

TRAFFIC BENCH GUIDE

7th Edition - 2024

Foreword

Since the sixth edition of this bench guide was published, there have been a number of legislative changes that affect traffic offenses. Among others, there have been significant changes in the requirements for municipal violations, fine schedules and expungements.

This booklet was designed with the intent of providing a quick reference manual for the use of judges, prosecutors and lawyers.

EXPUNGEMENTS

EXPUNGEMENTS

SUPREME COURT RULE 155, SECTIONS 302.545, 311.326, 610.130-610.140 RSMo
Mo. CONST. ART. XIV, §2.10

Supreme Court Rule 155 – Expungements

155.01 COMMENCEMENT OF EXPUNGEMENT ACTION

An action to expunge records for a petitioner charged or found guilty of an offense, violation, or infraction is commenced by filing a petition in the circuit court of the county in which the petitioner was charged or found guilty. An action limited to the expungement of an arrest record is commenced by filing a petition in the circuit court of the county in which the petitioner was arrested.

155.02 FILING FEES AND COSTS

The filing fee shall be paid at the time of filing. In all actions for expungement, the court shall assess the costs as part of the judgment. The court shall waive the fees and costs if the petitioner is found to be indigent.

155.03 SERVICE

In all actions to expunge records, service shall be made by methods for obtaining service of process in circuit courts or by mailing a copy of both the summons and the petition to the defendant at the defendant's last known address by certified mail, return receipt requested, delivery restricted to the addressee.

155.04 NOTICE AND HEARING

(a) In an action to expunge criminal records, the clerk of the court is not required to give further statutory notice of the filing of the petition to the office of the prosecuting attorney, circuit attorney, or municipal prosecuting attorney that prosecuted the offenses, violations, or infractions listed in the petitions if the office of the prosecuting attorney, circuit attorney, or municipal prosecuting attorney is a defendant named in the expungement petition and has been properly served.

(b) In all actions to expunge records, the court shall hold a hearing pursuant to the applicable statute. The court shall send notice of the hearing to each official, agency, or other entity named in the petition.

155.05 JUDGMENT DIRECTING EXPUNGEMENT

If the court finds that the petitioner is entitled to expungement of any record that is the subject of the petition, it shall enter a judgment directing expungement. The court shall send a certified copy of the judgment to each official, agency, or other entity named in the petition.

Expungement of Criminal Offenses and Infractions: (§610.140 RSMo)

Expungement of certain criminal offense and infractions are permitted under the provisions of §610.140. These provisions permit the expungement of one felony, two misdemeanors, and infractions without limit for qualified individuals. They operate to ‘close’ records to general disclosure, but permit use by certain entities for certain purposes, even following expungement, namely use by law enforcement, criminal enforcement agencies and prosecuting attorneys for enhancement.

Expungement of Alcohol-Related Offenses: (§610.130 RSMo)

Section 610.130 (formerly 577.054) permits an individual to expunge a first misdemeanor alcohol-related traffic offense from his or her driver record under certain circumstances. The person must not be a commercial driver’s license holder and have no subsequent or pending “alcohol-related enforcement contacts,” as defined by §302.525, within a ten-year period following the plea or finding of guilty, or conviction. The petition must be filed in the court of conviction or plea and the Director of Revenue is required to be named and served. Under *S.S. v. Mitchell*, 289 S.W.3d 797 (Mo. App. W.D. 2009), a related administrative alcohol suspension may also be expunged. The Department removes all record of the offense from the driver record and history. This is one-time relief only.

Zero Tolerance Expungement – Minors and Administrative Alcohol: (§302.545 RSMo)

A person under the age of 21, who has had a first administrative alcohol suspension, commonly referred to as a “zero tolerance” suspension, assessed to their driver record may be eligible to expunge the suspension under §302.545. The expungement does not require a court order and is automatic either two years from the effective date of the suspension or when the person attains the age of 21, whichever occurs first (if otherwise eligible). The person must not be a commercial driver’s license (CDL) holder or have committed the offense while operating a commercial motor vehicle, and must not have committed any subsequent alcohol-related traffic offenses during the two-year period or prior to age 21. If the prerequisites are met, the Department of Revenue removes all record of the suspension from the driver record.

Minor in Possession: (§311.326, RSMo)

A Minor in Possession suspension or revocation under §311.325 is assessed to the driver record of a license holder age 16 to age 20 as a result of an order entered by a state court upon a plea or finding of guilty for specified state law alcohol-related offenses. These offenses can be traffic or non-traffic offenses, as enumerated in 311.325 to include the possession of or purchase or attempted

purchase of intoxicating liquor, having a blood alcohol concentration (BAC) of .02% or more, or being found to be “visibly intoxicated” as defined by §577.001. This is assessed under §302.400.6 as a 30-day license suspension for a first offense; a 90-day suspension for a second, and one-year revocation for a third or subsequent. OSCA Form CR 264 is used by the court. A non-commercial driver license holder who has had no subsequent alcohol-related enforcement contacts as defined in §302.525 may apply to the court of sentencing for expungement of the offense on or after obtaining the age of 22 under §311.326. This relief is available one time only, and the Department of Revenue removes all record of the offense from the driver history.

- Expunged cases under section 610.140 RSMo and the corresponding civil cases, become “closed” cases and are **NOT** set at the higher case security level for expunged cases as law enforcement and prosecuting attorneys are still allowed access to those cases.

No Equitable Power for Expungements

- The Courts no longer possess common law equitable power to grant expungements. *Kuenzle v. MSHP*, 865 S.W.2d 667 (Mo. Banc 1993) and *In re Dyer*, 163 S.W.3d 915 (Mo. Banc 2005).

FINGERPRINTING

FINGERPRINTING/OCN REQUIREMENTS

SECTION 43.500-506 RSMo

- **Section 43.500(8) RSMo:** "State offense cycle number", a unique number, supplied by or approved by the Missouri state highway patrol, on the state criminal fingerprint card. The offense cycle number, OCN, is used to link the identity of a person, through unique biometric identification, to one or many offenses for which the person is arrested or charged. The OCN will be used to track an offense incident from the date of arrest to the final disposition when the offender exits from the criminal justice system.
- **Section 43.503.6 RSMo:** The clerk of the courts of each county or city not within a county or municipal court clerk shall furnish the central repository, on standard forms supplied by the highway patrol or in a manner approved by the highway patrol, with a record of all charges filed, including all those added subsequent to the filing of a criminal court case, amended charges, and all final dispositions of cases for which the central repository has a record of an arrest or a record of fingerprints reported pursuant to §§ 43.500-43.506. Such information shall include, for each charge:
 - (1) All judgments of not guilty, acquittals on the ground of mental disease or defect excluding responsibility, judgments or pleas of guilty including the sentence, if any, or probation, if any, pronounced by the court, nolle pros, discharges, releases and dismissals in the trial court;
 - (2) Court orders filed with the clerk of the courts which reverse a reported conviction or vacate or modify a sentence;
 - (3) Judgments terminating or revoking a sentence to probation, supervision or conditional release and any resentencing after such revocation; and
 - (4) The offense cycle number of the offense, and the originating agency identifier number of the sentencing court, using such numbers as assigned by the highway patrol.
 - **If the court does not report the OCN, the disposition cannot be tied back to the correct arrest record in the criminal history system at the Central Repository.**
- **Section 43.506.1 RSMo:** Those offenses considered reportable for the purposes of §§43.500-43.543 include:
 - all felonies;
 - class A misdemeanors;
 - all violations for driving under the influence of drugs or alcohol (DWI);
 - any offense that can be enhanced to a class A misdemeanor or higher for subsequent violations;
 - comparable ordinance violations;
 - all cases arising under chapter 566.

The following types of offenses shall **NOT** be considered reportable for the purposes of sections 57.403, 43.500 to 43.543, and 595.200 to 595.218:

- nonspecific charges of suspicion or investigation,
- general traffic violations;
- all misdemeanor violations of the state wildlife code.
- State and municipal court case dispositions are reported through the case management system. The clerk should address each charge the prosecutor has filed and record the charges as disposed in court. In order to report to the Central Repository, the OCN number must be included with the case, this also ensures the OCN is included in the Judgement forms when defendants are sentenced to Department of Corrections (DOC). In addition, the OCN must be included on commitment papers when a defendant is committed to the Department of Mental Health (DMH).
- **If a case is received that requires fingerprints but does not have an OCN, the court will need to order fingerprints in order to generate an OCN.** A copy of the standard order for fingerprinting, Form CR102, is included in this section. The order for fingerprinting is utilized by the court when fingerprints were not taken as a result of the issuance of a summons, as a result of fingerprints having never been taken upon initial arrest, or if original arrest prints were rejected. An order for fingerprinting should only be issued when the court is certain that the defendant’s fingerprints have not been previously taken.
- **Section 43.503.8 RSMo**, allows for fingerprinting and assigning an OCN in those instances where a person is appearing for sentencing without previously having been fingerprinted for that case.
 - “Information and fingerprints, photograph and if available, any other unique biometric identification collected, forwarded to the central repository, normally obtained from a person at the time of the arrest, may be obtained at any time the subject is in the criminal justice system or committed to the department of mental health... If at the time of any court appearance, the defendant has not been fingerprinted and photographed for an offense in which a fingerprint and photograph is required by statute to be collected, maintained, or disseminated by the central repository, **the court shall order a law enforcement agency or court marshal to fingerprint and photograph immediately the defendant.**”
- JIS will now print on the order for fingerprinting the original arresting agency, if on file. The court may send the order to that department if different from the sheriff’s department that normally received the order in the past.
- **Courts can keep track of what cases do not have OCN’s via management reports so that cases needing an order for fingerprinting are easily identified.** Courts using the case management system can select to print the OCN on the court calendar using the calendar print options. If the OCN has not been received by the court and recorded in the case management system, the calendar will print “OCN not on file”, and thus will need the Order completed.
- One easy way to determine if fingerprints are required is in the charge code number itself. If the charge code has a **Y** in the number then fingerprints are required. If the charge code has an **N** in the number then fingerprints are not required.

Examples: 302.321-003Y202054.0 (DWR/DWS – 1st Offense), **Y = fingerprint required**

304.010-003N199954.0 (Exceeded Posted Speed Limit 6-10 MPH), **N = no fingerprint required**

PROGRAM**

DRIVER IMPROVEMENT PROGRAM

SECTIONS 302.302 AND 476.385 RSMO

- A court may elect to approve attendance at a Driver Improvement Program (DIP) or motorcycle-rider training course. A court does not have to authorize the approval of DIP attendance. It is optional and up to the associate circuit judge or judges of each county.
- If a defendant is charged with a moving violation in a county that has approved a DIP, and they plead guilty and pay the fine and costs in full, the defendant will automatically be approved to attend an authorized DIP course to avoid having points assessed on their Missouri driver's license. Payment of the fine and costs is considered consent by the defendant to attendance at such programs.
- DIP is not available for a violation committed in a commercial motor vehicle or for any driver who has a commercial driver's license (CDL) from Missouri or any other state.
- Attendance at DIP is not mandatory. If a defendant chooses to attend DIP, they must complete an approved DIP course within 60 days of their guilty plea and must have the DIP program send proof of completion to the Missouri Department of Revenue (DOR), Driver License Bureau, P.O. Box 200, Jefferson City, MO 65105.

rules and requirements set by the Missouri Supreme Court. See Appendix for a judge’s bench card regarding Lawful Enforcement of Legal Financial Obligations for additional guidance. A judge should make the following inquiries:

- Are you currently working? If so, what is your net monthly income?
- If you are not currently working, when did you last work and what have you done to try to find work?
- Do you have any medical or other conditions that limit your ability to work?
- Do you receive any government benefits?

LEGAL FINANCIAL OBLIGATIONS

LAWFUL ENFORCEMENT OF LEGAL FINANCIAL OBLIGATIONS

Statutory Limitations on the Collection of Fines and Costs

- When an offender sentenced to pay a fine defaults in the payment of the fine or in any installment, the fine or installment shall be collected by any means authorized for the collection of money judgments, other than a lien against real estate, or may be waived at the discretion of the sentencing judge. 558.006, RSMo (Effective August 28, 2019).
- When a fine is assessed by a judge, it shall be within his or her discretion to provide for the payment of the fine on an installment basis under such terms and conditions as he or she may deem appropriate. 543.270, RSMo (August 28, 2019).
- In no event shall the recovery of costs incurred by a municipality or county for the detention, imprisonment, or holding of any person be the subject of any condition of probation, nor shall the failure to pay such costs be the sole basis for the issuance of a warrant. 543.270, RSMo (Effective August 28, 2019).

Imposition and Payment of Fines, Fees, and Costs, and Contempt Proceedings

Courts may not incarcerate a defendant/respondent, or revoke probation, for nonpayment of a court ordered legal financial obligation unless the court holds a hearing and makes one of the following findings:

1. The failure to pay was not due to an inability to pay, but was willful or due to failure to make bona fide efforts to pay; or
2. The failure to pay was not the fault of the defendant/respondent and alternatives to imprisonment are not adequate in a particular situation to meet the State's interest in punishment and deterrence.

If a defendant/respondent fails to pay a court-ordered legal financial obligation but the court, after opportunity for a hearing, finds that the failure to pay was not due to the fault of the defendant/respondent, but rather due to lack of financial resources, the court should consider alternative measures of punishment rather than incarceration. *Bearden v. Georgia*, 461 U.S. 660, 667-669 (1983); *State ex rel. Fleming v. Mo. Bd. of Prob. & Parole*, 515 S.W.3d 224 (Mo. banc 2017). Punishment and deterrence can often be served fully by alternative means to incarceration, including an extension of time to pay, reduction of the amount owed, or community service. *Bearden*, 461 U.S. at 671.

Court-ordered legal financial obligations (LFOs) include all discretionary and mandatory fines, costs, fees, state assessments, and/or restitution in civil and criminal cases.

1. Adequate Notice of the Hearing to Determine Ability to Pay¹

Notice should include the following information:

- a. Hearing date and time;
- b. Total amount claimed due;
- c. That the court will evaluate the person's ability to pay at the hearing;
- d. That the person should bring any documentation or information the court should consider in determining ability to pay;
- e. That incarceration may result only if alternate measures are not adequate to meet the State's interests in punishment and deterrence or the court finds that the person had the ability to pay and willfully refused;
- f. Right to counsel*²; and
- g. That a person unable to pay can request payment alternatives, including, but not limited to, community service and/or a reduction of the amount owed.

2. Meaningful Opportunity to Explain at the Hearing²

- a. Whether the amount charged as due is incorrect; and
- b. The reason(s) for any nonpayment (e.g., inability to pay).

3. Factors the Court Should Consider to Determine Willfulness³

- a. Income, including whether income is at or below 125% of the Federal Poverty Guidelines (FPG)⁴
- b. Receipt of needs-based, means-tested public assistance, including, but not limited to, Temporary Assistance for Needy Families (TANF), Supplemental Security Income (SSI), Social Security Disability Insurance (SSDI), or veterans' disability benefits (Such benefits are not subject to attachment, garnishment, execution, levy, or other legal process);
- c. Financial resources, assets, financial obligations, and dependents;
- d. Whether the person is homeless, incarcerated, or resides in a mental health facility;
- e. Basic living expenses, including, but not limited to, food, rent/mortgage, utilities, medical expenses, transportation, and child support;
- f. The person's efforts to acquire additional resources, including any permanent or temporary limitations to secure paid work due to disability, mental or physical health, homelessness, incarceration, lack of transportation, or driving privileges;
- g. Other LFOs owed to the court or other courts;
- h. Whether LFO payment would result in manifest hardship to the person or his/her dependents; and
- i. Any other special circumstances that may bear on the person's ability to pay.

4. Findings by the Court

The court should find, on the record and/or by docket entry, that the person was provided prior adequate notice of:

- a. Hearing date/time;
- b. Failure to pay an LFO is at issue;
- c. The right to counsel;*
- d. The defense of inability to pay;
- e. The opportunity to bring any documents or other evidence of inability to pay; and
- f. The opportunity to request an alternative sanction to payment or incarceration.

After the ability to pay hearing, the court should also find on the record that the person was given a meaningful opportunity to explain the failure to pay.

If the Court determines that incarceration must be imposed, the Court should make findings about:

1. The financial resources relied upon to conclude that nonpayment was willful;⁵ or
2. If the defendant/respondent was not at fault for nonpayment, why alternate measures are not adequate, in the particular case, to meet the State's interest in punishment and deterrence.⁶

Alternative Sanctions to Imprisonment That Courts Should Consider When There is an Inability to Pay⁷

- a. Reduction of the amount due;
- b. Extension of time to pay;
- c. A reasonable payment plan or modification of an existing payment plan;
- d. Credit for community service (Caution: Hours ordered should be proportionate to the violation and take into consideration any disabilities, driving restrictions, transportation limitations, and caregiving and employment responsibilities of the individual);
- e. Credit for completion of a relevant, court approved program (e.g., education, job skills, mental health or drug treatment); or
- f. Waiver or suspension of the amount due.

*Case law establishes that the U.S. Constitution affords indigent persons a right to court-appointed counsel in most post-conviction proceedings in which the individual faces actual incarceration for nonpayment of a legal financial obligation, or a suspended sentence of incarceration that would be carried out in the event of future nonpayment, even if the original sanction was only for fines and fees. *See Guidance on the Right to Counsel in Legal Financial Obligation Cases.*

FAILURE TO APPEAR

In-State Failure to Appear

SECTION 302.341 RSMO, RULE 37.65

Under Section 302.341, RSMo, all municipalities, as applicable, and all state courts may forward license suspension information to the Department of Revenue for persons who have committed moving violations and fail to appear or pay the fines or court costs assessed.

NOTE: There were substantial amendments to these provisions under Senate Bill 5, effective August 28, 2015. Municipal and county ordinance offenses defined as a “minor traffic violation” under section 479.350(3) are now not reportable under the Instate Failure to Appear provisions.

A court may now only report Failure to Appear suspensions to the Department of Revenue for municipal and county ordinance traffic violations where:

- An accident or injury is involved;
- A commercial motor vehicle (CMV) is involved;
- Five (5) or more points are assessed for the offense;
- Speeding violations 20 mph or greater over the posted limit are charged;
- Traffic violations occurring within a construction or school zone are charged.

This includes amended charges as well.

Where applicable, the failure to appear provisions may be used even if the offender originally appeared and entered an installment plan to pay the fine and costs or the court has stayed the execution on fine and costs until a future date. *See Rule 37.65(b-c)*. If the offender defaults on payment, the court may begin the failure to appear process.

Criteria: Section 302.341, RSMo provides that the offender must be a Missouri resident and must be charged with a moving violation. Therefore, if the original charge is amended to a non-moving violation prior to the offender failing to appear or to pay the court costs and fines, the charge no longer qualifies for the failure to appear sanctions.

Notice: The court is charged with providing notice to the defendant by ordinary mail at the last address shown on the court records that the court will order the Director of Revenue to suspend the defendants driving privileges if the charges are not disposed of and fully paid within thirty days from the date of mailing. If the defendant fails to timely dispose of the charges after notice, the court shall then notify the Director of the failure and of the pending charges against the defendant. The suspension remains in effect until the court requests the withdrawal of the suspension *or* the offender disposes of the charges with the court and/or pays the applicable court

costs and fines and receives documentation from the court that the matter is resolved. Unlike other license suspension or revocation actions, the notice from the Director that the license is being suspended will **postdate** the suspension or revocation action.

Reinstatement: The offender may take the court documentation and a \$20 reinstatement fee to have the failure to appear suspension reinstated at any local license office. No proof of insurance is required to reinstate a failure to appear suspension. If the offender shows compliance, the Director is now required to remove the action from the driver's record.

Forms the court may use to provide notice to the citizen and to the Department of Revenue are available from the Driver's License Bureau. Any court requiring information or forms should contact: Missouri Department of Revenue, Driver's License Bureau, P.O. Box 200, Jefferson City, Missouri 65105 or by referring to its website at www.dor.mo.gov.

**COMMERCIAL
DRIVER
LICENSE**

COMMERCIAL DRIVERS LICENSE

SECTIONS 302.700 – 302.780 RSMo

Commercial driver license (CDL): *A driver license issued by this state to an individual which authorizes the individual to operate a commercial motor vehicle (Class A, B or C).*

One License Only. A person issued a Missouri CDL will be issued one license, which will indicate what class of commercial motor vehicle the person may operate (class A, B or C). The “one license” concept is based the premise that every driver has only one “state of record” for license issuance and for purposes of documenting their driving history. A CDL applicant must meet additional requirements over those required for a “base” driving privilege for class A, B or C commercial privileges. *Section 302.720 RSMo.*

A driver may have a “base driving privilege” (i.e., for operation of Class F or E vehicles) without a CDL, **but** a driver **can not** have a CDL without also having a base driving privilege. A CDL holder might lose his/her CDL privileges and retain the base driving privilege, but if suspended, revoked or denied for their base privilege, the CDL privileges are lost with it. *Section 302.705.1 RSMo.*

Disqualification: Defined as a suspension, revocation, cancellation or withdraw of a commercial driver license. The period of disqualification varies according to the type of offense and number of priors (see chart). *Section 302.700.2(14) RSMo.*

Medical Certification: Medical certification for CDL holders now required to be indicated on Missouri driver record.

“Conviction” for CDL disqualification is defined by Section 302.700.2(12) RSMo to include:

- A plea of guilty, or nolo contendere
- A determination that a person has violated or failed to comply with the law in a court of original jurisdiction
- A determination that a person has violated or failed to comply with the law in an administrative proceeding
- An unvacated forfeiture of bail or collateral deposited to secure a person’s appearance in court
- The payment of a fine or court costs
- The violation of a condition of release without bail regardless of whether the penalty is rebated, suspended or prorated
- An offense for failure to appear or pay.

NOTE: *This varies from the definition of conviction for point assessment under Section 302.302 RSMo, and includes SIS dispositions, administrative outcomes (Administrative Alcohol and Chemical Refusal), bond forfeitures and failure to appear.*

Courts are required to forward records of conviction within seven days of the date of conviction. *Section 302.225, RSMo.*

CDL Disqualifications & Serious Traffic Violations

“**Serious traffic violation**” is defined in *Section 302.700.2(24) RSMo* for CDL holders to include reckless driving, speeding 15 mph or more above the speed limit, improper or erratic lane changes, following too closely, and any moving violation relating to a fatal crash. Serious traffic violations also include driving a CMV without obtaining a CDL, driving a CMV without CDL in possession, use of handheld device while driving, texting while driving, use of electronic communication device (as defined in 304.822 RSMo) and driving a CMV without proper class of CDL or endorsement/restrictions. **Note:** For a CDL holder, offenses committed in a CMV **or a non-CMV** (i.e., private vehicle), are used for CDL disqualification purposes, **if** the conviction for the offense committed in a private vehicle results in a suspension or revocation of the driver’s base driving privilege. *Section 302.700.2(42) RSMo*.

A **disqualification or out-of-service order** is a loss of only a driver’s commercial driving privileges (class A, B or C) for a specified period of time. During a disqualification or period of out-of-service (if the driver is not otherwise suspended or revoked), he or she can continue to drive private (noncommercial) motor vehicles without obtaining limited driving privileges. When a CDL is cancelled, the driver must wait until the disqualification period expires and then take the written and driving tests and meet all other requirements of *Sections 302.700 to 302.780 RSMo* in order to get another CDL. CDL status is determined as of the date of the offense. Downgrading to a non-commercial license class thereafter has no impact on the disqualification.

60 Day Disqualification

- Two *serious traffic* violation convictions within three years if person is a CDL holder or if person is operating a CMV. **Note: The three-year period will be based on violation date rather than conviction date.**

120 Day Disqualification

- Three or more *serious traffic* violation convictions within three years if person is a CDL holder or if person is operating a CMV. **Note: The three-year period will be based on violation date rather than conviction date.**
- Second railroad-highway grade crossing violation while person is operating a CMV.

180 Day Disqualification

- First traffic conviction for violating an out-of-service order while person is operating a CMV.
- First traffic conviction for violating an out-of-service order while operating a CMV and transporting hazardous materials or transporting 15 passengers or more.

1 Year Disqualification

- Driving any motor vehicle (commercial or noncommercial) while under the influence of alcohol or a controlled substance.
- Driving any motor vehicle (commercial or noncommercial), resulting in any “alcohol-related enforcement contact” as defined in Section 302.525.3 RSMo (including administrative license actions).
 - Driving a CMV with a BAC of 0.04% or higher.
 - Refusing blood and/or breath test if the person is a CDL holder or if person is operating a CMV.
 - Leaving the scene of an accident.
 - Using **any** motor vehicle (CMV or non-CMV) to commit a felony.
 - Driving a CMV with a revoked, suspended, canceled, or disqualified privilege.
 - Causing a fatality through the negligent or criminal operation of a CMV (includes the crimes of motor vehicle manslaughter, homicide by motor vehicle, and negligent homicide).
 - Making a false statement on any application for a CDL.
 - Second traffic conviction within ten years for driving a CMV while out-of- service.
 - Third or subsequent railroad-highway grade crossing violation within three years while operating a CMV.

3 Year Disqualification

- First conviction for any one of the top seven violations for one- year disqualification if transporting hazardous materials.
- Third or subsequent conviction within ten years for violating out-of- service orders while operating a CMV.
- Second or subsequent conviction within ten years for violating an out- of-service order while operating a CMV and transporting hazardous materials or transporting 15 passengers or more.

Lifetime Disqualification

(A 10-year minimum disqualification period in Missouri under Section 302.755.3, RSMo, as interpreted by 12 CSR 10-24.444)

- Second conviction for any one of the top seven violations listed under one-year disqualification.

Permanent Lifetime Disqualification

- First conviction for using a motor vehicle in the manufacture or illegal distribution of drugs.
- Using a CMV in the commission of a felony involving an act or practice of severe forms of trafficking in persons as defined and described in 22 U.S.C 7102 (11).

Imminent Hazard Disqualification (not to exceed one year)

- Determination by the Federal Motor Carrier Safety Administration that a person's driving constitutes an imminent hazard.

NO Driver Improvement Programs (DIP) for CDL holders

Driver improvement programs (DIP) will not be allowed by any person for any offenses committed in a CMV or by any CDL holder whether the offenses are committed in a noncommercial or commercial motor vehicle. *Section 302.302.5 RSMo.*

NO Limited Driving Privileges for CMV operation

Limited Driving Privileges (LDP) will not be issued to operate a CMV during any period of suspension, revocation, cancellation, or disqualification. *Section 302.309.3(7) RSMo.*

CDL with School Bus Endorsement

Persons who apply for a commercial or noncommercial driver license and want to operate a school bus owned or under contract with a public or private school will be required to complete the required written and skills testing and obtain a school bus (S) endorsement on his or her driver license. Prior to obtaining the S endorsement, the driver must be at least 21 years of age and obtain approval by meeting current medical, fingerprint-based criminal records check, and child abuse and neglect registry checks. Pending the results of

the criminal check, the driver may be eligible for a temporary license with the S endorsement. CDL holders are required to have a passenger (P) endorsement on the face of their CDL to be eligible for the S endorsement. *Sections 302.177 and 302.272 RSMo.*

Drivers with a valid CDL from another state who want to operate a school bus owned or under contract with a public or private school must also have the P and S endorsements issued pursuant to federal regulations. *Section 302.273 RSMo.*

Masking of Traffic Violations for CDL Drivers Not Allowed

Courts are not permitted to defer imposition of sentence, suspend imposition of sentence, or allow a CDL holder or person required to have a CDL to enter into a diversion program that would prevent a conviction regarding traffic control laws, in any type of vehicle, from appearing on the person's driving record. *Section 302.345 RSMo; 49 CFR 384.226.*

What is considered “masking” under the federal Motor Carrier Safety Improvement Act (MCSIA)?

Generally, for masking or diversion to occur, there first must be a judgment of guilt. For example, masking may occur when the court holds the paperwork on a conviction for some reason and does not allow the State to take appropriate action. Diversion may occur when the court allows a driver – after an adjudication of guilt – to perform alternate services to get the conviction erased.

**FOREIGN OR
INTERNATIONAL
LICENSES**

FOREIGN OR INTERNATIONAL LICENSES

Foreign License Holders and “International” licenses:

There really are no easy answers in regard to how law enforcement, prosecutors and courts are to handle these drivers. It depends on whether an officer or prosecutor has the ability to independently confirm what information/status the document(s) that an out-of-country driver presents to the officer show. Officers currently have no means to confirm out-of-country status, so they are left to rely upon what is represented by the document(s) they are given. The document commonly referred to as an “International License” is not actually a driver license at all, but merely interprets a foreign license, The International Driving Permit is not required, but can be very helpful in translating the foreign license document to English. There is more information regarding International Driving Permits on the American Automobile Association (AAA) website at <http://www.aaa.com/Vacation/idpf.html>.

Residency Determination--Another possible approach to these drivers is via a determination of whether a driver has established Missouri “residency” as defined under Sections 302.010 RSMo ,and required under *Section 302.171, RSMo* and Section 302.735 RSMo. so as to require application for a Missouri license. A non-resident (foreign or domestic) only has the right to legally operate in Missouri on a “foreign” license if that license is currently valid (under *Section 302.080, RSMo*). Again, however, if an officer cannot independently confirm whether the license is ‘valid, the officer can only rely upon what he or she has been presented.

If an officer suspects that the license is not valid or feels that he or she does not have enough information to confirm the driver’s status (say, in a circumstance without an International Driving Permit), he or she may cite for a No Op offense under ordinance or state law, and let the prosecutor (or the court) make the final determination. This may be in the form of requiring the driver to provide additional proof that their license is valid in the foreign jurisdiction, or to require the driver to obtain verification of driver record form the foreign country, complete mandatory testing and apply for a Missouri license. This, too, may entail a view of the applicable immigration papers to determine the individual’s lawful status, if applicable. If a foreign person has established residency in the state of Missouri, Missouri will issue a license to one who applies and is shown to have lawful status. If eligible, the driver may be issued a license valid through the date of legal status in the United States for the individual, or a lesser date based on document type or other license eligibility requirements. This is not uncommon with foreign students and temporary workers.

Good Faith Basis for Citation—If a law enforcement officer encounters a driver who produces a foreign license, together with an International Driving Permit that shows an apparent valid status, it would be difficult for the officer, in good faith, to cite the driver. However, further inquiry by the officer as to the driver’s residence, length of residence and other factors may serve to support a good faith basis for the citation.

**PETITION
FOR REVIEW**

PETITION FOR REVIEW (PFR)
ADMINISTRATIVE ALCOHOL TRIAL DE NOVO
SECTION 302.500 – 302.540 RSMo

Required Statutory Findings:

At hearing, the court shall determine only:

- (1) Whether or not the officer had probable cause to arrest for driving while intoxicated, and
- (2) Whether or not the subject was driving with a BAC of .08% or above.

For drivers under age 21 (minors subject to “zero tolerance”), with a BAC of .020% - .079%, the court shall determine only:

- (1) Whether or not the officer had probable cause to believe the subject violated a state, county or municipal traffic offense, and
- (2) Whether or not the subject was driving with a BAC of .02% or above.

The Director of Revenue is named as a necessary party as Respondent and served. Appeal must be filed in the county of arrest within 15 days of the date of mailing of the Department’s final hearing decision. Pending hearing on the petition for review, NO stay order is permitted. *Section 302.535.2, RSMo.* If otherwise eligible, a driver may be issued a Restricted Driving Privilege (RDP), valid during the pendency of the appeal. For a minor offender, an arrest for an intoxication-related offense is not required. The burden is on the Department at hearing. Appeal is de novo from the Department of Revenue administrative hearing, and is not a review of the record at hearing. The determination is independent of the adjudication of any criminal charges arising out of the same offense. Rules of civil procedure govern the trial de novo and the exclusionary rule is not applicable. *Section 302.535, RSMo.*

Foundation for Admission of the Breath Test Result (19 CSR 25-30.010 – .060):

To establish a prima facie foundation, the state must establish that the test was performed:

- 1) Following the approved procedures established by the Missouri Department of Health and Senior Services (DOHSS);
- 2) By an operator holding a valid permit issued by the DOHSS (Type II or III);
- 3) On a device approved by the DOHSS.

Eligible for Limited Driving Privileges?

Yes, if otherwise eligible, on a one-year Administrative Alcohol revocation ONLY, and subject to required filings. *Section 302.309.3(2)(a-f), RSMo.*

Eligible for Restricted Driving Privileges?

Yes, if otherwise eligible, after serving the first 30 days of a suspension, **OR** after serving “0” days of the suspension, on a “90-day Ignition Interlock Restricted Privilege. **For the new 90-day IID Restricted Privilege**, the driver (at his or her option) must affirmatively 1) make a written request to the Department of Revenue within 15 days of the date of receipt of the Notice of Suspension or Revocation, 2) file proof of installation of an approved ignition interlock device (IID), 3) file proof of insurance/SR-22 filing.

NOTE: The ‘early’ 90-day Ignition Interlock RDP is at the option of the offender, and conditioned upon IID installation and monitoring requirements. First offenders remain eligible for issuance of a RDP *without* IID installation after 30 days if they do not select this option, and are otherwise eligible and meet requirements for issuance.

For additional information regarding limited and restricted driving privileges see Limited Driving Privileges section.

Reinstatement Requirements:

- ◆ **\$45**
- ◆ **SATOP**
- ◆ **SR-22** (proof of financial responsibility or insurance) Not required for first-time .02 or above suspension for a minor.
- ◆ **Ignition Interlock Device (IID)** If offender has a prior “alcohol-related enforcement contact” as defined in *Section 302.525.2, RSMo*. The IID must be maintained for a period of six months *from the date of license reinstatement*. License reinstatement triggers the commencement of the six-month period, not the “eligible for” reinstatement date.

SATOP Assessment Review:

The SATOP program in the state of Missouri is administered by the Department of Mental Health, Division of Behavioral Health. More information on SATOP providers, programs and requirements may be found at www.dmh.mo.gov.

Once the offender’s license is suspended or revoked, the subject must complete SATOP for license reinstatement. Following completion of the initial SATOP assessment, the offender *may* file a motion in the associate division of the circuit court of the county in which the assignment was given, on a printed form provided by the Office of State Courts Administrator (OSCA), to have the court hear and determine the motion pursuant to the provisions of chapter 517, RSMo. The motion must name the person or entity who made the SATOP assessment as Respondent and they must be served. The Department of Revenue is not a party to this action.

Upon hearing the motion, the court may, with the exception noted below, modify or waive any assignment recommendation that the court determines to be unwarranted based upon a review of the needs assessment, the person’s driving record, the circumstances surrounding the offense, and the likelihood of the person committing a like offense in the future. The exception is that the court may modify, but not waive, the assignment to an education or rehabilitation program of a person determined to be a prior or persistent offender as defined in *Section 577.023 RSMo*, or a person with a BAC of .15% or more. *Section 302.540, RSMo*.

PETITION FOR REVIEW (PFR)
REFUSAL TO SUBMIT TO CHEMICAL TEST
SECTION 302.574 RSMo

Required Statutory Findings:

At a hearing the court shall determine only:

- (1) Whether or not the person was arrested or stopped;
- (2) Whether or not the officer had (as applicable for an adult OR a minor under 21 yrs. of age):
 - (a) reasonable grounds to believe that the person was driving a motor vehicle while in an intoxicated or drugged condition; or
 - (b) reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was driving a motor vehicle with a blood alcohol content of two-hundredths of one percent or more by weight; or
 - (c) reasonable grounds to believe that the person stopped, being under the age of twenty-one years, was committing a violation of the traffic laws of the sate, or political subdivision of the state, and such officer had reasonable grounds to believe, after making such stop, that the person had a blood alcohol content of two-hundredths of one percent or greater; and
- (3) Whether or not the person refused to submit to the test.

The Director of Revenue is named as a necessary party as Respondent and served. Pending the hearing on the petition for review, a stay is permitted if the court, in its discretion, grants the stay. The court must send a copy of the stay to the Director. For a minor offender, an arrest for an intoxication-related offense is not required. The burden is on the Department and it proceeds first at hearing.

Eligible for Limited Driving Privileges?

Yes, on a first Refusal revocation, after serving 0 days of the revocation, if otherwise eligible. Must file proof of Ignition Interlock Device installation. *Section 302.309.3(6),RSMo.*

Reinstatement Requirements:

- ◆ \$45
- ◆ SATOP
- ◆ SR-22 (proof of financial responsibility or insurance)

- ◆ **Ignition Interlock Device (IID)** Required only if offender has any prior “alcohol-related enforcement contacts” as defined in *Section 302.525.3, RSMo*. The IID must be maintained for a period of six months *from the date of license reinstatement*. License reinstatement triggers the commencement of the six-month period, not the “eligible for” reinstatement date.

FINE SCHEDULE**

UNIFORM FINE SCHEDULE

RULES 37.49, 37.495 AND 38.10

The **Uniform Fine Schedule Committee** was established in November 2018 to promulgate a uniform fine schedule as required by Rule 37.495 and Rule 38.09. Please find the committee's approved fine schedules for traffic, watercraft, conservation and municipal violations on the Court Information Center under the Resources tab, then Uniform Fine Schedule or on the Judiciary's website at <https://www.courts.mo.gov/page.jsp?id=310>. Requests for changes to the fine schedule may be addressed to the committee at UFSC@courts.mo.gov. Offenses that are on the uniform fine schedule may be eligible to resolve by plead and pay online. More information can be found at: <https://www.courts.mo.gov/page.jsp?id=1886>.

If a local court establishes a violations bureau, then there shall be an order establishing such bureau.

- Rule 37.49 states that “[a]ny judge having original jurisdiction of any animal control violation, housing violation, or traffic violation may establish by court order a local violations bureau, which shall be subject to the supervision of the circuit court.”
- Rule 38.10 states that “[e]ach judicial circuit shall establish by court order a circuit violations bureau in each county within the circuit.”

Additionally, Rule 37.49(c) also states that “(c) The violations within the authority of the bureau shall be designated by the order. The order shall include all violations contained in the uniform fine schedule established by Rule 37.495, except those that are not offenses within the respective municipality or county. No other violation shall be included in the order. Such designated violations may be amended from time to time but shall in no event include the following:

- (1) Any individual violation submitted by the prosecutor for disposition through a court appearance;
- (2) Any individual violation for which the court orders a summons to be issued;
- (3) Any violation resulting in personal injury or property damage;

Pursuant to Article XIV, section 2 of the Missouri Constitution, I request that the court vacate my sentence(s), order immediate release from incarceration or other supervision, and issue an order to expunge my record of arrest, plea, trial, and conviction(s) for the marijuana-related case(s) identified below.

LAWFUL ENFORCEMENT OF LEGAL FINANCIAL OBLIGATIONS A BENCH CARD FOR JUDGES

Courts may not incarcerate a defendant/respondent, or revoke probation, for nonpayment of a court-ordered legal financial obligation unless the court holds a hearing and makes one of the following findings:

1. The failure to pay was not due to an inability to pay, but was willful or due to failure to make bona fide efforts to pay; or
2. The failure to pay was not the fault of the defendant/respondent and alternatives to imprisonment are not adequate in a particular situation to meet the State's interest in punishment and deterrence.

If a defendant/respondent fails to pay a court-ordered legal financial obligation but the court, after opportunity for a hearing, finds that the failure to pay was not due to the fault of the defendant/respondent, but rather due to lack of financial resources, the court should consider alternative measures of punishment rather than incarceration. *Bearden v. Georgia*, 461 U.S. 660, 667-669 (1983); *State ex rel. Fleming v. Mo. Bd. of Prob. & Parole*, 515 S.W.3d 224 (Mo. banc 2017). Punishment and deterrence can often be served fully by alternative means to incarceration, including an extension of time to pay, reduction of the amount owed, or community service. *Bearden*, 461 U.S. at 671.

Court-ordered legal financial obligations (LFOs) include all discretionary and mandatory fines, costs, fees, state assessments, and/or restitution in civil and criminal cases.

1. Adequate Notice of the Hearing to Determine Ability to Pay¹

Notice should include the following information:

- a. Hearing date and time;
- b. Total amount claimed due;
- c. That the court will evaluate the person's ability to pay at the hearing;
- d. That the person should bring any documentation or information the court should consider in determining ability to pay;
- e. That incarceration may result only if alternate measures are not adequate to meet the State's interests in punishment and deterrence or the court finds that the person had the ability to pay and willfully refused;
- f. Right to counsel²; and
- g. That a person unable to pay can request payment alternatives, including, but not limited to, community service and/or a reduction of the amount owed.

2. Meaningful Opportunity to Explain at the Hearing²

The person must have an opportunity to explain:

- a. Whether the amount charged as due is incorrect; and
- b. The reason(s) for any nonpayment (e.g., inability to pay).

3. Factors the Court Should Consider to Determine Willfulness³

- a. Income, including whether income is at or below 125% of the Federal Poverty Guidelines (FPG)⁴

For 2016, 125% of FPG is:	
\$14,850 for an individual;	\$30,375 for a family of 4;
\$20,025 for a family of 2;	\$35,550 for a family of 5;
\$25,200 for a family of 3;	\$40,725 for a family of 6.

- b. Receipt of needs-based, means-tested public assistance, including, but not limited to, Temporary Assistance for Needy Families (TANF), Supplemental Security Income (SSI), Social Security Disability Insurance (SSDI), or veterans' disability benefits (Such benefits are not subject to attachment, garnishment, execution, levy, or other legal process);

¹ Rule 37.65(b)(c); Rule 36.01 (b); section 558.006 RSMo (formerly section 560.031 RSMo).

² Section 479.360.1(4); Rule 37.04, Appendix "A," Minimum Operating Standard #2.

³ See *Bearden v. Georgia*, 461 U.S. 660 (1983); *State ex rel. Fleming v. Mo. Bd. of Prob. & Parole*, 515 S.W.3d 224 (Mo. banc 2017).

⁴ U.S. Dep't of Health & Human Servs., Poverty Guidelines, Jan. 26, 2016, (<https://aspe.hhs.gov/poverty-guide/lines>).

- c. Financial resources, assets, financial obligations, and dependents;
- d. Whether the person is homeless, incarcerated, or resides in a mental health facility;
- e. Basic living expenses, including, but not limited to, food, rent/mortgage, utilities, medical expenses, transportation, and child support;
- f. The person's efforts to acquire additional resources, including any permanent or temporary limitations to secure paid work due to disability, mental or physical health, homelessness, incarceration, lack of transportation, or driving privileges;
- g. Other LFOs owed to the court or other courts;
- h. Whether LFO payment would result in manifest hardship to the person or his/her dependents; and
- i. Any other special circumstances that may bear on the person's ability to pay.

4. Findings by the Court

The court should find, on the record and/or by docket entry, that the person was provided prior adequate notice of:

- a. Hearing date/time;
- b. Failure to pay an LFO is at issue;
- c. The right to counsel*;
- d. The defense of inability to pay;
- e. The opportunity to bring any documents or other evidence of inability to pay; and
- f. The opportunity to request an alternate sanction to payment or incarceration.

After the ability to pay hearing, the court should also find on the record that the person was given a meaningful opportunity to explain the failure to pay.

If the Court determines that incarceration must be imposed, the Court should make findings about:

- 1. The financial resources relied upon to conclude that nonpayment was willful;⁵ or
- 2. If the defendant/respondent was not at fault for nonpayment, why alternate measures are not adequate, in the particular case, to meet the State's interest in punishment and deterrence.⁶

Alternative Sanctions to Imprisonment That Courts Should Consider When There is an Inability to Pay⁷

- a. Reduction of the amount due;
- b. Extension of time to pay;
- c. A reasonable payment plan or modification of an existing payment plan;
- d. Credit for community service (*Caution:* Hours ordered should be proportionate to the violation and take into consideration any disabilities, driving restrictions, transportation limitations, and caregiving and employment responsibilities of the individual);
- e. Credit for completion of a relevant, court-approved program (e.g., education, job skills, mental health or drug treatment); or
- f. Waiver or suspension of the amount due.

*Case law establishes that the U.S. Constitution affords indigent persons a right to court-appointed counsel in most post-conviction proceedings in which the individual faces actual incarceration for nonpayment of a legal financial obligation, or a suspended sentence of incarceration that would be carried out in the event of future nonpayment, even if the original sanction was only for fines and fees. *See Best Practices for Determining the Right to Counsel in Legal Financial Obligation Cases.*

⁵ See, for example, *State v. Jackson*, 610. S.W.2d 420 (Mo. App. 1980).

⁶ *Bearden*, 461 U.S. at 672; *Fleming*, 515 S.W.3d at 232.

⁷ Section 479.360.1 (8)(9) RSMo; Rule 37.04, Appendix "A," Minimum Operating Standard #2, #4; section 558.006 RSMo (formerly section 560.031 RSMo).
