August 2006  
2<sup>nd</sup> Edition

# Foreword

This year, as in recent years, there have been a number of legislative changes that affect traffic offenses. Among others, there have been significant changes in the severity of violations for CDL and alcohol related offenses.

This booklet was designed with the intent of providing a quick reference manual for the use of judges, prosecutors and lawyers.

## Commercial Drivers License

**Missouri can issue only one drivers license to each person.** A person **will not** have a separate license to operate a non-commercial and commercial motor vehicle. **Every** driver must qualify for a “base driving privilege” in order to drive **any** motor vehicle. When a driver has or qualifies for a “base driving privilege” and meets the additional requirements for a “commercial driving privilege”, a commercial drivers license may be issued. The “commercial driving privilege” overlays the “base driving privilege” similar to the way a “trout stamp” overlays a “fishing license”. A driver can have a “base driving privilege” without a “commercial driving privilege” **but** a driver **can not** have a “commercial driving privilege” without also having a “base driving privilege”. One might lose the “commercial driving privilege” and retain the “base driving privilege”, but if you lose the “base driving privilege”, the “commercial driving privilege” is lost with it. Section [302.705.1](#)

Points will accumulate against the “base driving privilege” even if the offense occurred in a CMV.

For CDL purposes under Section [302.700](#):

A **conviction** means:

- A plea of guilty
- A plea of nolo contendere
- A determination that a person has violated or failed to comply with the law in a Court of original jurisdiction
- A determination that a person has violated or failed to comply with the law in an administrative proceeding
- An unvacated forfeiture of bail or collateral deposited to secure a person’s appearance in court
- The payment of a fine
- The payment of court costs
- The violation of a condition of release without bail regardless of whether the penalty is rebated, suspended or prorated

Driving under **influence of alcohol** means:

- Driving a CMV with a .04 BAC
- Driving any vehicle while intoxicated in violation of any law
- Driving any vehicle with a BAC in violation of any law
- Refusing to take a chemical test
- Having any state, county or municipal alcohol-related enforcement contact

## ***Disqualifications & Serious Traffic Violations***

A **disqualification or out-of-service order** is a loss of only a driver's commercial driving privileges for a specified period of time. During a disqualification or period of out-of-service, if the driver is not otherwise suspended or revoked, he or she can continue to drive private (noncommercial) motor vehicles without obtaining limited driving privilege. When a CDL is cancelled, the driver must wait until the disqualification period expires and then take the written and driving tests and meet all other requirements of Chapter [302.700](#) to [302.780](#) in order to get another CDL.

### **60 Days Disqualification**

- Two ***serious traffic*** convictions within three years if person is a CDL holder or if person is operating a CMV. **Note: The three-year period will be based on violation date rather than conviction date.** ***Serious traffic*** convictions include reckless driving, speeding 15 mph or more above the speed limit, improper or erratic lane changes, following too closely, and any moving violation relating to a fatal crash. Serious traffic convictions also include driving a CMV without obtaining a CDL, driving a CMV without CDL in possession, and driving a CMV without proper class of CDL or endorsement/ restrictions.
- One railroad-highway grade crossing violation while person is operating a CMV.

### **90 Days Disqualification**

- First traffic conviction for violating an out-of-service order while person is operating a CMV.

### **120 Days Disqualification**

- Three or more ***serious traffic*** convictions within three years if person is a CDL holder or if person **is operating a CMV**. Note: The three-year period will be based on violation date rather than conviction date. ***Serious traffic*** convictions include reckless driving, speeding 15 mph or more above the speed limit, improper or erratic lane changes, following too closely, and any moving violation relating to a fatal crash. Serious traffic convictions also include driving a CMV without obtaining a CDL, driving a CMV without CDL in possession, and driving a CMV without proper class of CDL or endorsement/restrictions.
- Second railroad-highway grade crossing violation while person is operating a CMV.

### **180 Days Disqualification**

- First traffic conviction for violating an out-of-service order while operating a CMV and transporting hazardous materials or transporting 15 passengers or more.

## **1 Year Disqualification**

- Driving a CMV with a BAC of 0.04% or higher.
- Driving while under the influence of alcohol or drugs if the person is a CDL holder or if person is operating a CMV.
- Refusing blood and/or breath test if the person is a CDL holder or if person is operating a CMV.
- Failing to stop at the scene of an accident if the accident causes injury or death.
- Using a CMV to commit a felony.
- Driving a CMV with a revoked, suspended, canceled, or disqualified privilege.
- Causing a fatality through the negligent or criminal operation of a CMV (includes the crimes of motor vehicle manslaughter, homicide by motor vehicle, and negligent homicide).
- Making a false statement on any application for a CDL.
- Second traffic conviction within ten years for driving a CMV while out-of- service.
- Third or subsequent railroad-highway grade crossing violation within three years while operating a CMV.

## **3 Year Disqualification**

- First conviction for any one of the top seven violations listed under one- year disqualification while transporting hazardous materials.
- Third or subsequent conviction within ten years for violating out-of- service orders while operating a CMV.
- Second or subsequent conviction within ten years for violating an out- of-service order while operating a CMV and transporting hazardous materials or transporting 15 passengers or more.

## **Lifetime Disqualification**

- Second conviction for any one of the top seven violations listed under one-year disqualification.

## **Permanent Disqualification**

- First conviction for using a motor vehicle in the manufacture or illegal distribution of drugs.

## **Imminent Hazard Disqualification (not to exceed one year)**

- Determination by the Federal Motor Carrier Safety Administration that a person's driving constitutes an imminent hazard.

## ***Driver Improvement Programs***

No driver improvement program in lieu of points is currently allowed for offenses that are committed in a CMV. Beginning September 30, 2005, driver improvement programs will not be allowed by any person for any offenses committed in a CMV or by any CDL holder whether the offenses are committed in a noncommercial or commercial motor vehicle.

## ***Limited Driving Privileges***

Beginning September 30, 2005, Limited Driving Privileges (LDP) will no longer be issued to operate a CMV during any period of suspension, revocation, cancellation, or disqualification.

## ***CDL with School Bus Endorsement***

Beginning May 31, 2005, persons who apply for a commercial or noncommercial driver license and want to operate a school bus owned or under contract with a public or private school will be required to complete the required written and skills testing and obtain a school bus (S) endorsement on his or her driver license. Prior to obtaining the S endorsement, the driver must obtain approval by meeting current medical, fingerprint based criminal records check, and child abuse and neglect registry checks. Pending the results of the criminal background checks, the driver may be eligible for a temporary license with the S endorsement. Missouri license holders will no longer be issued a separate school bus permit document. Commercial license holders are required to have a passenger (P) endorsement on the face of their CDL to be eligible for the S endorsement.

Drivers with a valid CDL from another state who want to operate a school bus owned or under contract with a public or private school must also have the P and S endorsements issued pursuant to federal regulations.

## ***Masking of Traffic Violations for CDL Drivers Not Allowed***

Beginning September 30, 2005, the courts are no longer allowed to defer imposition of sentence, suspend imposition of sentence, or allow a CDL holder or person required to have a CDL to enter into a diversion program that would prevent a conviction regarding traffic control laws, in any type of vehicle, from appearing on the person's driving record.

## What is considered “masking” under the Motor Carrier Safety Improvement Act (MCSIA)?

The Missouri Department of Revenue requested clarification from the Federal Motor Carrier Safety Administration regarding the masking provisions outlined in the Motor Carrier Safety Improvement Act that became effective on September 30, 2005. The following scenarios were addressed and responses published on March 20, 2006.

**Note) FMCSA:** Generally, for masking or diversion to occur, there first must be a judgment of guilt. For example, masking may occur when the court holds the paperwork on a conviction for some reason and does not allow the State to take appropriate action. Diversion may occur when the court allows a driver – after an adjudication of guilt – to perform alternate services such as traffic school to get the conviction erased.

**Situation #1:** CDL holder issued traffic citation for Driving While Intoxicated in his private vehicle. Prosecutor reviews the records and determines that there is a problem with the evidence and decides not to prosecute the case, so no charges are filed with court. No conviction is entered.

**Response) FMCSA:** No violation of 49 CFR §383/384. The federal CDL regulations require a conviction as defined by [§383.5](#). In this case, the evidence did not support the burden of proof to be properly adjudicated by the prosecutor and there were no excepted actions taken to otherwise circumvent the regulations (i.e., no masking or diversion of the offense or penalty).

**Situation #2:** CMV operator is issued traffic citation for "Careless and Imprudent" driving. Prosecutor files charges for "Careless and Imprudent Driving". Case goes to trial and contrary evidence is presented by operator to show he was not driving in a careless and imprudent manner and court ultimately dismisses the case.

**Response) FMCSA:** No violation of 49 CFR §383/384. Again, the federal regulations require a conviction and in this case the court found flawed or lacking evidence to convict the driver on the offense cited. There were no excepted actions taken by the court to otherwise circumvent the regulations (i.e., no masking or diversion of the offense or penalty). Ultimately, the driver in this case received his/her day in court and prevailed.

**Situation #3:** CMV operator issued traffic citation for "Improper lane change in a CMV". Prior to the citation being filed with the court the prosecutor determines to only file the charge as a "defective muffler". Final conviction is for "defective muffler" and that is the only charge ever signed by the prosecutor or filed with the court.

**Response) FMCSA:** This practice is not in violation of 49 §CFR [384.226](#) because the violation was reduced before a judgment of guilt was pronounced. Before we can apply the conditions in 49 §CFR [384.226](#) to determine whether masking has taken place, there

has to be a judgment of guilt (conviction) for a violation. The masking provision in 49 CFR [§384.226](#) do not prevent plea bargaining from taking place.

**Situation #4:** CDL holder is issued a traffic citation for "Excessive Speed" in private vehicle (speeding 75 mph in 60 mph zone). After original charge is filed with court, prosecutor amends original charge to "Speeding 65 mph in a 60 mph zone". Final conviction is for Speeding 65 mph in a 60 mph zone.

**Response) FMCSA:** This practice is not in violation of 49 §CFR [384.226](#) because the violation was reduced before a judgment of guilt was pronounced. Before we can apply the conditions in 49 §CFR [384.226](#) to determine whether masking has taken place, there has to be a judgment of guilt (conviction) for a violation. The masking provision in 49 CFR [§384.226](#) do not prevent plea bargaining from taking place.

**Situation #5:** CDL holder operating a non-commercial vehicle and is issued a traffic citation for "Failure to Yield Right of Way". Prosecutor files charges for "Failure to Yield Right of Way". Court convicts person of "Failure to Yield Right of Way" and the conviction is posted in the driver's record, but allows a Driver Improvement Program in lieu of having the director assess points on the Missouri driving record.

**Response) FMCSA:** The failure to assign "points" does not violate 49 CFR §383/384. However, if the federal regulations required the imposition of a disqualification period for the convicted offense and the court then allowed a Driver Improvement Program in lieu of having the director impose a disqualification for the prescribed period of time this would be in violation of 49 CFR [§384.215/284.213/384.231](#) as a diversion deferral program.

**Situation #6:** CMV operator is issued a traffic citation for "Operating a CMV while Suspended/Revoked/ Withdrawn". Prosecutor files charges for "Operating CMV while license suspended/revoked/ withdrawn". Final conviction is for "Operating CMV while license suspended/revoked/withdrawn. Later, court allows attorney for CMV operator to withdraw original plea and conviction and after new court hearing, court ultimately enters a conviction for "Improper CDL Class/Endorsement".

**Response) FMCSA:** This is not in violation of 49 CFR [§384.226](#) because the court vacated (withdrew) the original conviction or adjudication of guilt. By granting the attorney's request to vacate (withdraw) the original plea and conviction, the court has nullified the conviction. The definition of "conviction" in 49 CFR [§383.5](#) defines a conviction to mean "an unvacated adjudication of guilt".
