenile offices around the state and serve as examples of the wide range of beneficial programs and services available to Missouri youth involved with the juvenile justice system.

- **Fifth Judicial Circuit - Juvenile Office**

  Buchanan County Academy: Established in 1923, the Buchanan County Academy is a non-secure residential facility operated by the Fifth Judicial Circuit Juvenile Office for male and female youth who reside in Buchanan or Andrew counties. Juveniles must be ordered by a Fifth Judicial Circuit juvenile court judge to complete the rehabilitative program offered at the Buchanan County Academy. Such order typically is not entered until a youth demonstrates a lack of amenability to traditional probation services and remaining in his or her home based on inappropriate choices.

  Programming at the academy focuses on cognitive development. Juveniles are taught social, home and life skills so they will have the skills to be successful in their community after completing the program. Programming is also trauma informed and sensitive to the needs and issues the participants have faced in life. A focal point of programming is identifying how to meet the juvenile's needs in a healthy lawful manner. The juvenile office works diligently to teach youth how to show respect to others and how to earn respect for themselves.

  Juveniles participating in the program receive their education through the Saint Joseph Public School District. Program participants continue to pursue their education in public schools and return to the building for rehabilitative programming in the evenings.

  The typical ages for youth participating in the program are between 11 to 17 years of age. The average age of a program participant is 14 years of age.

  By keeping youth in the community, the juvenile office is able to engage parents and incorporate them as an integral part of the juvenile's rehabilitation. Juveniles participating in the program have regular parental contact as well as educational and therapeutic services to assist the family. Individual and family counseling are frequently included in case planning for each program participant. Physical and mental health services are conducted off site, and available to all youth.

Only juveniles who do not pose a risk to public safety are ordered to participate in the programming at the Buchanan County Academy. Juveniles involved in more serious offenses are ordered by the juvenile court judges to complete programs which provide the appropriate level of public safety.

In 2019, 32 youth received programming through the Buchanan County Academy and 81% of juveniles successfully graduated. Rehabilitating families in their community enables the juvenile office to provide specific programming to identify and meet their individualized needs, incorporate family into that programming to enable better outcomes post residential program and to create a significant cost savings to the state by diverting those youth from state programming such as a commitment to the Missouri Division of Youth Services.

- **Sixteenth Judicial Circuit - Juvenile Office**

Cradle to Crayons Docket: In 2018, the 16th Judicial Circuit formed a Differential Case Management (DCM) Committee with the goal of safely reducing the number of children in care. The DCM Committee studied the data and selected a subgroup of cases to become of the focus of initial efforts.

Over the last 10 years, 42% of all new child abuse and neglect cases in Jackson County involved children under the age of three years. The trauma of child abuse and neglect, coupled with removal from home at such a young age, jeopardizes a child's ability to form healthy attachments to a caregiver and can impede long term growth and development. As such, they decided to focus on the parents of infants and toddlers new to the child welfare system. They designed a Cradles to Crayons (C2C) docket and a Child Protection and Permanency Unit. The C2C docket takes place in the courtroom of the Administrative Judge and the Child Protection and Permanency Unit is staffed by a Program Manager and two Protection and Permanency Officers (PPOs).

The PPOs receive referrals as soon as parents of infants and toddlers enter the court. The aim of the program is to remove barriers and partner with parents in their work towards reunification. PPOs work in partnership with Children's Division case managers to connect parents with substance abuse and mental health treatment, parent education, life skills and other services as needed.

The 16th Judicial Circuit identified a comparison group of infants and toddlers from the year prior to the implementation of the C2C program. Children in the comparison group would have qualified for the program, if the program had existed. In the first 12 months of program operation, 67 children and their families were referred to the program. In the same time period of the previous year, 73 children and their families would have been served. At the one-year mark, 22 (33%) children in the C2C program had reunified with a parent and were released from jurisdiction. In the same period, seven (10%) children in the comparison group had reunified with a parent and been released. In

other words, in the first year of operation, they have safely *tripled* the reunification rate for families with infants and toddlers. At the time of this writing, no children in either group have returned to the system for new allegations of abuse or neglect. They plan to enhance the program this year by adding Parent Partners, a parent mentoring program utilizing former system-involved parents trained to support incoming families.

- **Twenty-First Judicial Circuit - Juvenile Office**

Family Fun Nights: In 2018, the 21st Judicial Circuit began hosting Family Fun Nights to provide an opportunity for youth supervised by the juvenile office to participate in family friendly, fun activities with their family members. A full meal is always served by staff of the juvenile office followed by various activities and games, which results in all youth winning prizes. The parents and custodians in attendance also receive a small attendance prize for taking time out of their busy schedules to spend time as a family. All youth subject to informal and formal supervision are invited to attend and they are encouraged to bring parents and/or custodians and siblings. The juvenile office coordinates transportation for families who need it. The circuit hosted 4 Family Fun Nights in the last 12 months.

The July 2019 Family Fun Night had a carnival-theme and included a meal, outdoor carnival games, and prizes. All youth in attendance received a backpack filled with school supplies for the school year. The October 2019 event was a Fall Festival theme and included a meal, games, face-painting, pumpkin painting, and small prizes. In December 2019, a holiday-themed Family Fun Night was held. The event included a meal, games, face-painting, and small prizes. Donated hats, gloves, food, and personal hygiene items were also available for those in need. Court involved youth were also able to "shop" from tables of donated items for holiday gifts for their parents or custodians. Deputy juvenile officers helped wrap the gifts for them. Parents and custodians were also entered into a drawing to win one of many gift baskets donated by juvenile office staff. In March 2020, a basketball-themed Family Fun Night was held that included a meal, basketball, various shooting challenges and small prizes. All youth in attendance received a drawstring backpack filled with summer activity themed items (full-sized basketball, water bottle, foam sports balls, sidewalk chalk and athletic socks) donated by Harris Stowe State University. Parents and custodians were provided with a spring-cleaning basket.

In total, 205 youth, family members and community partners attended one or more of the Family Fun Night events. The events were funded, in part, by the Missouri Division of Youth Services' Juvenile Court Diversion grant dollars. The 21st Judicial Circuit is committed to family engagement and plans to expand efforts when current COVID-19 related restrictions on public gatherings are lifted. Feedback received at the end of every event demonstrates that youth and parents are thankful for the opportunity to relax and have fun together. For juvenile office staff, it has been heartwarming and energizing to watch youth who have committed serious offenses get excited to pick out

a gift for their parent or to compete against their deputy juvenile officer on the basketball court. The events have allowed youth and families to see the juvenile office staff in a different light as well. In the end, everyone enjoys a fun evening and, hopefully, caring connections are established and relationships are strengthened, which benefits everyone involved.

- **Twenty-Fourth Judicial Circuit - Juvenile Office**

Anger Management Treatment: The 24th Judicial Circuit provides an anger management program that is funded through the Juvenile Justice Program Assistance Grant. By utilizing the grant funding, youth and families do not have to pay for this program. They have a contracted group leader, who has designed the program for youth and teens who need help with anger management. Youth can be court ordered into the program or placed into the program by informal means through a deputy juvenile officer.

The program assisted approximately 50 youth in 2019. It is an eight-week course that consists of small classes to maximize youth participation and personalized attention. Youth are provided with workbooks and materials. The group leader focuses on age-specific, anger management topics, such as recognizing anger, controlling anger, problem solving and bullying.

- **Twenty-Ninth Judicial Circuit - Juvenile Office**

Guiding, Advising, Preparing (GAP): The GAP program is a new program that helps to empower youth in the community to make positive life choices that enable them to maximize their potential. The mentoring program uses adult volunteers who commit to supporting, guiding and being a friend to a young person for a period of at least 12 months. By being a positive adult role model who cares about the youth, the mentor can help the youth develop resilience and positive adaption and reach positive academic, career and personal goals.

The mission of the GAP program is “to provide a comprehensive approach that engages the family, school and community” and “develop resilience and positive adaption for the youth by establishing a personal relationship with an adult mentor.” Their vision is “to provide effective intervention by reducing recidivism, providing positive adult support, promoting successful transition and guidance in the lives of juveniles.”

On August 8 and 22, 2019, recruitment meetings were held to form an advisory committee. On September 5, 2019, the advisory committee began meeting to assist with the creation of the GAP program and met every 2 weeks through the end of 2019. The goals for the GAP program are to have 25 youth matched with a mentor by August 1, 2021 and to show data that the GAP program is reaching its goals outlined in the vision statement.

Planned activities for the program include an annual banquet for the GAP mentor and GAP mentor of the Year, continued training for certified mentors on bonding with youth, positive activities, dealing with the pandemic, ongoing trauma training and building resilience, game nights at the juvenile center for the mentor and mentee every six to eight weeks and a career night at the juvenile center for the mentor and mentee every three months.

* The statistical parity numbers for the City of St. Louis are included for reference only, since Black youth represent the largest demographic group.
* If the RRI is blank, this means it was not statistically significant.
