Jury Service

Jury Panel & Trial Data 2024

Annual Overview from the Jury Supervisor

I am happy to report that 2024 has been another great year for the Jury Commission, with continued progress in policy and public services for the people in Boone and Callaway counties. Specific advancements included a revision to the wording and orientation of our Jury Registration Notice and Summons. The Summons was also updated with a QR Code, which directs a user to our local website. This project was recommended by the National Center for State Courts, and applied by the 13th Circuit with the goal of improving juror response. Another revision was dedicated to further the accessibility of our electronic material, in accordance with Section 508 of the Rehabilitation Act. As such, we have directed our focus to ensure all of our PDF documents are following these guidelines. Our Boone County seating charts were also revised, to provide for the utilization of other courtrooms, and to enhance accuracy.

Thank you,

Martin Hoy Jury Supervisor

Jury Exit Questionnaires

When individuals are called for jury service, it is important that they receive courteous, responsive, and respectful treatment. Exit Questionnaires were developed as a way to improve jury service throughout the 13th Judicial Circuit.

As jurors report for service, the Court Marshals and Jury Administration assist with checking attendance, preparing seating charts, and creating rosters for the judge and attorneys. After attendance has been verified, Deputy Marshals instruct panel members on how the day will proceed, the courtroom location and judge, and type of case they will be hearing that day. Those panel members assembled are presented with an Orientation Video, which provides an overview of the jury selection process. During this orientation, jurors are informed of, and provided with, an Exit Questionnaire, which they may return confidentially. Panel members are then escorted into the courtroom to begin the selection process.

The following charts and data were compiled from answers indicated on all Exit Questionnaires returned for the year 2024. Certain categories indicate the percentage of Excellent or Good responses, out of the total 100% returned.
