V.M. ("Appellant") appeals from the judgment of the Circuit Court of the City of St. Louis, granting S.M.W. ("Guardian") a Full Order of Protection for a minor child ("Child").

REVERSED.

Division One Holds: We find insufficient evidence to support the trial court's issuance of a full order of protection for Child against Appellant. Guardian failed to establish that Appellant had caused fear of danger of physical harm as required by Section 455.010. Guardian did not provide any evidence of physical harm or the threat of physical harm. Thus, the evidence was insufficient to support the trial court's issuance of a full order of protection against Appellant based on stalking.
