Petitioner, C.M.G., appeals the judgment of the Circuit Court of Jefferson County dismissing his petition for a declaration of non-paternity and other relief for failure to state a claim upon which relief may be granted. Petitioner challenged his acknowledgment of paternity and the resulting judgment of paternity and support based on material mistake of fact.

AFFIRMED.

DIVISION ONE HOLDS: Petitioner has failed to plead—nor can he plead under the circumstances present in this case—any set of facts that, if proved, would entitle him to relief. We affirm the trial court's judgment dismissing the petition for non-paternity.
