Jury Service

***Exit Questionnaire Responses
2010***

Exit Questionnaires

When individuals are called for jury service, it is important that they receive courteous, responsive and respectful treatment. Exit questionnaires were developed as a way to improve jury service throughout the 13th Judicial Circuit.

In 2010, a new procedure was developed through the Office of State Courts Administration in which data, collected from completed exit questionnaires, ranks responses into the excellent/good category. Once in this category, a percentage is gathered from the number of responses received.

The following pages report the responses collected in 2010. Data was collected for previous years as a comparison to note improvements that have been made.

In 2009, a new jury procedure was implemented in Boone County to improve the use of a potential juror's time. Jurors are asked to report no later than 8:00 a.m. After jurors report, they are directed to the jury assembly room. While they wait for the selection process to begin, the jurors are provided coffee, snacks and reading materials. Between 8:15 a.m. and approximately 8:30 a.m., the Jury Supervisor and Marshals complete rosters and prepare books for each of the jury trials scheduled for the day, while the jury pool watches the video. At approximately 8:30 a.m., a court marshal addresses the panel about the jury process and what to expect during the day. Jurors are then provided a seat number and taken to their prospective courtrooms to start the jury selection.

Parking continues to be an issue. In Boone County, there is a parking garage across the street from the courthouse and jurors bring their parking tickets to the courthouse to be validated. Jurors are instructed to park in the public/hourly parking spaces. In Callaway County, jurors put their jury summons on the dash and park near and around the courthouse. In the event of multiple trials and/or one large trial, parking becomes a concern as there are not enough parking spaces available, which sometimes results in parking tickets being issued by the City of Fulton.

One area that was previously noted in surveys was the size of the assembly room in Boone County. This concern was addressed with the completion of the expansion as the new assembly room provides more seating. As a result, the impression of assembly areas in Boone County improved 10 percent from 2009.

Exit questionnaires indicate that individuals reporting for jury service still rank their personal safety above 95 percent in both counties.
