COLLECTOR STANDARDS

MISSOURI GUIDELINES FOR DRUG/ALCOHOL COLLECTIONS

Ten Principles of a Good Testing Program

1. Design an effective drug detection program, place the policies and procedures into written form (treatment court manual) and communicate the details of the drug detection program to the court staff and clients alike.
2. Develop a client contract that clearly enumerates the responsibilities and expectations associated with the court's drug detection program.
3. Select a drug-testing specimen and testing methodology that provides results that are scientifically valid, forensically defensible and therapeutically beneficial.
4. Ensure that the sample-collection process supports effective abstinence monitoring practices, including random, unannounced selection of clients for sample collection and the use of witnessed/direct observation sample-collection procedures.
5. Confirm all positive screening results using alternative testing methods unless the participant acknowledges use.
6. Determining the creatinine concentrations of all urine samples and sanction for creatinine levels that indicate tampering.
7. Eliminate the use of urine levels for the interpretation of client substance-use behavior. A drug test is either positive (drug presence is as or above the cutoff concentration) or negative (none detected; drug level is below the cutoff concentration).
8. Establish drug-testing results interpretation guidelines that have a sound scientific foundation and that meet a strong evidentiary standard.
9. In response to drug-testing result interpretation guidelines that have a sound scientific foundation and that meet a strong evidentiary standard.
10. Understand that drug detection represents only a single supervision strategy in an overall abstinence monitoring program.

COLLECTION PROCEDURES

Contracted collectors will be required to follow the procedures below for collection, control and testing of participant urine specimens, which ensures the confidentiality and reliability of all test results:

General Procedures:

1. Collectors shall be the same gender as the participant submitting the specimen.
2. There shall be no physical contact between the collector and participant during specimen collection.
3. Specimen collection shall be in a secure location which provides privacy from other participants, uninvolved staff and sanitary conditions.
4. Collectors will collect urine specimens as directed by the treatment court coordinator/administrator.
5. No participant shall participate in the collection of another participant's urine specimen or have access to collected urine specimens or drug testing equipment and supplies.

Pre-collection:

1. The participants' identity should be confirmed with a valid photo ID.
2. The participant will sign a label and the chain of custody form if the specimen is being submitted to a lab.
3. The participant will be limited to no more than 24 ounces of water within one hour of collection.
4. All staff handling urine specimens will wear protective gloves.
5. Participants will either wash their hands or wear protective gloves prior to and during specimen procurement in order to prevent contamination of urine specimens.
6. Participants will remove clothing from the groin and buttocks areas to ensure devices are not present, which would allow alteration of the urine sample.
7. Any item or substance that could be used to dilute, substitute or adulterate shall be immediately reported to the court.
 - a. Such items may include, but are not limited to the following:
 - (1) containers or vials of liquid or urine that could be utilized to substitute or dilute a participant's urine;
 - (2) devices used to supply substances in lieu of the participant providing a fresh specimen;
 - (3) any contraband such as salt, bleach, iodine, Visine, soap or other substances that could be used to adulterate urine, and
 - (4) any other contraband identified during the collection process.
 - b. A notice of these prohibited items should be included in the participant manual.
 - c. All confiscation of such items should be documented in a report to the court program, along with a photo of the item. If unable to confiscate the item, do not apprehend or attempt to use force. Describe the item in detail in a report to the court.

Collection Process:

1. All collections will be directly observed (witnessed full-frontal).
2. Participants are allowed a maximum of one hour to produce a sample. Those who refuse or fail to produce a urine specimen of at least 30cc (1 oz. or half a bottle) within one hour will be considered a refusal and no further subsequent attempts to collect the sample shall be conducted.
3. Urine should be collected in the standard individual container provided by a laboratory.
 - a. Disposable collection cups may be used to collect urine specimens and then poured into the bottle.

ATTACHMENT 1, continued

COLLECTION PROCEDURES

Post-Collection Process:

1. The sample should be tested for creatinine and temperature (reject if not 90° - 100° F). Other tests may include specific gravity, pH, color and odor to detect possible 'flushing' patterns.
2. The participant will place the cap on the bottle, secure it and rinse the bottle before giving it to the collector.
 - a. The collector will ensure the cap is secured.
 - b. All urine collected for drug testing which is not submitted to the laboratory or used for on-site testing will be disposed of in a toilet and the toilet shall be flushed.
 - c. Urine which is spilled shall be cleaned up promptly with a 10 percent liquid bleach solution or any environmental protection agency approved hospital disinfectant which destroys bacteria.
 - d. The specimen container will be disposed of in a dedicated trash container to which participants do not have access.
3. For specimens submitted to a lab:
 - a. The label will be placed on the container in the presence of the participant.
 - b. The collector should ensure the evidence tape is placed over the container lid immediately following specimen collection.
 - c. The collector must complete the lab form and initiate and sign the chain of evidence section on the day collected.
 - d. Specimens shall be placed in a refrigeration unit within 24 hours in a secured area until transported to a laboratory for analysis.
 - e. The collector will make arrangements for the transportation of all urine specimens sent to a laboratory.
4. When the specimens are forwarded via the U.S. Postal Service or United Parcel Service, the individual relinquishing the specimens will sign the chain of evidence section in the "To" section indicating "USPS" or "UPS."
5. For on-site tests:
 - a. A chain of custody form may be used.
 - b. Confirmation tests should be performed if an on-site test result is questionable or a participant contests the results.

Non-Commissioned Collector Background Checks and Family Care Safety Registry

The following are the procedures individuals must complete in order to be considered for a contract for collector services with OSCA and the court.

Any non-commissioned individual who collects specimens for testing **must** have completed **Criminal BackgroundChecks** as follows:

1. The Missouri Automated Criminal History System (MACHS) Fingerprint Search Portal allows any member of the public to schedule an appointment to be fingerprinted through Cogent, the state fingerprint services offeror, for a fingerprint-based criminal background check. Cogent will utilize electronic image capturing (also known as livescan) to capture an applicant's fingerprints electronically and transmit them to the MSHP for processing. Cogent does not receive or have access to criminal history records.
2. Print the Missouri State Highway Patrol Applicant Fingerprint Services of Missouri form below, form SHP-984 regarding fingerprinting and following the directions it contains. When completing the online information and when asked for a Registration Number, input 7236. This code **MUST** be used, or your background check will be sent to another agency and you will have to pay for your fingerprinting again!
3. Many questions regarding the fingerprinting process can be answered using the following website <https://www.machs.mo.gov/MACHSFP/faqMain.html>
4. A copy of the NONCRIMINAL JUSTICE APPLICANT'S PRIVACY RIGHTS is included below for your information as well.

ATTACHMENT 2, continued

NONCRIMINAL JUSTICE APPLICANT'S PRIVACY RIGHTS

As an applicant who is the subject of a national fingerprint-based criminal history record check for a non-criminal justice purpose (such as an application for a job or license, an immigration or naturalization matter, security clearance, or adoption), you have certain rights, which are discussed below.

- You must be provided written notification (includes electronic notification, but excludes verbal notification) that your fingerprints will be used to check the criminal history records of the FBI.
- If you have a criminal history record, the officials making a determination of your suitability for the job, license, or other benefits must provide you the opportunity to complete or challenge the accuracy of the information in the record.
- The officials must advise you that the procedures for obtaining a change, correction, or updating of your criminal history record are set forth at Title 28, Code of Federal Regulations (CFR), section 16.34.
- If you have a criminal history record, you should be afforded a reasonable amount of time to correct or complete the record (or decline to do so) before the officials deny you the job, license, or other benefit based on information in the criminal history record.

You have the right to expect that officials receiving the results of the criminal history record check will use it only for authorized purposes and will not retain or disseminate it in violation of federal statute, regulation or executive order, or rule, procedure, or standard established by the National Crime Prevention and Privacy Compact Council.

If agency policy permits, the officials may provide you with a copy of your FBI criminal history record for review and possible challenge. If agency policy does not permit it to provide you a copy of the record, you may obtain a copy of the record by submitting fingerprints and a fee to the FBI. Information regarding this process may be obtained at <http://www.fbi.gov/about-us/cjis/background-checks>.

If you decide to challenge the accuracy or completeness of your FBI criminal history record, you should send your challenge to the agency that contributed the questioned information to the FBI. Alternatively, you may send your challenge directly to the FBI. The FBI will then forward your challenge to the agency that contributed the questioned information and request the agency to verify or correct the challenged entry. Upon receipt of an official communication from that agency, the FBI will make any necessary changes/corrections to your record in accordance with the information supplied by that agency. (See 28 CFR 16.30 through 16.34).

Family Care Safety Registry (FCSR)

Non-commissioned collectors must register with the Family Care Safety Registry and provide results of the background screening to OSCA. Contract renewals will not be processed without the FCSR documentation. The contractor's personal information must be entered into the various fields on the registration form (Name, DOB, SSN, etc.). FCSR screenings contain Missouri data only.

How to Register

A person may register two ways:

1. **Online Registration with the FCSR** is quick and easy. All an individual need is Internet access, their Social Security number and email address, and a valid credit or debit card for payment of the fee. Fees and online registration for the Family Care Safety Registry can be found at:

<http://health.mo.gov/safety/fcsr/index.php>

2. Mail a **Worker Registration Form**, a photocopy of the Social Security card, and a check or money order for the registration fee to the Missouri Department of Health and Senior Services, Fee Receipts Unit, P.O. Box 570, Jefferson City, MO, 65102. Mailed forms are processed in the order received. Registration forms can also be mailed using a fillable pdf version of the form, which can be found at:

<http://health.mo.gov/safety/fcsr/pdf/WorkerRegistration.pdf>

The registration form must be signed by the contractor in blue or black ink. The completed registration form, along with a photocopy of the contractor's Social Security card and payment, should be mailed to:

Missouri Department of Health and Senior Services
Family Care Safety Registry
P.O. Box 570
Jefferson City, MO 65102 – 0570

Requesting Background Information for Registered Individual

The FCSR maintains a toll-free call center to request background screenings for employment purposes. Registered collectors should contact the FCSR toll free at **1-866-422-6872** (8:00 a.m. - 3:00 p.m., M-F). The registered collector should request to be sent background screening results to an email address the collector provides. The results should be received by the collector in a few minutes and not more than 24 hours. These results should be sent to OSCA with the Exhibit A included herein. **Contract renewals will not be processed without this documentation.**

Registrant Responsibilities

It is the responsibility of the registrant to contact the FCSR with any name or address changes.
