Fiscal Year 2014 - Electronic Transfer of Court Records

Tables 73 and 74 summarize the transfer of electronic records from the judiciary to other governmental entities. Following is a brief explanation of each type of electronic transfer.

Table 73. Electronic Transfers - Criminal History, Traffic, NICS and Protection Orders¹

Electronic Criminal History Reporting. Each week, the Missouri judiciary reports criminal charge information from the circuit courts to the Missouri State Highway Patrol (MSHP) Criminal Records Repository. Reporting includes filing, disposition and sentencing information for all felony charges and qualifying misdemeanor and ordinance charges. Only dispositions with an Offense Cycle Number are reported. If even one charge on a case meets the criteria for reporting, all charges on that case will be reported to the MSHP.

Electronic Traffic Reporting. Each day (excluding weekends and holidays), the Missouri judiciary reports traffic offense dispositions to the Missouri Department of Revenue and the MSHP's Driving While Intoxicated Tracking System. Formerly referred to as Record(s) of Conviction, reportable information on traffic violations includes: a) tickets issued by the MSHP and county law enforcement; b) felonies and misdemeanors with associated sentence (e.g., driving while intoxicated, vehicular manslaughter, etc.), c) municipal ordinances adjudicated in a circuit court where the associate judge is a municipal judge; d) bond forfeitures; e) sentences on felonies, misdemeanors and ordinances when the defendant operated a vehicle in the commission of the violation; f) not guilty and suspended imposition of sentence dispositions involving alcohol and substance abuse; and g) dispositions amended updated and/or corrected by the court. Reporting includes those municipal division courts using the judiciary's statewide electronic case management system.

National Instant Criminal Background Check System (NICS). Each Monday and Thursday (excluding holidays), the Missouri judiciary reports information on litigants, meeting the federal firearms prohibition to the MSHP's Criminal Records Repository (CRR). The CRR then reports this information to the federal government's NICS Index. Included in the reporting are defendants in criminal cases found not competent to proceed or not guilty by reason of mental disease, respondents in mental health cases who have been involuntarily committed to the Department of Mental Health, respondents in probate cases who have been declared fully incapacitated/disabled and limited incapacity/disability when the court ordered the firearm prohibition.

Electronic Protection Order Transfer. The Missouri judiciary reports court actions in adult abuse/stalking civil cases directly to law enforcement agencies. Information (i.e., temporary and full orders of protection, modifications, extensions and service) is immediately transferred upon entry into the circuit courts electronic case management system.

Table 74. Electronic Transfers – Prosecuting Attorney, Fine Collection Center and Missouri State Highway Patrol²

This table summarizes electronic transfers to the judiciary of: a) initial filings from prosecuting attorneys; b) citation notifications from the Fine Collection Center when the defendant pled not guilty or did not respond; and c) serious traffic offenses from the MSHP that cannot be processed through the FCC.

¹ Counts are the number of records, not cases, reported to the respective governmental entity. For example; a case with five criminal charges, an original sentence(s) of probation, and subsequent suspension and reinstatement of probation may result in 15-20 Electronic Criminal History Reporting records.

² Counts are the number of records transferred to, but not necessarily accepted by, the court. Local court practice may require manual case entry and records not accepted within 90 days of transfer are automatically deleted from the queue. Only transfers from the originating agency to the court are included in the counts. For example, if a case originated with the MSHP but was transferred to the court by the Fine Collection Center, it would be counted as transferred by the MSHP.

FINANCIAL INFORMATION

FY 2014- Disbursements Data

The first set of tables in this section present an accounting of disbursements for each county for the fiscal year July 1, 2013 through June 30, 2014.

The disbursements are reported in four tables based on the recipient. The tables are titled as follows:

Table 78 - Disbursements to State

Table 79 - Disbursements to Counties

Table 80 - Disbursements to Municipalities

Table 81 - Disbursements to Other Recipients

Disbursements v Receipts

Payments made to the courts do not always represent a payment of costs and fines but include bonds, other amounts on deposit with the courts, and garnishment amounts collected. Funds on deposit may eventually be applied to fines and costs or may be refunded to the party. The court disbursements more accurately reflect what the courts do with the money collected and how much went to specific costs and fines. Therefore, the court disbursements reflect a more accurate picture of the amounts collected for each state and county fund. The exclusions column reflects amounts refunded to parties and amounts not used to pay costs and fines.

FY 2014 – Accounts Receivable Tables

The Ad Hoc Committee on Increasing Cost Collection in the Courts was charged with determining a reliable estimate of outstanding debt in Missouri's circuit courts. The committee defined circuit court debt as *"accounts receivable which have been entered into the Judicial Information System (JIS) for cases disposed between Jan. 1, 2005 and the end of the (current) fiscal year and which were outstanding as of the beginning of the following fiscal year"*. This definition includes court-ordered penalties, fines, sanctions, court costs (i.e., statutorily-mandated fees, surcharges, judgments, etc.), and judgments due the state or one of its political subdivisions. Restitution, public defender liens, garnishments and judgments due others (besides the state or one of its political subdivisions) are NOT included. The information in the following tables is in accordance with the findings and recommendations outlined in the *Final Report of the Ad Hoc Committee on Increasing Cost Collection in the Courts*.

Table 82 – Accounts Receivable by Age

Amount of debt by the length of time it has been outstanding.

Table 83 – Accounts Receivable by Tier

Tier 1 debt includes fines and costs in which:

- a.) Statute sets the amount of the cost and specifies that the cost shall be assessed on all cases in a case type (e.g., clerk fee, county fee and court automation).
- b.) Statute does not set the amount of the cost but specifies that the cost shall be assessed on all cases in a case type (e.g., law library).
- c.) Statute specifies that the cost may be assessed on all cases in a case type, and the majority of the counties charge the cost (e.g., law enforcement training fund surcharge).

Tier 2 debt includes costs in which:

- a.) Statute authorizes the county, court en banc or judge to decide whether to assess the cost, and many courts do not assess the fee (e.g., board bills, law enforcement arrest costs).
- b.) Statute authorizes the county, court en banc or judge to set the amount of the cost locally, and the amounts assessed vary widely from county to county (e.g., county law enforcement restitution fund).
- c.) Statute authorizes a cost for specific jurisdictions or not all courts handle the case types to which these costs apply (e.g., courthouse restoration fees).

All other costs were combined into tier "other" debt.

Table 84 – Accounts Receivable – Balance and Amount

Fees and costs can be satisfied by non-monetary payments, as well as monetary payments. As such, the difference between 'Amount Assessed' and 'Balance Due' in this table does not necessarily reflect the dollar amount collected. Non-monetary payments include, but are not limited to, credit for time served, community service, and judicial orders waiving or reducing the amount due.

Table 85 – Average Amount Assessed per Case

Average amount assessed per case (Assessed/Case) was calculated for those criminal cases disposed by guilty outcome between January 1, 2005 and June 30, 2014.

MUNICIPAL DIVISION

FY 2014 - Municipal Division Caseload

Municipal divisions in Missouri can operate within one of three basic structures pursuant to section 479.060 RSMo:

1. Municipal funded court facility with municipal judge(s) (either lawyer or non-lawyer) and municipal clerk(s).
2. Municipal funded clerk(s) with cases processed and managed by the clerk(s) but heard by a state funded associate judge.
3. Municipal cases filed and heard through the associate division, where the judge and the clerk(s) are funded by the state.

The data in this section are for municipal divisions which operate under the first and second types of structures. The municipal divisions reported monthly to OSCA using the Municipal Division Summary Reporting Form or using JIS.

Municipal divisions which operate under the third type of structure report data through the Justice Information System (JIS). "Ordinance" cases in the Circuit Court sections of this supplement.

Automated System - Municipal divisions using an approved case management system that meets the guidelines for Court Operating Rules 1, 2 and 4.

Cases Heard in Assoc Court - Municipal tickets are processed through the associate/circuit divisions.

Manual Forms - Municipal divisions not using an SJRC approved case management system.

Fine Collection Center (FCC) - Municipal traffic tickets handled by the Fine Collection Center.

Municipal on JIS - Municipal divisions using the Justice Information System (JIS)

APPENDICES

Missouri Court of Appeals' Districts and Judicial Circuits

Definitions and Explanatory Notes

Note: Caseload figures contained in this publication are based on information provided to the Office of State Courts Administrator by the Supreme Court, Court of Appeals, and Circuit Courts. Population data was obtained from the United States Census Bureau website.

Associate Civil Case: Previously reported as Chapter 517. Civil cases heard under procedures outlined in Chapter 517, RSMo, 1986. Included are cases in which the amount in dispute does not exceed \$25,000; hardship driving; replevin; forcible entry and unlawful detainer; and landlord-tenant actions. Trials de novo, counted in the General Civil category, are permitted on cases where the amount in question is \$5,000 or less.

Civil Case: The unit of count is the petition. A single case may include multiple parties. Included in total civil cases are circuit civil, domestic relations, associate civil, and small claims cases.

Criminal Case: The unit of count is the complaint, information or indictment. A single case may include multiple charges.

Included in total criminal cases are felonies, felony preliminaries, and misdemeanors. Traffic offenses are also a type of criminal case. Municipal and county ordinance cases, which are quasi-criminal matters, are included in some tables.

Dispositions: Cases which have been concluded at that court level. The court has acted on the case and has assigned a 'manner of disposition' or 'final disposition docket code' to the case and no further action is required. The case may be reopened at a later date or at a different court level as a supplemental filing. Disposition counts reported in this supplement include all cases that were disposed between July 1, 2013 and June 30, 2014.

Disposition to Filing Ratio: Compares the number of cases disposed with the number of cases filed during the year to give an indication of how well the court is keeping up with its workload. This ratio is calculated by dividing the number of cases disposed by the number of cases filed. A ratio of 1.00 indicates that the court filed and disposed the same number of cases. Ratios greater than 1.00 mean the court disposed more cases than were filed during the year, thus achieving a reduction in its pending caseload. Ratios less than 1.00 indicate that the court disposed fewer cases than were filed and experienced an increase in its pending caseload.

Domestic Relations: Includes dissolution of marriage; legal separation, annulment, separate maintenance; URESA; adult abuse; motions to modify; motions for contempt in domestic relations cases; change of name; contested actions involving administrative support orders of the Department of Social Services; child protection orders; paternity; writs of habeas corpus in child custody cases; registrations of foreign domestic relations judgments; and miscellaneous domestic relations cases.

Felony: Information or indictment alleging commission of a felony offense. Includes felony cases which were reduced to misdemeanors.

Associate Felony: Felony complaint. Previously reported as felony preliminary. If probable cause is found, the defendant is bound over for arraignment and trial. Includes felony complaints which were reduced to misdemeanors and disposed in the associate divisions.

Filings: Cases which have been initiated in the court system. Historically, 'to file' a paper meant to give it to the court clerk to include in the case record. Filings for fiscal 2012 are cases that were initiated between July 1, 2013 and June 30, 2014. These include supplemental filings.

Fine Collection Center (FCC): The Fine Collection Center processes certain traffic, watercraft, and conservation violations for courts in participating counties statewide. Missouri created the processing center to reduce the administrative burden on local court clerks and free up some of their time for other court duties. The FCC also offers uniform fines, producing a fairer system for people across the state. As courts volunteer to use this resource, they achieve additional benefits including better accountability and improved collection rates.

Circuit Civil: Previously reported as general civil. Among the specific actions included are civil cases involving amounts over \$25,000; Chapter 517, RSMo, and small claims trials de novo; administrative review cases; condemnations; extraordinary remedy cases, such as habeas corpus and injunctions; registrations of foreign judgment; tax actions; and motions for post conviction relief (Supreme Court Rules 24.035 and 29.15).

Judicial Information System (JIS): IS is an automated case management software designed by Affiliated Computer Services (ACS). This software was selected as the sole Missouri standard software and all state courts are now moving toward implementation as budget resources allow. As of June 30, 2008, all of the state circuit courts used the system.

Juvenile: During FY 2003, the definitions for filed, disposed, and pending were changed for juvenile cases. In addition to revising definitions, procedures on case processing for some courts using JIS were changed during FY 2003 to eliminate subcases or supplemental filings. As of May 2005, all JIS courts had upgraded JIS software and new procedures. For those counties using JIS, juvenile cases filed consisted of original filings plus MMOD (motions to modify) during the fiscal year. Dispositions did not include the dispositions of these supplemental filings. Counties not using JIS continued to report filings and supplementals directly to OSCA. Because of these changes, juvenile filing, disposition, and pending data for original petitions and supplementals had not been counted consistently across all courts in the state.

As of the end of FY 2007, all counties were using JIS for juvenile cases; therefore all juvenile data for FY 2014 were reported from JIS.

Juveniles are individuals under 17 years of age. The unit of count is the petition. More than one child, as well as multiple allegations may be included in one petition. However, for case management purposes, courts are encouraged to open separate files for each child for Abuse/Neglect, Termination of Parental Rights, Juvenile Delinquency and Status Offenses. Multiple children who are being adopted by a party should be counted as one case. Referrals to the juvenile officer or the juvenile court in which no petition is filed are not included. Additional petitions or motions to modify filed under an existing case number after a disposition has been rendered on the original petitions are supplemental filings. Cases are considered closed when the child is no longer under jurisdiction of the court. Cases are considered pending if the child is still under jurisdiction of the court. Because dispositions are no longer reported on supplemental filings, the disposed to filing ratio will not accurately reflect the actual case processing of the court.

Mental Health Petition: Petition for 21 days, 30 days, 90 days, 180 days or one-year involuntary detention, treatment or rehabilitation for a mental disorder or abuse of alcohol and/or drugs.

Misdemeanor: Complaint or information alleging commission of a misdemeanor offense. Includes cases originally filed in either the circuit or associate division of the Circuit Court. A request for jury trial may or may not result in the case being certified from the associate to the circuit division, depending on local practice. Non-traffic infractions and conservation/watercraft offenses are included in the misdemeanor count.

Ordinance: Municipal divisions in Missouri can operate within one of three basic structures pursuant to section 479.060 RSMo:

1. Municipal funded court facility with municipal judge(s) (either lawyer or non-lawyer) and municipal clerk(s).
2. Municipal funded clerk(s) with cases processed and managed by the clerk(s) but heard by a state funded associate judge.
3. Municipal cases filed and heard through the associate division, where the judge and the clerk(s) are funded by the state.

Municipal divisions which operate under the first and second types of structures report data to OSCA using the Municipal Division Summary Reporting Form or using JIS. These data can be found in the Municipal Division section of this annual report supplement.

Municipal divisions which operate under the third type of structure report data through the Justice Information System (JIS) or Statewide Judicial Information System (SWJIS). These data are reported as Ordinance cases in the Circuit Court sections of this report.

Pending: Pending case counts include all cases that have been filed but not yet disposed in a particular court. Criminal cases that have been disposed but still require sentencing are not included as pending cases. Pending end figures reported for one year may not equal the pending beginning figures for the next year due to pending audits conducted at the court. The pending case counts reported in this supplement refer to the number of cases pending as of June 30, 2014.

Probate (Abbreviated Matters): Total cases include refusals of letters, small estates, trust estates, other probate matters and (96 hour) mental health applications.

Probate (General): Total cases include decedent's estates; minors' guardianships and conservatorships; incapacitated/disabled persons' guardianships and conservatorships; mental health petitions; and sexual predator cases.

Small Claims: The jurisdictional limit is \$3,000. Gun permit and appeal cases are now included as small claim cases. Small claims trials de novo are General Civil cases. Petitioners may not file more than twelve cases in one year. Clerks of the court are required to assist petitioners in filing their cases.

Traffic: Violations of state traffic laws. Does not include the more serious traffic violations, such as driving while intoxicated, leaving the scene of an accident or driving while license is suspended or revoked. These cases are reflected in the numbers of misdemeanors, felonies, and felony preliminary cases.
