Proposed Intervenors/Appellants.)	FILED: September 27, 2016

Jeanette Oxford, William White, and Earl Garrett (collectively, "Appellants") appeal from the trial court's judgment denying Appellants' right to intervene in the action below concerning the validity of a city ordinance.

AFFIRMED

Division One Holds: The record clearly demonstrates that Appellants failed to show an adequate interest in the subject matter and failed to show that their ability to protect that interest would be impeded absent intervention. The trial court's decision not to allow Appellants to intervene was supported by substantial evidence. As Appellants were correctly denied the right to intervene in the matter, they have no right to appeal the merits of the trial court's decision regarding the Ordinance.
