Jury Service

Jury Panel & Trial Data 2022

Annual Overview from the Jury Supervisor

It has been my pleasure working with the 13th Circuit Court, as well as the members of our Boone and Callaway communities. I have just completed one full year as the Jury Supervisor, and during this time, my team and I have identified areas where we may increase accuracy of reports, and we have revised our procedures to increase efficiency and available assistance on days Jurors are asked to report. Callaway had an interesting development with the construction of a new Justice Center, which we are looking forward to using as our base of operations in 2023. We are also engaged in the production of a Jury Supervisor Reference Guide, which is intended to preserve our accumulated experience for future generations.

Below, you will find statistics, presented for Boone and Callaway, all the way from the creation of the Jury Panel, down to the number of Jurors selected to hear a trial. It is our intention to preserve and present this data in transparency, for the best interest of the public.

Thank you,

Martin Hoy

Jury Exit Questionnaires

When individuals are called for jury service, it is important that they receive courteous, responsive, and respectful treatment. Exit Questionnaires were developed as a way to improve jury service throughout the 13th Judicial Circuit.

As jurors report for service, the Court Marshals and Jury Administration assist with checking attendance, preparing seating charts, and creating rosters for the judge and attorneys. After attendance has been verified, Deputy Marshals instruct panel members on how the day will proceed, the courtroom location and judge, and type of case they will be hearing that day. Those panel members assembled are presented with an Orientation Video, which provides a detailed overview of the jury selection process. During this orientation, jurors are informed of, and provided with, an Exit Questionnaire, which they may return confidentially. Panel members are then escorted into the courtroom to begin the selection process.

The following charts and data were compiled from data collected from answers indicated on all Exit Questionnaires returned for the year 2022. Certain categories* indicate the percentage of Excellent or Good responses, out of the total 100% returned.
